PRESENTED TO

**City of Raymore
Missouri**

For the Fiscal Year Beginning

November 01, 2025

Christopher P. Morrell

Executive Director

This page intentionally left blank.

CITY OF RAYMORE

Residents gather at T.B. Hanna Station for the unveiling of Veteran Honor Bricks.

HISTORY

The Raymore Township was one of the last areas settled in Cass County due to the scarcity of large creeks, rivers and timbered areas. Prior to the Civil War, the township possessed only three inhabitants and it was not until after the war that the settlement grew rapidly. The rich prairie soil was used for farms and ranches, some of which still exist today.

Raymore was initially platted in 1874, incorporated on March 20, 1877, and became a Fourth Class city on March 5, 1988. The community was named after its founding fathers, George Rea and Henry Moore. Rea and Moore were instrumental in building the Kansas

City, Clinton and Springfield Railroad, which later brought the railroad through Raymore in 1885. For almost 50 years, the Raymore Depot and local hotel hosted eight daily trains and their passengers and crew in transit from Kansas City to Springfield.

Located in northwestern Cass County along Interstate 49, Raymore's recent history is dominated by rapid growth. Population estimates recently released by the US Census show that Raymore continues to be the fastest growing city in the state. Raymore consistently places among the top communities for new residential construction in the Kansas City Metropolitan area.

GENERAL

The City is a constitutional charter city and political subdivision, duly created and existing under the laws of the State of Missouri. Additional information regarding the City, its history, socio-economic structure, commercial and residential growth may be obtained by contacting City Hall or visiting the City's website.

Raymore is almost 20 square miles in area and is located approximately 23 miles south of Downtown Kansas City in the west central part of the state. The present estimated population of the City is 26,633.

Government

A council/manager form of government leads the City of Raymore. The City adopted its Charter in November 1997. The City Council consists of eight members, with two members elected from each of the four wards. The Council Members serve two-year, staggered terms. The Mayor is elected at-large, serves a three-year term and presides over meetings of the City Council.

The City Manager is appointed by the Mayor, with the advice and consent of the City Council and serves as the chief administrative officer of the City. Council Members set the policy for the City and the City Manager is responsible for administering this policy in the day-to-day activities of City operations.

Department heads for municipal operations report to the City Manager.

The City Council establishes utility and tax rates, and authorizes all municipal indebtedness and tax rates to support the adopted budget. The City's fiscal year ends on Oct. 31.

City staff consists of approximately 119 full- and part-time employees. The City participates in the Missouri Local Government Employees Retirement System (LAGERS), administered by a seven-member, independent board of trustees pursuant to Missouri statutes. The plan is a defined benefit plan that provides for normal, early and disability retirement benefits to participants meeting certain eligibility requirements. The plan covers substantially all full-time employees of the City.

Municipal Services and Utilities

The City owns and operates its own water and sewer systems. Evergy provides a majority of the electrical service and Spire provides a majority of the natural gas service. The City provides its citizens with services such as street maintenance and construction, police protection, code enforcement, engineering and planning, building inspections and parks and recreation programs.

COMMUNITY

Police Protection

The City of Raymore Police Department provides public service to the community 24 hours a day, year-round. These functions are performed through two divisions: the Operations Division and the Support Services Division. These are further subdivided into the Patrol Unit, Investigations Unit, Communications Unit (emergency dispatch), Animal Control services, Property and Evidence and Records.

Fire Protection

The South Metro Fire District provides fire suppression and advanced life support emergency medical response for 52 square miles in Cass County, including the cities of Raymore and Lake Winnebago, and unincorporated parts of the county.

EDUCATION

The public school population for the City of Raymore is adjoined with the City of Peculiar to create the Raymore-Peculiar School District, which covers approximately 94 square miles of the Cass County area.

The City's residents have access to more than 22 colleges and universities, nine community colleges and numerous religious, technical and business schools.

- 46.9% of Raymore residents over the age of 25 have earned at least one college degree.
- 36.2% of Raymore residents have a bachelor's degree or higher. The national average is 35.7%.
- 95.4% of Raymore residents over the age of 25 are high school (or equivalent) graduates. The national average is 89.6%.

Education Attainment of Raymore Residents Age 25 & Over

Public Schools

The Raymore-Peculiar School District consists of 10 schools and an early learning center, which had 6,326 students enrolled for the 2024-2025 school year. The district is accredited with distinction in performance by the Missouri Dept. of Elementary & Secondary Education and has regularly received regional and statewide recognition as a world class system for public education.

The district includes:

- Raymore-Peculiar High School (grades 9-12)
- Raymore-Peculiar East Middle School (6-8)
- Raymore-Peculiar South Middle School (6-8)
- Bridle Ridge Elementary (K-5)
- Eagle Glen Elementary (K-5)
- Creekmoor Elementary (K-5)
- Peculiar Elementary (K-5)
- Stonegate Elementary (K-5)
- Raymore Elementary (K-5)
- Timbercreek Elementary (K-5)
- Shull Early Learning (Pre-K)

PARKS & RECREATION

The City of Raymore provides numerous venues for sporting and recreation activities. The City's incorporated boundary includes 10 parks with various amenities. Events throughout the year include: Touch-a-Truck, Easter Festival, Mini Mud Run, Movies in the Park, Fishing Derby, Spirit of America Celebration, Veterans Celebration and the Mayor's Tree Lighting and Raymore Christmas Tree Trail, as well as sporting leagues and instructional programs.

The Raymore Parks & Recreation Board oversees recreation programming. The Board was established under City Code Chapter 120 and Chapter 90 of the Revised Statutes of the State of Missouri as an administrative board.

The mission of the Raymore Parks & Recreation Board is to be fiscally responsible in maintaining and expanding land, facilities and programs. The Board also strives to provide diverse recreational programs and a range of parks and green spaces accessible to all residents. The Board, in conjunction with the City Council, oversees the Parks & Recreation Department, which manages the day-to-day operations.

Memorial Park - 400 Park Lane

Memorial Park is located off Olive Street behind Raymore Elementary School. The park area is 20+ acres and has a pleasant mix of passive and active space. The park hosts several of Raymore's special events and festivals.

Park amenities include:

- Arboretum with walking trail
- One large shelter house with stage
- One small shelter house
- Two tennis courts
- One concession stand with attached restrooms
- Four ball fields, shared with Raymore Elementary
- Two sand volleyball courts
- One basketball court
- Playground equipment

Hawk Ridge Park - 701 Johnston Parkway

Hawk Ridge Park is a nationally award winning park. The 79-acre park offers the fully accessible Hawk's Nest Inclusive Playground, Johnston Lake (daily creel limits for fishing are four channel catfish, two bass, 20 blue gill, 30 crappie) and accessible amenities including an amphitheater, ADA fishing dock, bridge and jetty, shelter house with four ADA family restrooms and two picnic areas featuring picnic tables, a grill and fireplace, a paved walking trail

around the lake that offers access points to each of the park's amenities; expanded parking at a south lot and additions ADA restrooms at the south entrance.

Ward Park - Sierra Drive at Ward Park Place

Located on 3.88 acres on the western end of Sierra Drive in Ward Park Place Subdivision, Ward Park features playground equipment, a pergola, picnic table, grill and a paved walking trail.

Good Parkway Linear Park

Located in a greenway between the Wood Creek and Stonegate subdivisions, Good Parkway is a functional drainage way. A recreational trail runs through the park.

Eagle Glen Linear Park - Eagle Glen Subdivision

Located in a greenway within the Eagle Glen subdivision, Eagle Glen Linear Park is a functional drainage way. The park features a recreational trail and playground equipment.

Eagle Park

Located in an easement in the parking lot of a retail shopping area along Highway 58, the park was once the home of the Mayor's Tree Lighting. Residents donated funds to purchase and install a 70-foot flagpole, lighting and memorial.

T.B. Hanna Station - 214 S Washington St.

This park sits in the center of Raymore's Original Town neighborhood and includes the Variety KC Inclusive Sprayground and Inclusive Playground. Along with year-round restrooms, The Depot shelter and seasonal ice rink, this park is a regional destination. T.B. Hanna Station was awarded a national American Public Works Association (APWA) award for its universal design in 2022.

Recreation Park – 1011 S. Madison St.

Located on the southern end of town on 80 acres, Recreation Park is the largest of Raymore's parks. It is also the most active park with approximately 80% of its space dedicated to active programmable use.

Park amenities include:

- Raymore Activity Center (listed on the next page)
- Six-field baseball / softball complex
- Soccer fields
- Football field
- Two concession stands
- Four lighted tennis courts
- One lighted basketball court
- Three pickleball courts
- Two playground areas
- Two shelter houses: Optimists Shelter and Moon Valley Shelter
- Fishing pond
- Skate park
- Exercise trail (approximately 1.5 miles)
- Disc golf course

Moon Valley Park – 500 Chestnut Cir

Moon Valley Park features green space, a playground, shelter house and restroom on 18 acres.

Centerview – 227 Municipal Circle

Whether planning a meeting for a few or organizing a conference for 300, the unique style of Centerview makes it the perfect place to host a casual or formal event. A catering kitchen and serving area provide ample space to serve guests and offer dramatic views of the grove and outdoor patio area. Centerview's Harrelson Hall can hold 240 seated or more than 300 in a lecture-style arrangement. The room can be divided into two smaller rooms for a more intimate feel. The Gilmore Room can hold 16 in a seated classroom style or accommodate any preparation that maybe needed for the main hall during an event.

Raymore Activity Center – 1011 S. Madison

This 32,000 square-foot gymnasium and multi-purpose activity center is home to Raymore Parks & Recreation's various athletic leagues and summer camp day program. The facility can also be rented for larger events, parties and sports activities. The Raymore Activity Center celebrated an expansion in summer of 2024.

FINANCIAL POLICIES

ACCOUNTING AND AUDITING OVERVIEW

The City of Raymore currently produces financial information that is in conformity with generally accepted accounting principles, inclusive of GASB's 34 requirements. The financial information structure of the City is organized on the basis of funds and account groups within each fund, with each fund considered a separate accounting entity. The activities and operations of each fund are accounted for separately, with a set of self-balancing accounts that make up the funds assets, liabilities, fund equity, revenues and expenditures or expenses as appropriate.

The City's financial information is audited annually by a firm of independent certified public accountants, in accordance with generally accepted governmental auditing standards.

The following is an overview and summary of the policies and practices used to develop the annual budget. To view the full text of each policy, visit www.Raymore.com/FinancialPolicies

OPERATING RESERVES

Resolution 25-38

The City of Raymore believes that in order to provide security for any foreseeable contingency, a restriction of 17.5% of the proposed fund expenditures

should be held in reserve for application to next years fund balance.

Resolution 25-38, adopted Aug. 25, 2025, states "It shall, in the budget annually adopted by the City Council, be the policy of the Council to hold an amount equivalent to seventeen and a half percent of the departmental operating expenditures in the General Fund, Public Safety Sales Tax Fund, Park Fund and Enterprise Fund in reserve, in order to be prepared for emergencies that may occur."

INVESTMENT POLICY

It is the policy of the City of Raymore to invest public funds in a manner which will provide a reasonable investment return with the maximum security while meeting the daily cash flow demands of the City and conforming to all state and local statutes governing the investment of public funds.

Except for cash in certain restricted and special funds, the City of Raymore will consolidate cash balances from all funds to maximize investment earnings. Investment income will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles.

Investment through external programs, facilities and professionals operating in a manner consistent with this policy will constitute compliance with this policy.

CAPITALIZATION POLICY

Resolution 03-23

To establish for the City of Raymore a policy for capitalization for real property, infrastructure, equipment, works of art and historical treasures, intangible assets, donated assets and leased property.

Historically, City of Raymore has complied with the financial reporting requirements of the Government Accounting Standards Boards (GASB.) City assets for the Proprietary Funds have been recorded and depreciated. Governmental fund assets will be recorded in the General Fixed Asset Account Group (GFAAG) at original or historical cost and adjusted each year for new assets purchased and assets replaced due to obsolescence, damage, theft or loss.

The GASB issued Statement No. 34, effective June 30, 2003, requires City infrastructure, works of art, historical treasures, intangible assets and depreciation to be recorded for all funds in the government-wide financial statements.

This policy addressed the elements of financial reporting introduced by GASB Statement No. 34 and ensures that capital asset transactions are accounted for consistently and in accordance with generally accepted accounting principles.

PURCHASING POLICY

City Code Chapter 135

Section 135.010: General Provisions - This Chapter provides guidelines to be followed in purchasing goods and services for the City. These policies and procedures supersede all prior purchasing directives, memoranda, and practices. The City Manager shall be responsible for enforcing this policy.

General Objectives

The primary objectives, in priority order, of investment activities shall be safety, liquidity, and yield.

DEBT POLICY

The ability of the City to incur debt is limited by Article VI of the Constitution of the State of Missouri. Section 26(a) of the Article provides that a city may not become indebted in an amount exceeding in any year, the income and revenue provided for such year plus any unencumbered balances from previous years, except as set forth in Section 23(a) and Sections 26(b-e). Section 27 of the Article provides that a city may issue revenue bonds for the purpose of paying all or part of the cost of purchasing, constructing, extending or improving municipal utilities.

The City of Raymore is authorized under the aforementioned Articles, to issue General Obligation Bonds, Revenue Bonds, Special Revenue Bonds and Certificates of Participation. When determining the type of bond to issue, the following factors are considered:

- The direct and indirect beneficiaries of the project to be financed. The larger proportion of citizens should benefit from projects financed with General Obligation Bonds.
- The lifetime of the benefits generated by the project.
- The revenues that may be raised by alternative types of user charges.
- The cost-effectiveness of user charges.
- The effect of the proposed bond issue on the City's ability to finance future project of equal or higher priority.
- The true interest and net interest cost of each type of bond.
- The impact on the City's financial condition and credit ratings.

BASIS OF PRESENTATION

The accounts of the City are organized on the basis of funds and groups of accounts, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts which comprise its assets, liabilities, equities, revenues and expenditures. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the City.

FUND STRUCTURE

Governmental Fund Types:

General Fund

The general fund is the general operating fund of the City. GAAP prescribe that the general fund be used "to account for all financial resources except those required to be accounted for in another fund." That is, it is presumed that all of a government's activities are reported in the general fund unless there is a compelling reason to report an activity in some other fund type.

Internal Service Funds

Governments often wish to centralize certain services and then allocate the cost of those services within the government. Internal service funds are generally used for central garage and motor pools, duplicating and printing services, information systems, purchasing, and central stores. The goal of an internal service fund is to measure the full cost of providing goods and services provided and recouping that cost through fees or charges.

Capital Project Funds

Capital Project Funds are used to report major capital acquisition and construction separately from their ongoing operating activities. Separate reporting enhances an understanding of the government's capital activities, and it helps to avoid the distortions in financial resources trend information that can arise when capital and operating activities are mixed.

Special Revenue Funds

Special revenue funds most often have certain revenue sources set aside for a specific purpose. GAAP provide that special revenue funds be used "to account for the proceeds of specific revenue

sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes." Parties outside the government as well as the governing body itself can impose these legal restrictions.

Debt Service Funds

Resources set aside to meet current and future debt service requirements on general long-term debt are recorded in a Debt Service Fund. GAAP permit the use of debt service funds "to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest."

Fiduciary Funds

Fiduciary Funds are used "to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the government's own programs." Fiduciary funds include pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, and agency funds. The distinction between trust funds and agency funds is that trust funds normally are subject to a trust agreement that affects the degree of management involvement and the length of time that the resources are held.

Proprietary Fund Types:

Enterprise Funds

An enterprise fund may be used to report any activity for which a fee is charged to external users for goods or services. GAAP also require the use of an enterprise fund for any activity whose principal revenue sources meet any of the following criteria: 1) debt backed solely by fees and charges; 2) legal requirement to recover cost; or 3) policy decision to recover cost.

BASIS OF ACCOUNTING

All governmental fund types use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or seen enough thereafter to be used to pay liabilities of the current period.

FUND STRUCTURE

BASIS OF ACCOUNTING AND BUDGETING

Restricted Revenues					

* These funds are not included in the FY 2027 Budget due to their intended purposes.

Indicates a major fund

Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due. Those revenues susceptible to accrual are sales taxes, property taxes, franchise taxes.

Proprietary fund types utilize the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

equal total obligations. The City Charter prohibits a budget which projects spending in excess of available resources. The City's budget is prepared on the modified accrual basis (which is the same accounting basis used for all governmental funds) and assumes that prior year's ending cash balances can be utilized to balance the budget.

The Proprietary fund types utilize the accrual basis of budgeting.

BASIS OF BUDGETING

The final budget adopted by the City Council must be a balanced budget, where total resources

DISCUSSION OF BUDGET PROCESS

RSMo. Chapter 67 requires the City to prepare a balanced budget and provide specific budgetary information within the budget document. The City prepares the overall budget on a modified accrual basis, with departmental budgets prepared on a zero-based, maintenance and expansion basis. This same modified accrual basis is used in preparation and reporting of the City's audited financial statements. All unexpended budget appropriations expire at the end of the fiscal year. Primary budgetary control focuses at the department level with transfers between programs within a department allowed upon the authorization of the City Manager.

Upon receipt of the departmental budget request, the following events occur:

- All departmental budget requests for the coming year are submitted to the Finance Department, which consolidates and compares the current year requests to prior year actual and current year budgets.
- **Budget Division Hearings** - Meetings are held with the department directors and City Manager prior to submission of the recommended budget to the Mayor and City Council.
- **City Council Work Session(s)** - The City Council reviews the proposed budget and expansion requests in one or more work sessions prior to

the public hearing.

- **Public Hearing** - A public hearing is held prior to the budget's approval and adoption. The City Council votes on possible changes to the City Manager's recommended budget and the final budget is proposed for adoption.
- **Budget Adoption** - Budget approval and adoption takes place at the second regular council meeting in October preceding the new fiscal year. The ordinance to adopt the proposed budget is read and acted on at the City Council meeting preceding the start of the fiscal year.

LONG-TERM FINANCIAL PLANNING

A long-term financial plan (LTFP) provides guidance for where the City wants to go financially and how it plans to get there. The LTFP combines financial forecasting with financial strategies, allowing City officials and management to evaluate the long-term sustainability of the annual budget. The LTFP has a multi-year horizon; with two years shown in the annual budget on most funds and five years shown on the capital funds. Internally, management looks at ten to twenty years.

The LTFP is reviewed annually and updated each year using the most recent information available. Revenues are forecast using historical trend analysis

that is appropriately adjusted based on known business openings/closings and any additional known facts. Expenditures are forecast using projected inflation as well as any known future impacts. Debt is reviewed annually both internally and with the assistance of a Financial Advisor to maintain the most appropriate debt portfolio and debt margin.

The long-term financial plan can be broken into four major phases:

1. **Mobilization:** resources to undertake planning, preliminary financial analysis, definition of the underlying purpose of the planning process, the City's service level preferences, financial policies and the scope of the planning effort.
2. **Analysis:** focuses on the City's financial position, making long-term projections and the analyzing the City's probable future financial position.
3. **Decision:** strategies, plans and adjustments are created and agreed upon.
4. **Execution:** strategies become operational through the budget, financial performance measures and action plans.

To read more of the City's LTFP, visit our website at www.Raymore.com/FinancialPolicies

BUDGET ADMINISTRATION

Personnel Services

Expenditure control in the area of personnel services is provided through position control rosters. There are no new positions created without the approval of the City Manager, Mayor and the City Council. This category consists of all wages, salaries, associated taxes and benefits.

Commodities

The Commodities category consists of non-capitalized and consumable items such as fuel and lubricants used for motorized equipment and vehicles, communication equipment (mobile phones), computer

equipment, tools and equipment, office supplies and furniture and other non-contractual items.

Maintenance & Repairs

Buildings, grounds, plant and equipment maintenance and vehicle maintenance are included in this category, which encompasses the maintenance and repair expenses incurred in the routine operation of the department.

Utilities

Utility expenditures are those incurred for gas, electric, phone, water and sewer. These are recorded in the Building and Grounds department by building. Individual departmental budgets do not include any utility amounts.

Contractual Services

Contractual Services are professional fees such as legal fees, advertising, auditing, testing, education, training, travel expenses and service and equipment rentals.

Capital Outlay

Capital Outlay are expenditures that exceed \$5,000 incurred through the acquisition or enhancement of fixed assets, to the extent the expenditure exceeds \$5,000 and has useful life or can be expected to extend the life three years or more. These include building improvements, capital lease payments and vehicles.

Debt Service

Debt Service consists of the principal, interest and fiscal agent expenditures relating to General Obligation and Revenue bonds.

Inter-fund Transfers/Miscellaneous

Inter-fund Transfers are used to provide resources on a program basis while still maintaining fiscal integrity by fund source and type. Miscellaneous items include bad debt, depreciation expense, amortization and losses incurred on sale of assets or bond refunding.

Capital Expenditures

Capital Expenditures are monies expended for the acquisition, improvement or replacement of capital assets. No capital expenditures shall be made unless:

- The Capital Expenditure was specifically budgeted for in the adopted annual budget, or
- The Finance Director determines that there are funds available within the department's budget, and the City Manager approves the purchase in writing, or
- The City Council may authorize unbudgeted expenditures in excess of \$10,000 when the re-appropriation of funds does not diminish the overall goal and objectives of the department's program for which these funds are taken.

The request for such approval shall be included and highlighted on the Council's Regular Agenda, and support material shall be provided that explains the purpose of the change and its impact on budget priorities.

CONTROL OF BUDGET AMENDMENTS

Reporting

The Finance Department provides monthly reports of budget position on a timely basis to each Department Director, the City Manager, Mayor and City Council.

Expenditure Projection and Analysis

The Finance Department analyzes the expenditures of each department on a monthly basis and informs each Department Director whose expenditures appear to be exceeding the adopted budget. By the end of the seventh month of each budget year, the Finance Department notifies all Department Directors whose budgets are likely to be exceeded and also notifies the City Manager, Mayor and City Council. Within two weeks of notification, each Department Director will inform the Finance Director and City Manager of the actions that will be taken to avoid exceeding the departmental budget.

Transfers

Departmental transfers not changing fund balances may be made as follows:

- Department Directors may transfer within the department's budget up to \$500 with a written request approved by the Finance Director.
- Department Directors may transfer within the department's budget \$500 to \$10,000 with written approval from the City Manager and the

Finance Director.

- Transfers over \$10,000 within or between departments require City Council Approval.

Budget Amendments

If during the budget year the Finance Department determines that a department's expenditures will exceed the approved departmental budget without exceeding the fund budget, the Finance Director shall, with the approval of the City Manager, prepare an adjustment to the budget.

If any department's or fund's expenditures are expected to exceed the approved fund budget, a Budget Amendment shall be prepared for submission to the Mayor and City Council.

In the event of a public emergency, the City Manager may authorize expenditures by a department or fund which is exceeding budget.

Summary

The Director of each department is responsible and accountable for the expenditures of his/her department. The Finance Director will, through timely reports and analysis, keep Department Directors and elected officials informed of any potential budgetary issues. A department shall not exceed its approved budget without authorization from the City Manager and/or Mayor and Council.

Amendments, which change the total budgeted appropriations for any fund, must be made through adoption of a budget amendment ordinance.

CITY OF
RAYMORE
MISSOURI

100 Municipal Circle • Raymore, Mo.
816-331-0488 • www.raymore.com

August 17, 2026

**The Honorable Kristofer P. Turnbow and
Members of the Raymore City Council**

Dear Mayor Turnbow and Members of Council:

The Proposed Operating Budget for the Fiscal Year 2026-2027 is hereby submitted for your consideration. This budget is the product of a comprehensive team effort from every level of the municipal organization, ultimately benefiting the entire city of Raymore and its citizens.

The Proposed Operating Budget serves as the strategic outline for how limited resources will be allocated across funds and, ultimately, across departments to achieve Council and citizen goals. Additionally, it outlines how the City will deliver essential services and address needs that have been realized and that may manifest themselves during the fiscal year. It also reflects the direction that the Council wishes to see the City to be moving toward in the future.

Budget Process

The budget for the Fiscal Year 2026-2027 is the result of a detailed and thoughtful consideration on the part of the City Manager, Management Team and staff over the past several months, taking into account the public service needs of our community, the City Comprehensive and Strategic Plans and the goals and objectives expressed by the Mayor and Council and citizens.

Budget development is not a quick or easy process due to the decisions that are encompassed in the proposed document and the far-reaching and comprehensive outcomes being sought against the always present backdrop of uncertainty that comes with a rapidly growing city and the ever-shifting fiscal challenges from the state capitol. **Determination of the annual budget is the most important single endeavor of the City Council as it impacts the lives of every citizen of Raymore and each member of staff and guides our future strategic planning.** Due to its

comprehensive nature it must entail the range of services offered and prioritize the allocation of government resources to meet the needs and desires of our citizens. Core and essential services always receive the highest priority in committing funds, yet all budgeting decisions are challenging due to the City's limited resources. Therefore, a great deal of time is spent in reviewing both operating and capital plans to assure that resources are having the greatest service impact for our citizens. All components of the annual budget were analyzed and prepared by Department Directors and subsequently reviewed and deliberated by the City Manager during department budget meetings and after.

Staff has worked diligently to draft a proposed budget that meets the goals expressed by the City Council, the needs identified by the Comprehensive Plan and the required demands in serving the citizens of Raymore. The proposed budget provides a guideline of targeted government services achieved through constant communication and understanding of those goals and needs to save taxpayer money. By addressing our long-term financial challenges now, we avoid using existing fund balance on ongoing operations, and instead are able to preserve our reserves for critical long-term infrastructure and City facility needs. City policy wisely requires that each of the City's operating funds carry a restriction on total fund balance of 17.5% of the proposed fund operating expenditures. The budget is in compliance with the City Charter requirement that total proposed expenditures not exceed estimated revenues plus any unencumbered cash reserves estimated to be on hand at the beginning of the ensuing fiscal year.

This budget has been prepared using the modified zero-based budget, target-based budgeting approach. This combined method requires each department to prepare a line-item budget request as if it were being done for the first time with the understanding that available resources should be dedicated to targeted service areas to address the strategic plan and other plan needs described above. While taking historical context into account, requests were reviewed in line item detail to ensure that they did not include incremental additions to the prior year's budget numbers. Detail sheets were developed for each appropriate line item to allow for this review and to better serve as a management and planning tool during the implementation of the budget. Budget development was also approached from a maintenance and expansion request perspective. The maintenance requests represent ongoing provision of targeted services, as determined in consultation between Department Heads and the City Manager when budgets are presented for review. Expansion requests represent an increase in service level or provision of a new service or program, or a significant capital equipment outlay.

Economic Condition and Outlook

Fiscal Year 2027 will be marked by slowing large development proposals, but stable infill development in existing subdivisions and commercial and industrial

areas. While there are significant approved projects in all three areas, developers are currently exhibiting very cautious attitudes due to the uncertainty of influencing factors. The unknowns that directly impact them include continuing tariffs on construction materials and equipment, interest-significant inflationary impacts and labor force and technology challenges. Home builders and developers alike, as discussed last year and the year before, continue to focus on attainable housing and affordable commercial space and industrial floor space.

A second uncertain area impacting City budget considerations is the potential threat to the historically stable revenue source of real estate property taxes. The current statute that is in place with the passage of Missouri Senate Bill 3 (SB3) during special session would allow all residential properties a credit to reflect payment at 2024 level. Unless ruled unconstitutional, this will have real and material impacts on budgets of the General Fund, Park Fund, and Debt Service fund beginning in FY2027. Because there is no resolution to the matter, this budget has been constructed assuming that SB3 tax credits will be in place for payments due on December 31, 2026. This budget and subsequent recommendations have been constructed with a conservative approach assuming the reduction in revenue associated with those credits applied.

During FY 2027, staff conservatively projects that there will be approximately 173 single family units and 16 multi-family starts with no new commercial building permits issued.

Many factors provide for continued stable growth in revenues, including:

- remaining conservatively constant in budgeted housing permits versus what we have been historically realizing;
- conservatively budgeting an increase in sales tax revenue over FY 2026 budget – primarily associated with the additional sales taxes associated with only new businesses realized in the current fiscal year;
- the Hancock Amendment's artificial cap placed on realization of housing growth assessed valuation revenues being slightly offset by Chapter 100 PILOT payments on our industrial and multi-family projects.
- assuming and budgeting for the full impact of SB3.

Proposed Budget - Fiscal Year 2026-2027

Summaries of revenues and expenditures are included for all City funds and expenditure information is provided for each department or significant division where they exist within a particular fund. Financial information provided on the summary pages includes:

- actual revenues and expenditures for FY 2024 and FY 2025
- FY 2026 adopted budget
- amended budgets to date during FY 2026

- projected revenues and expenditures for FY 2026
- FY 2027 department requested and City Manager proposed budget for Council consideration assuming SB3.

Budget detail was prepared by program for each department and division, which allows cost of service information to be represented and analyzed by service area.

Immediately following this message is an executive summary that provides comparison detail and further summary information about the proposed FY 2027 budget, as well as a presentation of the proposed budget by service area.

Acknowledgments

My sincere thanks go to all the department heads and division managers who worked hard to prepare this budget. It is a long, time consuming process and they all use it to focus on excellence in service delivery to our citizens. A very special thank you to Finance Director Ms. Elisa Williams, who has played a major role both in producing this document and providing insight and advice to me. Thanks also to Mr. Ryan Murdock for his invaluable assistance and advice in putting this document before you, to Mr. David Gress for his background information and advice, and to Ms. Melissa Harmer for being our wordsmith, graphic designer and narrative proofreader. I am deeply grateful to all for their time and work.

Respectfully Submitted,

A handwritten signature in blue ink that reads "Jim Feuerborn". The signature is fluid and cursive, with the first name "Jim" and last name "Feuerborn" clearly distinguishable.

Jim Feuerborn, City Manager

CITY MANAGER'S PROPOSED FY 2027 BUDGET DETAILS

OPERATING & DEBT SERVICE FUNDS HIGHLIGHTS:

The primary non-capital funds for the City are the General Fund, Public Safety Sales Tax Fund, Park Fund, Enterprise Fund and Debt Service Fund. Some highlights of these follow.

GENERAL FUND

Beginning Balance

A surplus (revenues over expenditures during the fiscal year) of \$174,385 after transfers was projected at the end of FY 2025 when the FY 2026 Proposed Budget was submitted last year. The FY 2025 General Fund actually ended up having a surplus after transfers of \$525,291. This difference can be attributed to revenues coming in \$24,931 higher than projected, expenses coming in \$325,975 lower than expected and transfers out being exactly as projected. The higher than projected surplus along with a higher actual FY 2025 beginning balance led to an increase of \$336,905 in actual beginning balance for FY 2026, for a total actual beginning balance of \$5,452,921. This beginning balance represented an increase in actual General Fund beginning balance from the budgeted FY 2026 beginning balance of 6.59%.

FY 2026 revenues are projected to come in \$546,517 higher (3.76%) than the FY 2026 budget number. While

most revenues are in line with budget expectations, there are items of note:

- Property Taxes are projected to come in slightly less than what was budgeted as the full impact of the Senior Tax Credit is realized.
- Franchise Taxes are projected to come in \$116,015 lower (4.30%) than budgeted. This is primarily due to collections from Evergy being significantly lower than budgeted. We are currently working with Evergy to conduct an audit of our account to look further into this as there was actually an increase in their billing during this period.
- Sales Taxes are projected to be \$84,754 higher (1.63%) than budgeted. This increase over budget is due to modest increases in all three of the contributors to this revenue category, including general sales, gasoline sales and state vehicle sales taxes.
- The Fees and Permits revenue line item is projected to come in higher than budgeted by \$498,752 (84.78%). This increase is due to the conservative nature of City budgeting in assuming new building that isn't realized. While all categories were near or above budget, Residential Building Permits, Commercial Building Permits and Right of Way Fees were the primary contributors to the increase in projected revenue over budget.
- Court Fines are projected to be up from budget by \$17,858 (5.95%) and \$48,077 above actually

received in FY 2025.

- Miscellaneous revenue is projected to be lower than expected by \$20,998 (2.04%). While nearly all revenue categories are projected to be higher in this category, the lower overall projection is the uncertainty as to whether the City will be receiving any Emergency Management Grant Funding (\$30,000 budgeted) either now or at any point in the future.
- Total Expenditures for FY 2026 are projected to be \$449,271 below the expenditure budget. Normal expenditures prior to year end amendments at all department levels were down from budget with the exception of Streets, which prior to amendments is projected to be over budget by \$128.
- The projected total gross fund balance projected at the end of FY 2026 is \$4,561,064. This amount is \$1,332,693 higher than expected. This is due to a combination of the following factors:
- FY 2026 higher than budgeted projected actual beginning fund balance of \$336,905;
- FY 2026 projected revenues being higher than budgeted by \$546,517;
- FY 2026 projected expenditures being lower than budgeted by \$449,271

FY 2027 Revenues

Staff projects total FY 2027 revenues budgeted to come in \$277,433 (1.91%) higher than the FY 2026 budget amount.

Some highlights of projected/budget FY 2027 revenues in the General Fund are as follows:

- **Property Tax:** Property tax and PILOT receipts in FY 2027 are budgeted to decrease \$120,510 (5.66%) from the FY 2026 budgeted amount. This decrease from the previous year can be attributed to two things:
 - The uncertainty of not knowing the result of the SB3 property tax credit;
 - The artificial cap placed on the real estate levy due to the Hancock Amendment.
- **Franchise Taxes:** Franchise tax receipts for FY 2027 are budgeted to come in \$137,236 (5.08%) lower than the FY 2026 budgeted amount. The addition of 189 new residences in FY 2027 is assumed in this budgeted amount. The budgeted amount adjusts the Every Franchise amount to reflect the decreased

amount projected to be received in FY 2026. Cable will continue to be reduced by 5% per year per State Statute.

- **Sales Tax:** The Sales tax receipts in FY 2027 are budgeted to be \$222,711 (4.28%) higher than the FY 2026 budgeted amount. There is no budgeted revenue for FY 2027 associated with any projected retail sales outlet that has not broken ground or submitted plans as of this writing. The projected increase represents historic growth trends in regular sales tax and the gasoline tax.

Fees and Permits: In FY 2027, staff is budgeting permit revenue assuming 173 single family units and 16 multi-family starts. Receipts for FY 2027 are budgeted to increase from the FY 2026 budgeted amount by \$195,624 (33.25%). A significant percentage of this increase is represented in Right-of-Way fees in this category and is associated with the increase to \$1.00 per linear foot for cable and fiber optic installation.

- **Municipal Court:** FY 2027 Municipal Court revenues are budgeted to increase by \$18,490 (6.01%) over the FY 2026 budgeted amount as the Court sees increased enforcement violations in both police and code enforcement.
- **Miscellaneous:** FY 2027 Miscellaneous revenues are budgeted to increase only slightly representing a slight increase in dispatch fees, a large increase in SRO fees due to the second position authorized in the contract and a large decrease in the budgeted amount due to the uncertainty over the continuation of the Emergency Management Grant.
- **Transfer from Transportation Fund:** Some proceeds from the half-cent Transportation Sales Tax are transferred each year to the General Fund and are used for transportation-related infrastructure maintenance expenditures. A transfer of \$320,000 is again budgeted in FY 2027.
- **Transfer from Stormwater Sales Tax Fund:** The City has a Parks/Stormwater Sales Tax in the amount of one-half cent. 40% of the receipts from this tax is allocated to Parks & Recreation; 40% is allocated to the Stormwater Sales Tax Fund; and 20% is allocated to each of these funds in amounts determined by the City Council each year. A portion of the amount that is placed into the Stormwater Fund is then transferred to the General Fund to offset those costs that are incurred in this area out of the Engineering Department of the General Fund. For FY 2027, this amount is recommended to be \$337,848.
- **Transfer from Enterprise Fund:** Transfers are made from the Enterprise Fund to compensate the General Fund for administrative work serving the Enterprise Fund functions such as utility billing and administrative salaries. For FY 2027, it is budgeted

to transfer \$1,578,582. A complete explanation of the methodology used to compute the amount for this transfer is presented in the Transfers from Enterprise Fund to Other Funds chapter in the Enterprise Fund budget.

- **Capital Project Administration / Inspection Transfer:** The City makes a transfer from the Capital Budgets to compensate the General Fund for staff time administering and inspecting capital projects. The percentage for this within any applicable project is 6%. For FY 2027, the budget contains a transfer of \$325,313. Only those capital projects that actually require significant administration and inspection staff time are included in this transfer and are analyzed in detail prior to the revenue being budgeted.

COMPENSATION/BENEFITS/STAFFING

Compensation

The FY 2027 proposed budget as presented includes "stepping" all employees through the chart and an improvement to the entire salary chart of 1.0%. This results in an approximately 3.5% salary increase for all of our employees at this time. This is a necessary step to recruit excellence and retain the outstanding employees we have. Each year it is important to continue to invest in the chart to keep up with both inflation and other entities to remain an employer of choice in accordance with our Comprehensive Plan.

Health Insurance

Health insurance benefits costs are budgeted **at this time** to increase by 10% for medical, 10% for dental and 10% for vision care overall. The medical amount is our current best estimate but final rates have yet to be negotiated. The increase does not include any plan changes.

LAGERS

The LAGERS (Local Agency Government Retirement System) contributions beginning on November 1, 2026 for FY 2027 will be 15.6% for the General Employee Group and 18.2% for the Police Employee Group. The elements of the City of Raymore retirement plan are as follows:

Program - L6 (2% multiplier)
 Final Average Salary - 36 months (as opposed to 60 months)
 No rule of 80
 Non-Contributory (City makes the entire contribution as opposed to the employee contributing 2%, 4% or 6% of the amount)

Staffing

The FY 2027 proposed budget in the General Fund includes no staff additions or deletions. It does include one promotion and one range adjustment.

Recruitment and Retention Bonus

The Fiscal Year 2027 budget continues the recruitment and retention bonus established in FY 2023. The recruitment bonus is \$2,500 at six months and an additional \$2,500 at the one year anniversary. The retention bonus is \$5,000 on each 5-year anniversary of employment.

DEPARTMENTAL NOTES

Departmental items of particular note are as follows:

Streets: The FY 2027 budget is proposed to increase from the FY 2026 budget by \$139,147. This increase includes costs associated with new additional rental equipment, specialized rentals, a new CDL training program, a new sign plotter and new snow plow traffic software.

Stormwater: The FY 2027 budget for this department is proposed to increase from the FY 2026 budget by \$109,796. This increase includes additional budgeted expenses for culvert cleaning and emergency pipe repairs.

Transfers from General Fund to Park Fund: This budget includes a transfer from the General Fund to the Park Fund to support those operations of \$100,000.

Transfers from General Fund to the Restricted Revenue Fund: This budget includes a transfer from the General Fund to the Restricted Revenue Fund to support the Council-approved hiring and retention bonus program in the amount of \$145,000.

Expansion Items Included in City Manager's

General Fund Proposed Budget:

FreshDesk Software - IT	\$2,024
CivicRec Software - IT (Parks and Recreation)	\$30,211
Promotion-Sr. Eng. Tech. to Asst. Public Works Director	\$13,825
Sign Plotter - Streets	\$13,200
Fleetpaths Program	\$13,278
CDL Training Program	\$16,500
Improve Accounting Asst. Position to Range I	\$7,665

Expansion Items Not Included in City Manager's General Fund Proposed Budget:

Increase Deputy City Clerk to Full Time - Adm	\$56,651
Retail Academy Program - ED	\$30,000
New Ford F-150 - Eng	\$19,300
Increase Court Clerk to Full Time - Court	\$56,806

FY 2027 Projected Ending Fund Balance - Operations:

After all the foregoing it is projected that the General Fund ending gross fund balance for FY 2027 will be a total of \$4,394,722. After reserving an amount equivalent to 17.5% of operating expenditures (\$2,581,377), as per the City policy, a net unrestricted (available) fund balance of \$1,813,346 is projected at the end of FY 2027.

PUBLIC SAFETY SALES TAX FUND

Overview

The Public Safety Sales Tax Fund (15) was established to independently and transparently track revenues and expenditures associated with the passage in April 2025, of a one-quarter cent sales tax to be used solely to staff and fully equip eight new officers for the Raymore Police Department.

Funds from the collection of the tax are placed entirely into this fund and no other fund. All funds collected are spent solely on expenses associated with this fund and cannot be transferred to any other fund. Expenses are solely related to new officers for the police department.

In the future as funds allow, those funds are to be used solely for additional new officers for the Raymore Police Department.

Beginning Balance

An initial first year beginning balance in this fund was estimated and budgeted at the beginning of Fiscal Year 2026 to be \$83,033. In fact, that amount carrying forward from Fiscal Year 2025 was \$73,575.

Fiscal Year 2026 revenues from the collection of the quarter-cent sales tax, which is currently the sole generated revenue into the fund, were budgeted at \$1,026,289. Staff projects revenue into the fund from this source to be \$955,923.

Interest earned is currently estimated to generate \$1,367 more than was budgeted.

Fiscal Year 2026 total expenditures from this fund were budgeted to be \$816,185. Currently staff projects total expenditures to be \$211,256 (25.88%) less than budgeted.

Staff had conservatively budgeted expenditures high to include shortest hiring times, minimal POST training number of officers that would then come onto full payroll, maximum training costs, full staffing and maximum staffing costs with full benefits. Current staffing is one detective and five officers, with two vacancies still to be filled.

The projected total gross fund balance projected at the end of FY 2026 is \$429,257. This amount is \$132,799 higher than budgeted. This is due to a combination of the following factors:

- FY 2026 lower than budgeted projected actual beginning fund balance by \$9,458;
- FY 2026 projected revenues being lower than budgeted by \$70,366;
- FY 2026 projected expenditures being lower than budgeted by \$211,256.

Fiscal Year 2027 Revenues

Fiscal Year 2027 revenues from the collection of the quarter-cent sales tax are budgeted at \$1,085,291. This amount is based on a conservative sales tax growth over FY 2026 projections of 2.5%

Interest earned is currently budgeted at \$5,016.

Fiscal Year 2027 Expenditures

Fiscal Year 2027 total expenditures from this fund are currently budgeted at \$897,810. This budget conservatively plans for full staffing, full benefits,

normal equipment replacement cost, training and vehicle leasing amounts.

FY 2027 Projected Ending Fund Balance:

After all the foregoing, it is projected that the Public Safety Sales Tax Fund ending gross fund balance for FY 2027 will be a total of \$621,753. After reserving an amount equivalent to 17.5% of operating expenditures (\$157,117), as per the City's revised policy, a net unrestricted (available) fund balance of \$464,637 is projected at the end of FY 2027.

While this amount would normally be available for one-time expenditures to support only this fund, staff would recommend that these funds not be committed to anything at this time. The fund is still new and there is still some degree of uncertainty as to revenue collection and actual costs of fully staffing and upfitting. However, if the fund continues to show recurring fund balance after two years, staff will be recommending that additional officers be hired per the dialogue and purpose of the revenue generated.

PARK FUND

The Parks and Recreation Board submitted a balanced operating budget as expenditures do not exceed revenues projected for the year and available fund balance to start the year, which, as every year, the City Manager forwards to the Council unchanged.

Revenues

The primary revenue sources for the Park Fund are as follows:

Park Levy: The Park Levy for the next year is \$0.0996 per \$100 of assessed valuation. Of every dollar of property tax paid by Raymore residents and businesses within the city, 8.39 cents goes for funding of the City's Parks & Recreation program. It is currently projected that this levy will generate \$534,784 in FY 2027. This amount is being conservatively estimated by staff assuming that the SB3 tax credit will be in place. This revenue is approximately 23.78% of the total operating revenue to include transfers from other funds.

Program Revenue: Operating revenues derived from resident participation in programs, in rentals of facilities offered by the Department and associated concessions are conservatively budgeted to account

for approximately 39.54% of all revenue into the Park and Recreation Fund. In FY 2027, a total of \$889,250 is budgeted.

Park Sales Tax Fund Transfer: In addition to the Park Levy, proceeds from part of the City's 2.5-cent sales tax go to the Parks Sales Tax Fund. An amount necessary to help balance the Parks & Recreation budget is then transferred to the Park Fund. The department is not able to fund its operations entirely from the Property Tax Levy and Program Revenue. In FY 2027, it is budgeted to transfer \$725,000 from the Park Sales Tax Fund to the Park Fund.

Transfer from General Fund – General Assistance: As noted above in the discussion of Transfers from the

General Fund, it is budgeted in FY 2027 to transfer to the Park Fund an amount of \$100,000.

Revenue Breakdown Percentages for Parks and Recreation - Operating Fund:		
Levy:	\$ 534,784	23.78%
Program:	\$ 889,250	39.54%
Transfers:	\$ 825,000	36.68%
Total:	\$2,249,034	100.00%

Parks and Recreation Expenditures are budgeted to increase from the FY 2026 budget amount by \$99,264. This increase is primarily associated with personnel cost increases, program expansion expenses and recommended expansion item expenses. It should be noted that Recreation personnel costs are again being distributed to the RAC and to Centerview as appropriate.

ENTERPRISE FUND (Water, Sewer and Solid Waste)

General

The Enterprise Fund is strictly operated on a **Cost of Service** basis. Each year the water and sewer rate model is used and refined to assure that customers are charged only what it costs to provide the service and allow for required restricted fund balance and a small available balance for unforeseen emergencies.

Revenues

The Enterprise Fund is funded mainly by water and sewer sales and fees charged for solid waste collection. FY 2027 revenues are projected to come in higher than FY 2026 budgeted revenues primarily due to the number of customers purchasing water and using sewer. The model is refined to accurately reflect revenues in each division (water and sewer) to only

cover expenses associated with providing this utility and provide a fiscally prudent but minimal available fund balance after the 17.5% restricted amount.

FY 2027 water and sewer use charges reflect water rates increasing from FY 2026 from \$6.88 to \$6.94 and sewer rates increasing from \$9.42 to \$9.76 for an overall increase in the blended rate to \$16.70 per 1,000 gallons.

Expenditures

Water: The cost to purchase water from Kansas City Water Services (KCWS) is included in this budget. The budgeted amount for this purchase in FY 2027 is \$3,387,311. This amount is higher than the FY 2026

budget and projected amounts reflect an increase in consumption associated with the increase in customers in the city and an increase in KCMO Water Rates of 5.2%. This rate increase from KCMO comes immediately on the heels of a 6% increase last year.

Sewer: The cost of treatment of sewer by the Little Blue Valley Sewer District is included in this budget. The budgeted amount for this service in FY 2027 is \$1,874,399.

The cost of treatment of sewer by the Middle Big Creek Sewer is included in this budget. The budgeted amount for this service in FY 2027 is \$1,387,320. The per-connection charge for Middle Big Creek will be increased from \$49 per connection to \$55 per connection.

Solid Waste: Revenues and expenditures for the solid waste, recycling and yard waste pickup service are shown in the Enterprise Fund. Total fees to customers match contractual obligations and total \$2,346,312 for FY 2027.

Transfers Out:

The Enterprise Fund makes an annual payment to the General Fund for services provided by General Fund operations for the benefit of the Utility. The payment is made according to a formula for the calculation of the cost of services provided, as outlined in the *Transfers from Enterprise Fund to Other Funds* chapter in the Enterprise Fund. The calculated transfer amount for FY 2027 is \$1,578,582.

The Enterprise Capital Maintenance Fund receives a transfer from the Enterprise Fund to reserve funds to pay for major capital projects that are related to serving existing ratepayers (as opposed to projects related to growth and maintenance, which are funded from the Water Connection Fee Fund or the Sewer Connection Fee Fund). In FY 2027, the amount for this transfer is recommended to be \$1,000,000. This amount prudently reflects both increased existing infrastructure with growth and aging infrastructure in place.

Expansion Items Included in City Manager's Enterprise Fund Proposed Budget:

Ford F-150	\$19,300
SwiftComply Program	\$14,000
Trenching Safety Equipment	\$9,000

Expansion Items Not Included in City Manager's Enterprise Fund Proposed Budget:

None

DEBT SERVICE FUND

The Debt Service Fund accounts for debt service on all debt issuances the City has made for capital improvements that are still outstanding.

At this writing prior to the close of FY 2027, the total debt service payment (including regular payments and defeasance) from the debt service fund that is known and scheduled is \$5,379,606.

At the end of FY 2026, the City will have a total outstanding debt required to be paid out of this fund of \$28,135,000. The General Margin of eligible debt stands at \$59,329,347 against outstanding general debt of \$12,804,889. The Specific Margin eligible debt stands at the same \$59,329,347 against outstanding specific debt of \$15,330,111. Therefore, the City currently has a general debt capacity of \$46,524,458 and specific debt capacity of \$43,999,236.

In addition to the five debt obligations required to be paid out of the debt service fund, there are Special Obligation bonds paid out of the Capital Improvement Fund that total additional debt and interest payments of \$8,721,462.50 that don't apply against the Margins.

INTERNAL SERVICES FUNDS

The Vehicle and Equipment Replacement Fund (VERP) is a sinking fund for the replacement of existing equipment. In 2020, the cars and pickups up to 550s transitioned from being purchased through the VERP method to being leased through Enterprise Leasing. Larger vehicles and specialized rolling stock continue to be purchased using the VERP method. In FY 2027, the VERP fund is proposed to be used to make the purchase of the one aerator and one Kubota mower and a payment to the General Fund to make the Enterprise payment for the Animal Control truck.

The Restricted Revenue Fund (04) is used to account for and restrict funds that the City receives or that the Council allocates for a specific operating purpose, but which might not be spent in that budget year. The funds are deposited directly into the fund using a dedicated revenue account for each source, and expended or

transferred from that specific account. Expenses this year include Police Department training, transfer into the Transportation Fund, OATS bus expenses and the Employee Incentive Program.

CAPITAL BUDGET

The FY 2027 Capital Budget and 2027–2031 Capital Improvements Program (CIP) are included in a separate document. The first year of the 5-year CIP is incorporated into the annual budget as the Capital Budget. A separate transmittal letter is submitted summarizing the FY 2027 Capital Budget and 5-year CIP.

Real Estate Property Tax

General Ledger Codes: 01-00-4010-0000	Legal Authority: Municipal Charter: Article XI; Section 11.8 State Statute: Chapter 67.110 & 140 RSMo Missouri State Constitution: Article X
---	--

Revenue Description

Real Property Tax- Assessed property values are determined by taking the market value of the property, as determined by the county assessor, and multiplying by the assessment ratio. Assessment ratios are commercial at 32%, residential at 19%, and agricultural at 12%. Tax is paid on each \$100 of assessed value.

Property tax rates are set by local governments through a vote of the people and within the limits set by the Missouri Constitution and statutes. They are based on the revenues permitted for the prior year with an allowance for growth based on the rate of inflation and new development. Cass County collects and distributes the property taxes for the City of Raymore.

In July 2023, Senate Bill 190 was passed allowing for Property Tax Freeze for senior homeowners. This went into affect in Cass County in FY2026. The total amount for the City of Raymore was a reduction of \$139,670.58 in collection.

The FY27 City General Operating levy is 0.3702; the Debt Service levy is 0.7170 and the Parks levy is 0.0996 with real estate assessed valuation at \$498,614,505 compared to \$480,112,226 last year. The collection rate is estimated at 99%.

Personal Property Tax

General Ledger Codes:

01-00-4020-0000

Legal Authority:

Municipal Charter: Article XI; Section 11.8

State Statute: Chapter 67.110 & 140 RSMo

Missouri State Constitution: Article X

Revenue Description

Personal Property Tax - assessed valuation is equal to 33% of market value set by the State Tax Commission. Tax is paid on each \$100 of assessed value.

Property tax rates are set by local governments through a vote of the people within the limits set by the Missouri Constitution and statutes. They are based on the revenues permitted for the prior year with an allowance for growth based on the rate of inflation and new development. Tax amounts are determined using market value of the property, as determined using a formula from the State Tax Commission and applied by the County Assessor, multiplied by the assessment ratio. Cass County collects and distributes the property taxes for the City of Raymore.

The FY27 City General Operating levy is 0.3702; the Debt Service levy is 0.7170 and the Parks levy is 0.0996 with personal property assessed valuation at \$94,678,967 compared to \$82,731,994 last year. The collection rate is estimated at 99%.

Land-Line Telecom Franchise Tax

General Ledger Codes:

01-00-4060-0000

Legal Authority:

Municipal Charter: Article XII
Municipal Code: Section 640.010
Municipal Code: Section 640.030
State Statute: 67.2675-2714
Missouri State Constitution: Article X

Revenue Description

Each company or corporation engaged in the business of supplying public, non-municipal telephone services to the citizens pays an annual franchise tax of seven percent (7%) of the gross receipts collected from the sale of public utility services within the City limits.

Land-line and wireless telecommunications are split into separate accounts for budget reporting purposes.

Staff is projecting FY26 based on YTD revenue through May and average two years revenue for June through October. Staff is conservatively estimating FY27 revenues using of FY26 projections. The revenue in this line item is expected to continue to decline over the years as customers discontinue land line service.

Evergy Franchise Tax

General Ledger Codes:

01-00-4065-0000

Legal Authority:

Municipal Charter: Article XII
Municipal Code: Section 640.010
State Statute: 393.297
Missouri State Constitution: Article X

Revenue Description

Evergy Electric (formerly KCP&L) - Each company or corporation engaged in the business of supplying public, non-municipal electric services to the citizens pays an annual franchise tax of seven percent (7%) of the gross receipts collected from the sale of public utility services within the city limits. This revenue source is dependent on weather conditions resulting in variances that are sometimes material.

FY26 projected revenues are based on actual revenues through June plus the average of the prior two years July-October. Staff is conservatively estimating FY27 revenues using FY26 projections plus growth of 189 new homes.

Osage Valley Elec Franchise

General Ledger Codes:

01-00-4070-0000

Legal Authority:

Municipal Charter: Article XII

Municipal Code: Section 640.010

State Statute: 393.297

Missouri State Constitution: Article X

Revenue Description

Osage Valley Electric - Each company or corporation engaged in the business of supplying public, non-municipal electric services to the citizens pays an annual franchise tax of seven percent (7%) of the gross receipts collected from the sale of public utility services within the city limits. This revenue source is dependent on weather conditions resulting in variances that are sometimes material.

Osage Valley Electric serves the southern portions of the city limits bordering the county areas. Any land annexed further south will be served by this utility.

Because Osage Valley Electric revenues will only increase due to rate increases, annexation of additional property, and actual building taking place on same, FY26 projected is based on YTD revenue through May and average two years revenue for June through October. The proposed FY27 revenue is conservatively estimated based on FY26 projection.

Spire Franchise Tax

General Ledger Codes:

01-00-4075-0000

Legal Authority:

Municipal Charter: Article XII
Municipal Code: Section 640.010
State Statute: 393.297
Missouri State Constitution: Article X

Revenue Description

SPIRE- Each company or corporation engaged in the business of supplying public, non-municipal natural gas services to the citizens pays an annual franchise tax of seven percent (7%) of the gross receipts collected from the sale of public utility services within the city limits. This revenue source is dependent on weather conditions resulting in variances that are sometimes material.

During FY22, there was a significant rate increase for all Spire customers which resulted in a large increase in the amount of Franchise revenue to the City.

FY26 revenue is projected using YTD receipts through June and the prior two year average for June through October. The proposed FY27 revenue is conservatively estimated based on FY26.

Internet Cable / Video Franchise Tax

General Ledger Codes:

01-00-4080-0000

Legal Authority:

Municipal Charter: Article XII
Municipal Code: Section 640.010
State Statute: 67.2689
Missouri State Constitution: Article X

Revenue Description

Internet Cable / Video - Each company or corporation engaged in the business of supplying public, non-municipal cable services to the citizens pays an annual franchise tax of five percent (5%) of the gross receipts collected from the sale of this public utility service within the city limits. Starting in August of 2023, Missouri Senate Bill 163 will begin to reduce the amount of franchise tax from 5% to 4.5% and will continue to reduce by .5% each August until it reaches 3.5% in 2027.

FY26 revenues are projected using current receipts and historical trends. FY27 revenues are estimated based on FY26 projection.

Wireless Telecom Franchise Tax

General Ledger Codes:

01-00-4090-0000

Legal Authority:

Municipal Charter: Article XII
Municipal Code: Section 640.010
Municipal Code: Section 640.030
State Statute: 67.2675-2714
Missouri State Constitution: Article X

Revenue Description

Miscellaneous - This revenue source reports franchise receipts from cellular telecommunications companies. Companies pay an annual franchise tax of seven percent (7%) of gross receipts collected.

In the recent past the spikes in revenue seen below can be attributed to various one-time settlements with the different wireless carriers. FY11 marked the end of the large settlements.

This revenue source has experienced decline over the past few years, due to the way the industry is offering coverage. This tax is only applicable to the cellular service and not the data service. Staff is projecting FY26 revenues based on current receipts and the percentage trend being observed. FY27 revenues are estimated at 4% less than the projection based on the average annual reduction.

City Sales Tax

General Ledger Codes:

01-00-4100-0000

Legal Authority:

Municipal Code: Sections 145.010
State Statute: 94.500-94.550 RSMo
Missouri State Constitution: Article X
Missouri State Constitution: Article XIV

Revenue Description

City Sales Tax – All cities except those located in St. Louis County are authorized to collect a general revenue sales tax. City voters approved a general sales tax of one percent (1%) on receipts from the sale at retail of tangible personal property or taxable services.

In 2012 the Missouri Supreme Court invalidated out-of-state sales tax collection on motor vehicles for any jurisdiction that had not adopted a use tax. Raymore does not currently have a use tax. In 2013 a statute was enacted that restored this source as a sales tax, at least temporarily. Cities were given until the deadline date of November, 2016 to put before the voters a measure to permanently adopt this sales tax. In 2016 the legislation was passed to extend this deadline to 2018. In August of 2016 Raymore voters allowed this sales tax to remain in place.

The FY26 projected revenues are based on current receipts through May and the average receipts collected in the prior two years for June through October. The FY27 revenue is conservatively based on FY26 projections, and a 2.5% increase based on historical trends.

Gasoline Tax

General Ledger Codes: 01-00-4135-0000	Legal Authority: Missouri State Constitution: Article IV; Section 30b
---	---

Revenue Description

Gasoline Tax - All municipalities over 100 population share in 15 percent of the state highway fund, which includes revenues from the motor fuel tax. The state vehicle fuel tax (gasoline tax) is the local share of the state tax on motor vehicle fuel sold. Distribution is based on the population of the City as of the 2020 census count.

Starting January 2023 the City recognized a significant increase in revenues received due to the adjustment associated with the 2020 census count.

The FY26 projected revenues estimated revenues are projected using YTD receipts through May plus June through October average over the prior two years. FY27 is estimated using FY26 projections and a 4% increase.

State Vehicle Sales Tax

General Ledger Codes: 01-00-4140-0000	Legal Authority: Missouri State Constitution: Article IV; Section 30b
---	---

Revenue Description

State Vehicle Sales Tax - All municipalities over 100 population share in 15 percent of the state highway fund that includes revenues from motor fuel tax, license and registration fees and one-half of the regular state sales tax on automobiles. The vehicle sales tax is based and allocated to the city in which the vehicle is titled.

The FY26 projected revenues estimated revenues are projected using YTD receipts through May and two year historical trend for June through October. The FY27 revenue is conservatively estimated using FY26 projections.

Miscellaneous Permits

General Ledger Codes:

01-00-4155-0000

Legal Authority:

Municipal Charter: Section 12.3
Municipal Code: Section 500.080
Municipal Code: Section 215.030
Municipal Code: Section 610.010
State Statute: Chapter 89

Revenue Description

Miscellaneous Permits - Firework permits, solicitor permits and sign permits are recorded in this revenue account. Projections for future revenues are based on most recent historical activity.

FY26 projected revenues are based on YTD receipts through May and a three year average of receipts collected from June through October. FY27 revenues are estimates to remain the same as FY26 projections.

Residential Building Permits

General Ledger Codes: 01-00-4160-0000	Legal Authority: Municipal Code: Section 455 Municipal Code: Section 500-545 State Statute: Chapter 89
---	--

Revenue Description

Building Permits - A building permit must be obtained from the City before work is initiated on any construction job. Building valuation is calculated based on the Building Valuation Data from the April issue of Building Standards Magazine. Presently the fee is four dollars (\$4.00) per one thousand dollars (\$1,000) of building valuation. The residential building valuation to which the \$4.00 fee is applied is calculated on living area multiplied by the per square foot cost to build the individual structure.

Staff projects FY26 revenues based on current receipts through May. Revenues for FY27 are estimated based on 173 projected single family residential starts with an average permit fee of \$1,250 and 16 projected multi family starts with an average permit fee of \$875 as well as the average of FY24 and FY25 other residential building permits such as decks, electrical, hvac, plumbing, etc.

Commercial Building Permits & Plan Reviews

General Ledger Codes: 01-00-4161-0000	Legal Authority: Municipal Code: Section 455 Municipal Code: Section 500-545 State Statute: Chapter 89
---	--

Revenue Description

Building Permits - A building permit must be obtained from the City before work is initiated on any building construction job. Building valuation is calculated based on the Building Valuation Data from the April issue of Building Standards Magazine. Presently the fee is four dollars (\$4.00) per one thousand dollars (\$1,000) of building valuation. Building valuation for all building types, other than residential, is calculated on the gross floor area multiplied by the per square foot cost to build the structure.

FY26 revenues are based on current receipts. FY27 revenues are a conservative estimate.

Engineering Inspection Fee

General Ledger Codes:

01-00-4165-0000

Legal Authority:

Municipal Code: Section 455
Municipal Code: Section 500-545
State Statute: Chapter 89

Revenue Description

Inspection Fees - These fees are collected for City-provided inspection of all infrastructure installed on private development projects. The fee is 5% for inspection services and an additional 1% for administrative costs in plan review.

FY26 projections are based on current receipts through May as well as the projects anticipated by fiscal year end. FY27 is estimated based on two new subdivisions.

Land Disturbance Permits

General Ledger Codes:

01-00-4170-0000

Legal Authority:

Municipal Code: Section 455

Municipal Code: Section 500-545

State Statute: Chapter 89

Revenue Description

Grading Permit - The revenues recorded in this account are fees charged to cover Engineering's inspection of initial grading for new projects.

FY26 projections are based on current receipts. FY27 is based on no new subdivisions.

Right of Way Fees

General Ledger Codes:

01-00-4175-0000

Legal Authority:

Municipal Code: Section 455

Municipal Code: Section 500-545

State Statute: Chapter 89

Revenue Description

Right of Way Fees are collected as part of the Land Disturbance Ordinance. This Ordinance helps the City keep track of what entity is working within our right-of-way. The permit fee covers the administrative costs and degradation fees associated with any disturbed infrastructure. The Right-of-Way fee is recommended by the City Engineer, approved by the City Council, and listed in the Schedule of Fees maintained in the City Clerk's office.

FY26 projections are based on current receipts through May annualized for twelve months. FY27 is conservatively based on the actual as of May plus a google project planned for FY27.

Zoning Fees

General Ledger Codes:

01-00-4180-0000

Legal Authority:

Municipal Code: Section 455

Municipal Code: Section 500-545

State Statute: Chapter 89

Revenue Description

Zoning Fees - Filing fees are charged for rezoning, variance requests and subdivision and conditional use permit requests. The fees offset advertising and administrative expenses.

Revenue estimates for FY26 and FY27 are based on best information available to date for the number and type of requests being estimated for the fiscal period.

Structure Plan Review Fees

General Ledger Codes:

01-00-4182-0000

Legal Authority:

Municipal Code: Section 500.080
Municipal Code: Section 500-150
Municipal Code: 515.170
State Statute: Chapter 89

Revenue Description

Building Plan Review Fees - Plan review fees are set at a one-time eighty-four dollar (\$84.00) fee for each new residential, duplex, or four-plex building plan submitted. For all other buildings the fee is two dollars/one thousand dollars of building valuation (\$2.00/\$1,000) for the first one hundred thousand dollars and fifty cents/one thousand dollars of building valuation (\$.50/\$1,000) thereafter. Valuation is set by International Building Code specifications.

Revenues are based in part on historical trends and in part on estimated number of reviews projected for the fiscal year. FY26 revenue is based on receipts as of May and historical data. FY27 revenues are estimated based on historical data.

Code Enforcement Reimbursement

General Ledger Codes:

01-00-4184-0000

Legal Authority:

Municipal Code: Section 200
Municipal Code: Section 400
Municipal Code: Section 500
State Statute: Chapter 89

Revenue Description

Code Enforcement Reimbursement - The City is at times required to contract out code enforcement services for nuisance violations. The citizen is billed for actual reimbursement cost plus an administrative fee.

FY10 was the first year of recognition of this revenue stream by the City. FY26 projection is based on Nov-June actual plus the three year average of June-Oct. FY27 is estimated based on the average of FY24, FY25 & FY26 projection.

Municipal Court Fines

General Ledger Codes: 01-00-4250-0000	Legal Authority: Municipal Code: Chapter 130 State Statute: Chapter 479
---	--

Revenue Description

Municipal Court Fines - Municipalities derive revenue from the fines and forfeitures collected in municipal court.

The FY26 projected revenues are based on current receipts through June and estimating receipts for July through October based on the the YTD increase over FY25. FY27 is budgeted based on the FY26 projection.

DWI-Drug Offense Reimbursement

General Ledger Codes: 01-00-4252-0000	Legal Authority: Municipal Code: Section 130.290 State Statute: Chapters 479 & 483 & 590
---	---

Revenue Description

DWI-Drug Offense Reimbursement - In addition to fines, municipalities may impose a court fee of \$12-\$15 (488.013 RSMo.) and levy a fee to recoup the additional costs related to traffic violations involving alcohol and drugs.

The inconsistent nature of when this type of offense may occur makes it difficult to project. FY27 revenue is based on the average of the previous two years.

Inmate Prisoner Detainee Security Fund

General Ledger Codes:

01-00-4253-0000

Legal Authority:

Municipal Code: Section 130.290

State Statute: Chapters 488

Revenue Description

Police Training Fees - In addition to any fine that may be imposed by the Municipal Judge there are assessed fees, as costs in all cases, an Inmate Prisoner Detainee Security Fund of \$2.00. This assists in providing additional funds for reimbursement of costs associated with inmate incarceration.

This revenue source was enacted by ordinance by the City Council on May 13, 2013. FY27 revenue is based on the FY26 projection.

Animal Control Fine Revenue

General Ledger Codes:

01-00-4275-0000

Legal Authority:

Municipal Code: Chapter 205

State Statute: Chapter 82

Revenue Description

Animal Control Fine - This account collects fines imposed by the Municipal Court for violations of the City's animal control regulations.

FY26 revenues are projected based on YTD receipts through July. FY27 is estimated based on FY26 projection.

Animal Sheltering Services

General Ledger Codes:

01-00-4280-0000

Legal Authority:

Municipal Code: Chapter 205
State Statute: Chapter 82

Revenue Description

Animal Control Fine - This account collects revenue for sheltering services provided to the City of Peculiar.

This contract began on Marcy 1, 2020.

FY26 projection is based on no current contract with the City of Peculiar.

Dispatch Fees

General Ledger Codes: 01-00-4310-0000	Legal Authority: Municipal Code: 200 State Statute: Chapter 82
---	---

Revenue Description
Dispatch Fees - The City of Raymore Police Department provides dispatch service for the City of Peculiar, South Metro Fire Protection District and West Peculiar Fire District. The City of Peculiar is assessed a fee based on 5% of that City's assessed property values each year. South Metro Fire Protection District is assessed a fee based on the levy amount imposed by the fire district on all real and personal property within the district boundaries for the purpose of paying for a centralized dispatch center. Currently this levy is \$0.7091 per \$100 of assessed valuation in accordance with RSMo. 3210243(1). West Peculiar Fire District is assessed a fee based on 3% of the District's assessed property values each year. The City bills each jurisdiction annually. The South Metro Fire Protection District is allowed to submit communication equipment receipts up to 5% of the annual dispatch fee paid by the South Metro Fire Protection District. The FY26 projection is based on actual receipts. FY27 budget is base on Assessed Valuations provided by the Cass County Clerk.

Police Grants

General Ledger Codes:

01-00-4320-0000

Legal Authority:

State Statute: Chapter 82

Revenue Description

Police Grants - The Safety Traffic Enforcement Program (S.T.E.P.) Grant provides reimbursement of overtime wages for hazardous moving violation enforcement and DWI checkpoints through the Missouri Division of Highway Safety. The City receives reimbursement for one-half the cost of body armor ballistic vests. Funding is approved through the U.S. Department of Justice-Bulletproof Vest Partnership Program.

FY26 revenues are projected using current receipts and estimated additional claims on available grant funds. FY27 revenues are estimated based on the FY27 grant award.

Emergency Mgmt Grant

General Ledger Codes:

01-00-4325-0000

Legal Authority:

State Statute: Chapter 82

Revenue Description

Emergency Management Grant -The Emergency Management Performance Grant (EMPG) is a federal grant to each state. State agencies then disburse the funds to local jurisdictions. Recently, the grant amount has decreased resulting in local jurisdictions receiving less and less matching funds from the state. Currently, the EMPG grant can only be used for the salary and benefits for personnel, and even those funds do not cover the 50/50 split.

FY26 revenues are estimated based on grant application submitted in July 2025. At the time of this budget, staff believes that it is unlikely that we will receive this grant

Copies

General Ledger Codes:

01-00-4330-0000

Legal Authority:

State Statute: Chapter 82
"Sunshine Law" on public information

Revenue Description

Copies - Photocopies are provided to the citizens by request. Color map reproduction cost ranges from \$5.00 - \$25.00 depending on the size of the map. Standard black and white copies are \$.10 per copy. This revenue is unpredictable in nature. FY26 revenue is projected based on the two year average historical trend. FY27 revenue is estimated based on the FY26 projection.

Refunds & Reimbursements

General Ledger Codes: 01-00-4340-0000	Legal Authority: State Statute: Chapter 82
---	--

Revenue Description

Refunds & Reimbursements - Reimbursements/refunds to the City are recorded in this account. In the current fiscal year, the majority of the reimbursements are from state tax refunds for gasoline purchases. Historical revenues are not a reliable predictor of this account. Revenues are estimated conservatively and based on the five year historical trend.

Listed below are highlights of a few of the larger revenues receipted, projected and estimated:

	2023	2024	2025	2026	2027
City gas purchase state tax refund	16,160	5,833	6,098	6,168	6,100
Property tax liens (mowing)	6,004	5,399	5,399	2,547	3,000
Rebates	3,204	3,419	3,653	3,464	3,500

Interest Revenue

General Ledger Codes:

01-00-4350-0000

Legal Authority:

State Statute: Chapter 82

Revenue Description

Interest Revenue - This account is used to record revenues associated with the City's return on investments of idle funds. FY18 revenues were estimated based on the assumption of no change in interest rates or carrying balances of the FY18 investments, however, interest rates have risen throughout the year and continue to do so.

FY26 revenues are based YTD interest earned. FY27 is estimated based on FY26 projection and a flat 7% interest rate.

Miscellaneous Revenue

General Ledger Codes:

01-00-4370-0000

Legal Authority:

State Statute: Chapter 82

Revenue Description

Miscellaneous Revenue - Sale of real and personal property (auction of surplus property) and municipal court restitution are recorded in this account. This revenue source is unpredictable in nature.

FY26 revenues reflect the sale of multiple items on GovDeals, an auction website; Honeywell agreement use of our Police Firing Range and a refund from Midwest Public Risk. FY27 revenues are estimated based on historical trends as well as a new agreement with Honeywell for the use of our Police Firing Range.

Cell Tower Revenue

General Ledger Codes:
01-00-4410-0000

Legal Authority:
Municipal Ordinance: 28057 & 26066
State Statute: Chapter 82

Revenue Description

Cell Tower Revenue - The City had lease options with APT of Kansas City and Cricket Communications for the cellular companies to locate communication antennas on City water towers. Both of these options have been terminated.

FY18 revenues were estimated to decrease considerably due to the removal of the Elm Street water tower to be performed by an independent contractor in exchange of land rental for a mono-tower with a 6% cell phone revenue for all equipment placed on the tower. That contract was delayed getting the cellular service transferred properly. The water tower will be taken down during the summer of 2018.

FY26 revenues are estimated based on the contract with the mono-tower contract that began in FY20.

ADMINISTRATION

The Administration Department is the focal point of activities between the Mayor, City Council and City Departments. It provides administrative leadership for the organization and translates the policies and directives of the City Council into operating programs. The department directs the delivery of municipal services and provides leadership on City operations, community visioning and intergovernmental/regional cooperation.

PROGRAMS

City Council

The powers of the City, as provided by state law and the City Charter, are vested in the Mayor and City Council. The Council is composed of eight members, two each from the city's four wards, and the Mayor.

City Management/Administration

The City Manager is the chief administrative officer of the City and is responsible for the management of all personnel, the administration of all departments, provision of support and policy recommendations to the Council, development and implementation of the annual budget and capital program, enforcement of laws, and carrying out all Council policies and directives.

City Clerk

The City Clerk's office manages and retains all City records. This includes:

- Assisting citizens and the media in research of ordinances, contracts and other public information
- Coordinating the preparation of information required for City Council meetings
- Serving as a secretary to City Council during meetings
- Providing permanent record retention for all City Council, Board and Commission meetings
- Facilitating the application and selection process for appointments to volunteer boards and commissions
- Coordinating the election process
- Ensuring the City Code is updated and maintained
- Issuing occupational licenses, fireworks permits, low speed neighborhood vehicle registrations and liquor licenses

Legal Services

The City Attorney is a contracted position and serves as the chief legal advisor to the City and represents the City in all legal proceedings in some form.

GOALS

City Management/Administration

1. Provide leadership to the elected officials and professional staff on citywide issues (12.2)
2. Respond to Council and citizen requests for information (2.1)
3. Ensure that customer service provided by employees is prompt, courteous and professional and that all follow-up inquiries are dealt with in a timely manner (2.1)
4. Ensure that City services are provided at the highest level of quality within available funding (12.5)

City Clerk

1. Maintain compliance with governmental record management guidelines and best practice requirements in accordance with Chapter 109 of the Revised Statutes of the State of Missouri (12.2)
2. Maintain compliance with Chapter 610, Missouri Sunshine Law, of the Revised Statutes of the State of Missouri for providing transparency in government (12.2)
3. Maintain the City Code with Council approved legislation on a biannual basis (12.9)
4. Maintain compliance with City Code requirements for licensing and permitting (12.1)

Legal Services

1. Provide appropriate legal advice to the governing body and administration (12.5)

FY 2026 PERFORMANCE SUMMARY

1. The City Clerk continued educational opportunities through the Missouri City Clerk and Finance Officers Association, Missouri Municipal League and International Institute of Municipal Clerks

SIGNIFICANT BUDGETARY ISSUES

No significant budgetary issues

CITY COUNCIL AND MAYOR

Mission To serve as the governing body for the City of Raymore and provide leadership to City staff by establishing policies and ordinances in compliance with national, state and City Charter requirements.

Service Description The City Council is the policy-making body of the City of Raymore. Its members are responsible for developing a budget for the City and adopting legislation that has the force of law within the City limits, within the bounds of Missouri statutes.

Objectives		Goal Alignment

B	Number of liquor licenses issued	25	25	25
C	Neighborhood vehicle permits issued	151	200	250
D	Record requests fulfilled	238	225	225

ADMINISTRATION HUMAN RESOURCES DIVISION

The Human Resources Division collaborates with City departments to deliver programs, services and work environments that optimize the potential of the workforce. Staff are dedicated to maintaining a customer-centric approach while aligning with the organization's goals and objectives.

Operating under the Administration Department, Human Resources serves as an internal service provider for all departments and employees.

Human Resources oversees and manages a comprehensive range of personnel and employee services, including recruitment, performance management, employee relations, benefits programs, training and development, as well as safety and risk management initiatives.

GOALS

1. Maintain a high caliber City workforce and position Raymore as an employer of choice in the region (12.8)
2. Maintain an on-boarding process in which new employees gain the knowledge and skills needed to become effective members of our team (12)
3. Create a culture that places priority on employee engagement and retention (12.7)
4. Continuously review, update and administer the City's comprehensive compensation and benefit package to ensure we remain competitive in our offerings and costs (12.7)

5. Oversee and facilitate training and development for all personnel (12.7)

FY 2026 PERFORMANCE SUMMARY

1. Conducted a thorough and ongoing review of the Employee Handbook to ensure clarity, compliance, and relevance
2. Organized a successful Citywide training and employee appreciation day to foster engagement and professional development
3. Improved employee time-off policies to support greater flexibility and work-life integration
4. Human Resources Director served as President of the Missouri Public Risk Management Association (MOPRIMA)
5. Human Resources Director served as secretary on the National Public Sector Human Resources Association Executive Council (PSHRA)
6. Human Resources Director served on the Midwest Public Risk Board of Directors
7. The Human Resources Director chaired the Publications Committee for the National Public Sector Human Resources Association, leading content strategy and development
8. Implemented a more affordable benefits package, reducing overall costs while maintaining quality coverage
9. Enhanced recruitment efforts for the Police Department

SIGNIFICANT BUDGETARY ISSUES

No significant budgetary issues

HUMAN RESOURCES

Mission Human Resources supports the goals and challenges of the City of Raymore by providing services which promote a work environment that is characterized by fair treatment of staff, open communications, personal accountability, trust and mutual respect. We seek and provide solutions to workplace issues that support and optimize the values and operating principles of the organization.

Major Services: Human Resources oversees the hiring, employee training and development, employee relations, employee engagement and policy enforcement. Staff continuously reviews, updates and administers the City's compensation and benefits package to ensure the City remains competitive in our offerings and costs.

Objectives		Goal Alignment
A	Maintain a high quality City workforce	12.7
B	Position Raymore as an employer of choice	12.8
C	Create a culture that places priority on retaining employees	12.7
D	Create a safe working environment	12

INTEGRATED TECHNOLOGY SYSTEMS

The Integrated Technology Systems Department (ITS) has four programs: Systems Administration, Client Support, Capital Asset Replacement and Training. This department includes the IT Director, Systems Administrator and IT Specialist.

PROGRAMS

SYSTEMS ADMINISTRATION

Network Administration The City of Raymore's local area network is built on the core services of Windows Server 2016, 2019, and 2022. These servers provide services used by all PC users, such as file sharing, access to network printers and access to email and the Internet. Workstation operating systems include Windows 11 and macOS.

Applications Administration The department provides administration and end-user support for all applications running on the network platforms. The services ITS provides include all technical design, installation, configuration, vendor coordination, end-user training and support, application installation and upgrades, development of required interfaces and application troubleshooting. Related administrative duties include tracking software licensing, ensuring up-

to-date versions are installed, and managing related software contracts for maintenance and support.

Technology Planning/Internal Consulting ITS is responsible for coordination with each department to ensure that their needs are met. ITS works with departments to assess, define and identify needs. This includes research, development and implementation of solutions to meet those demands.

Telephone System Administration The department has the responsibility of supporting all facility telephones, voicemail, and mobile devices. These responsibilities include coordination of all telephone-related moves, additions and changes as well as monitoring and managing hardware located at City facilities.

CLIENT SUPPORT

Video Production Support ITS provides comprehensive video production support, including maintenance and technical assistance for computer, video and audio equipment. ITS diagnoses and repairs equipment issues, upgrades and replaces hardware as needed. ITS administers recording and livestreaming of government meetings to ensure public accessibility.

Network Support The department supports, configures

and maintains all network devices used by the City of Raymore.

Desktop Support Centralized and coordinated staff support for hardware, software or telephone systems is delivered via the ITS Department.

Capital Asset Replacement Replacement of computers is on a five-year cycle that provides each City employee with equipment that is based on current technology. The ITS Department, utilizing input from department managers, determines the computer style that best suits the department needs. Monitors and printers are replaced on an as-needed basis.

Technology Training The ITS Department provides employee training for network security, cloud applications, telephone equipment and various software programs.

GOALS

Systems Administration

1. Provide technology infrastructure, network connectivity, and technical support to City facilities and staff (2.1)(3.1)(6.3)(7.2)(12.4)
2. Maintain a high level of security, ensure equipment redundancy, and implement multi-layered backups for effective disaster recovery. (3.5)(12.4)
3. Ensure effective technical and fiscal management of department resources (12.5)
4. Deploy and support surveillance and security technologies across City facilities (3.1) (3.4)(12.4)
5. Provide technology services for public use in City facilities, including WiFi, electronic displays, and kiosks (11.1)(12.4)

Client Support

1. Deliver timely and effective service to customer requirements through communication, teamwork and a skilled staff (12.4)

Capital Asset Replacement

1. Continue the computer replacement program to ensure that the latest technology is implemented for City use (12.4)

Technology & Safety Security Training

1. Continue user education programs for security training, end-user software products and telecom systems (12.4)

2. Provide focused training for Google Workspace and cybersecurity (12.4)

FY 2026 PERFORMANCE SUMMARY

1. Replaced 20 workstations through the FY 2026 Computer Replacement Program
2. Provided cybersecurity training to all City employees
3. Implemented new advanced digital forensic software for the PD investigations unit
4. Made improvements to physical security infrastructure
5. Implemented a new security patch management solution
6. Implemented a new mobile device management solution
7. Improved Guest WiFi services
8. Improved network resiliency in case of primary circuit failure
9. Modernized core network infrastructure across City facilities
10. Modernized video presentation capabilities in the Council Chamber
11. Introduced entertainment and presentation capabilities within the Raymore Activity Center
12. Completed more than 1,400 internal help desk tickets

SIGNIFICANT BUDGETARY ISSUES

1. Software maintenance cost for FY 2027

INTEGRATED TECHNOLOG

Mission The mission of the Integrated Technology Systems department is to provide innovative, contemporary and accessible technology in computing, media and voice services to facilitate the City of Raymore's mission and vision.

Service Description Integrated Technology Systems is responsible for implementing and maintaining computer hardware, network systems, software and audio/video systems and providing client support.

Objectives		Goal Alignment
A	Provide technology infrastructure, network connectivity and technical support to City facilities and staff	2.1, 3.1, 6.3, 7.2, 12.4
B	Maintain equipment redundancy and multi-layered backups for disaster recovery	3.5, 12.4
C	Ensure effective fiscal management	12.5
D	Deliver timely and effective client support	12.4
E	Provide latest technology resources to City staff	12.4
F	Deploy and support surveillance and security technologies across city owned facilities	3.1, 3.4

A. Percent of urgent priority help desk tickets completed within 8 hours

FY 2025	FY 2026	FY 2027 Budget
100%	100%	100%

B. Percent of high priority help desk tickets completed within 16 hours

FY 2025	FY 2026	FY 2027 Budget
100%	98%	100%

C. Percent of medium priority help desk tickets completed within 24 hours

FY 2025	FY 2026	FY 2027 Budget
99%	98%	100%

D. Percent of "very satisfied" ratings with help desk service

FY 2025	FY 2026	FY 2027 Budget
88%	92%	Above 95%

ECONOMIC DEVELOPMENT

Growing the local economy is the primary focus of the Economic Development Department. The department accomplishes this goal through recruiting and attracting new businesses, while also working with existing companies on retention and expansion.

The department provides staff support to City Administration, elected leaders, other City departments, the Raymore Chamber of Commerce and other external community partners and organizations.

The department is charged with creating an environment that is responsive to the concerns of residents and the development community while facilitating relationships among the community's civic and business network. It is also focused on improving the quality of life in the City by increasing the City's tax base and employment opportunities. The department develops and administers plans, policies and programs consistent with community and leadership goals.

PROGRAMS

Administration

Administration involves responding in an efficient manner to development inquiries from developers, brokers, design professionals, community leaders and staff on policy, data, incentives, procedures,

demographics and more. It also includes the coordination of development projects and efforts as they relate to the Development Services Department and working with the local business community to ensure the needs of the local market are being adequately met.

Marketing and Business Attraction

Marketing and Business Attraction includes maintaining cooperative marketing efforts through the City's community and economic development partners, including Missouri Department of Economic Development (DED), Kansas City Area Development Council (KCADC), Raymore Chamber of Commerce and utility partners to ensure that the City maintains its position as an attractive, agile and competitive place for economic growth.

This is accomplished through the creation of marketing materials, annual reports, data reports and community demographic information, as well as development concepts for the City's key corridors and properties. The department maintains the essential information for evaluating the Raymore community for the location of commercial, industrial and residential projects, and markets the community through advertising, trade shows, impact trips, etc., while working directly with businesses to fill locations throughout the community.

Business Retention & Expansion

Business Retention & Expansion (BR+E) is a critical component to creating and maintaining a healthy and sustainable local economy. Ensuring that new and existing businesses have the resources and support that they need from the City creates an environment that breeds success and creates opportunities for new and existing local businesses to flourish.

The department is responsible for cultivating and maintaining relationships with the local business community, and creating programs and initiatives that are responsive to the needs of businesses within the city.

GOALS

Administration

1. Facilitate regular and targeted communications to provide support to and gain insight from existing major employers within Raymore (9.3)
2. Recruit aesthetically appealing, high-quality real estate development projects that align with the community's priorities (4.2)(9.2)(9.7)
3. Heighten the pursuit of attracting industries and businesses that have the ability to dramatically strengthen the employment and economic base of Raymore, often referred to as primary employers (9.22)
4. Coordinate and further advance the establishment of an extensive workforce development program catering to the community's and businesses' needs (9.9)(10.3)
5. Research amendments to the Economic Development Policy, and potentially City Codes, that further shape local incentives which directly align with business recruitment strategies (9.6)
6. Establish a Chapter 353 district to encourage redevelopment and substantial property improvements (9.4)(9.5)

Marketing and Business Attraction

1. Track overall investments in new development, redevelopment and business expansion efforts (10.1)
2. Provide an annual report on development activity, growth, demographics and information from marketing and business attraction and expansion efforts (2.1)(9.2)
3. Continue to update and maintain the department's website and marketing

communications in order to provide streamlined and accurate information on prospective projects (2.1)(9.2)

4. Explore and implement new marketing and outreach strategies to expand the scope and reach of the department (9.5)(9.6)
5. Make Raymore the place to work for a diverse array of residents and employers (9.1)(9.22)
6. Coordinate with other subject matter experts and departments on assessing the readiness of real estate sites (9.5)
7. Market, promote and communicate the value, benefit and opportunity that Raymore fosters in terms of project investment and community growth (2.1)(9.2)

Business Retention and Expansion

1. Track and report the findings from business retention and expansion programs (4.1)
2. Expand and enhance the City's Business Retention & Expansion (BR+E) program to align with community needs and priorities (4.1)
3. Strategize and work with the Raymore Chamber of Commerce to make connections with local businesses (8.2)
4. Visit with and offer assistance to at least 12 existing businesses that call Raymore home (8.1)(9.3)

FY 2026 PERFORMANCE SUMMARY

1. Continued to work with master developer VanTrust Real Estate on the development and expansion of Raymore Commerce Center, the City's large-scale industrial business park at I-49 & North Cass Parkway
2. Welcomed Church & Dwight as the newest tenant at the Raymore Commerce Center
3. Continued the Business Retention & Expansion (BR+E) program to solicit feedback and communications from existing Raymore businesses
4. Responded to one request for information for new development projects from the Missouri Partnership, Kansas City Area Development Council (KCADC) and other sources in relation to the Raymore Commerce Center
5. Responded to five developer inquiries regarding business attraction
6. Attended an International Council of Shopping Centers trade show to promote Raymore as a great place to do business

7. Served as Missouri Economic Development Council Kansas City Region (District 3) Co-Director, served as a board member, served on the public policy committee and planned quarterly meetings for members
8. Served on the International Economic Development Council's emerging leaders committee, member engagement advisory committee and the women in development mentorship sub-committee
9. Served on the Mid-America Regional Council's sustainable places policy committee
10. Served on the Raymore Chamber of Commerce board of directors, events committee and marketing committee
11. Worked with community, governmental and education partners and other organizations through Workforce YOU to further establish a robust, comprehensive workforce development program in order to attract larger employers who offer higher skilled careers
12. Engaged with community partners to explore child care solutions for working families
13. Engaged with regional partners to explore public mobility and transportation solutions

SIGNIFICANT BUDGETARY ISSUES

No significant budgetary issues

ECONOMIC DEVELOPMENT

Mission To develop, implement and market programs and activities that support economic growth and development in Raymore including business assistance, recruitment, retention and expansion, as well as the development of our local infrastructure and community amenities.

Service Description The Economic Development Department is a large piece of all activities that impact the economic growth and development of the community.

Objectives		Goal Alignment
A	Attract and support business investment in the community to grow the commercial tax base	8.2
B	Support and retain jobs in the community to provide a living wage	9.12, 9.22

Performance Measures		FY 2025	FY 2026	FY 2027 BUDGET
A	Respond to site selection submittals and developer inquiries for business recruitment	7	10	6
B	Business, retention and expansion community visits	12	12	12

DEVELOPMENT SERVICES

The Development Services Department is involved in the development and implementation of the Unified Development Code, the Comprehensive Plan, overseeing the development and plan review process, codes compliance, building inspections and the City's GIS program. The department serves as primary staff support to the Planning & Zoning Commission, Board of Appeals and Board of Adjustment. The Development Services Director supervises the day-to-day activities of the department and reports to the City Manager.

PROGRAMS

Administration

The services performed in this program include those administrative and managerial tasks required for the effective operation of the department including staff time spent on citywide policy issues, special projects not directly related to any other program, personnel management and budget administration.

Customer Service

This program involves responding in a timely and quality manner to inquiries of both internal City departments, as well as residents of the community, including the provision of informational brochures, data and statistics, and procedural manuals to residents, businesses and the development community.

Geographic Information Systems

The services in this program include those necessary for the development and maintenance of graphical representations related to development activities within the City, and other mapping-related projects and initiatives. This program provides support primarily for development activities related to planning, zoning and engineering, as well as Police, Parks and other City departments as necessary.

Planning & Zoning

The services in this program include those associated with the comprehensive planning of the community, such as requests and inquiries for rezonings, conditional use permits, subdivision platting and development, site plan review and variances. This includes the organization of regular meetings and work sessions and providing staff support to the Planning & Zoning Commission, City Council, Board of Appeals and Board of Adjustment and the maintaining of record of minutes for the Planning & Zoning Commission, as well as public notifications for the department.

Code Enforcement

This program identifies, investigates and responds to complaints concerning violations of the City code and related policies, and oversees the remedy and abatement of violations throughout the community.

This program is responsible for the investigation and enforcement of complaints concerning nuisances, weeds, property maintenance, signs and the Unified Development Code.

Building Inspections

This program includes the comprehensive review and inspection of all development projects to ensure that residential, commercial and industrial structures conform to applicable codes and approved plans, and ensures the safety of citizens through inspection of construction activities. This program provides accurate and timely inspections to keep the building community informed of changes in all applicable codes, policies and procedures, and maintains permitting and inspection records for construction activity within the City.

GOALS

Administration

1. Continue involvement in committees, programs and meetings sponsored by the City's local and regional partners (10)
2. Identify processes that could benefit from the use of additional technology (12.4)
3. Improve Development Services Fee-Schedule items to reflect a cost-of-service model for various application and development review procedures (2.1)

Customer Service

1. Improve customer service processes to increase the opportunities for customers to receive the information they need on the first try (2.1)
2. Provide opportunities to front-line employees for cross-training with other departments (12.8)
3. Continue to update existing and create new informational brochures regarding relevant Codes and permitting processes to improve access of information to the community (2.1)

Geographic Information Systems

1. Continue providing GIS applications to assist City Departments with programs and activities (12.4)
2. Expand the use and integration of GIS into the general operations of the City (12.4)
3. Facilitate the migration of internal GIS data to support network and server updates (12.3)
4. Assist the Public Works Department with asset management and data collection to improve the

use and effectiveness of field maps and other applications (6.3)

5. Establish clear policies, procedures and standards for the deployment of mapping resources to support community events (2.1)

Planning & Zoning

1. Execute a comprehensive review and strategic update of the Unified Development Code (UDC) to align zoning requirements with the newly adopted Raymore Blueprint 2045 Comprehensive Plan. (4.1)
2. Facilitate master-planning activities for the City's key development corridors and properties to support smart and proper growth of the City (6)
3. Assist the Economic Development Department with identification of opportunity sites and review of any process changes that could affect development (3.3.4)
4. Maintain an updated Development Guide for new development to communicate development requirements and processes to prospective developers (4.1)
5. Update and improve development application submittal requirements to improve review processes and outcomes (4.1)
6. Develop a planning and zoning dashboard to communicate housing and development information to the general public (2.1)

Codes/Inspections

1. Continue annual review of the property maintenance and building codes and explore the adoption of new building codes (12.1)
2. Expand use of online permitting and plan review programs (12.4)
3. Collaborate with the Water Utilities department on the development of a non-owner occupied/residential rental registration program to enhance communications between various City departments and residents of the City (12.4)
4. Expand the City's Code Enforcement Abatement Program to address illegal dumping, littering and residential debris pile-up (5.6)
5. Expand opportunities for the disposal of bulky items to reduce accumulation of junk and debris within the City (5.6)
6. Proactively research means and methods to address vacant or foreclosed properties from a building inspections and property maintenance perspective (5.4)(5.6)

FY 2026 PERFORMANCE SUMMARY

1. Deployed new GIS tools to improve the use and efficiency of spatial data for use internally by City employees.
2. Assisted the Public Works Engineering and Operations Divisions with the field collection of spatial assets and data supporting infrastructure maintenance
3. Provided in-house review of all building plans for residential, commercial and industrial development projects
4. Maintained a development report that is updated monthly to reflect existing housing units, housing type breakdown, as well as available undeveloped lot inventory
5. Assessed the functionality of mapping applications utilized by the public and by City employees
6. Supported plan review, permitting and building inspection activities between ongoing residential, commercial and industrial projects
7. Improved coordination of the pre-application submittal review committee and process to review prospective development inquiries prior to the submission of any development applications
8. Created an improved process for coordinating application intake and review between the Development Services Department and Engineering Division
9. Updated and consolidated development application forms and general permit forms to support a more efficient application submittal and review process
10. Expanded the use of Bluebeam REVU software into the development review process to improve plan review between multiple departments
11. Began the implementation of the Raymore Blueprint 2045 Comprehensive Plan
12. Drafted code-text amendments to improve the quality and diversity of single and two-family housing options within the City
13. Conducted preliminary reviews and work plans associated with the future review of the Unified Development Code (UDC)

SIGNIFICANT BUDGETARY ISSUES

No significant budgetary issues

DEVELOPMENT SERVICES: GRAPHIC INFORMATION SYSTEMS

Mission To develop and maintain a database of information and related cartographic tools and applications for analyzing and mapping various aspects of the city, including development projects, infrastructure projects and other geographic information related to the City.

Service Description The services in this program include those necessary for the development and maintenance of geographical representations related to development activities within the city and other mapping-related projects and initiatives. This program will provide support primarily for development activities related to planning, zoning and engineering as well as Police, Parks and other City departments as necessary.

Objectives		Goal Alignment
A	Manage and update geographic information and maps of the City of Raymore for use by citizens and staff	6.3
B	Develop mapping applications for integration into all departments of the City	12.4

Performance Measures		FY 2025	FY 2026	FY 2027 Budget
A	Usage rate for the City's "What's Happening" development activity map (in average views per day)	75.3	17	30
B	Number of GIS maps published	28	30	25

DEVELOPMENT SERVICES: PLANNING & ZONING

Mission To make recommendations regarding new development proposals, improvements and alterations to existing developments, in addition to other special permits and approvals to the Planning and Zoning Commission, Board of Zoning Adjustment and the City Council to ensure responsible growth and development through the adherence to the Unified Development Code (UDC) and the City's Comprehensive Plan.

Service Description The services in this program include those associated with the comprehensive planning of the community, such as requests and inquiries for rezoning(s), conditional use permits, subdivision platting and development, site plan review and variances. This includes the organization of regular meetings and work sessions and providing staff support to the Planning & Zoning Commission, City Council, Board of Appeals and Board of Adjustment, and the maintaining of record of minutes for the Planning & Zoning Commission, as well as public notifications for the department.

Objectives		Goal Alignment
A	Ensure proper construction and compliance with all applicable City codes and ordinances.	12.1
B	Review and update the City's Unified Development Code (UDC) in support of the comprehensive growth of the City.	12.9

Performance Measures		FY 2025	FY 2026	FY 2027 Budget
A	Number of development plans reviewed	38	30	25
B	Number of Code-text reviews conducted	2	4	4

DEVELOPMENT SERVICES: CODE ENFORCEMENT

Mission To ensure the proper maintenance of properties throughout the city through the enforcement of the Property Maintenance Code and to develop processes and systems that ensure timely compliance with all applicable codes.

Service Description This program identifies, investigates and responds to complaints concerning violations of the City code and related policies, and oversees the remedy and abatement of violations throughout the community. This program is responsible for the investigation and enforcement of complaints concerning nuisances, weeds, property maintenance, signs and the Unified Development Code.

Objectives		Goal Alignment
A	Provide routine physical inspections of properties throughout the City, and ensure compliance with all applicable property maintenance codes	12.1
B	Promote voluntary compliance and resolution as a preferred solution for any and all Code violations.	5.6

Performance Measures		FY 2025	FY 2026	FY 2027 Budget
A	Number of code cases opened annually	754	750	750
B	Voluntary case resolution rate	82%	85%	85%

DEVELOPMENT SERVICES: BUILDING INSPECTIONS

Mission To ensure all new construction and redevelopment projects within the jurisdiction of the City are code compliant and provide a safe environment for residents and visitors to live and work and do business.

Service Description This program includes the comprehensive review and inspection of all development projects to ensure that residential, commercial and industrial structures conform to applicable codes and approved plans, and ensures the safety of citizens through inspection of construction activities. This program provides accurate and timely inspections to keep the building community informed of changes in all applicable codes, policies and procedures.

Objectives		Goal Alignment
A	Ensure quality review of commercial and residential plans	11.3
B	Ensure timely inspections of construction projects	11.3

Performance Measures		FY 2025	FY 2026	FY 2027Budget
A	Average number of business days between residential plan receipt and initial comment letter	5	5	5
B	Total number of building inspections	5,112	5,200	5,250

PUBLIC WORKS DEPARTMENT OVERVIEW

The Raymore Public Works Department has broad responsibilities in the City including:

- Civil engineering and design support
- Oversight of the installation of public infrastructure
- Maintenance and upgrades of the City's infrastructure, including the water system, the sewer system, the street network, the storm sewer system and associated facilities
- Stormwater quality and system maintenance
- Delivering safe, potable water
- Operation and maintenance of sanitary sewer collection

The department is made up of an Engineering Division and an Operations and Maintenance Division. Operations and Maintenance is further broken down into the following subdivisions: Streets, Stormwater, Water and Sanitary Sewer.

The leadership and administrative oversight of the Public Works Department is the duty of the leadership team. This team is comprised of the Public Works Director, Assistant Public Works Director-Engineering and Assistant Public Works Director-Operations.

This leadership team is responsible for, but not limited to, addressing citizen concerns and complaints, project management, long range planning for infrastructure improvements, expansion and maintenance, developing training plans for all members of the department, strategic planning, budget preparation,

control and purchasing. This team is also responsible, in conjunction with the Finance Department, for the projects and funding within the Capital Project Funds and the operations of the water and sewer functions of the Enterprise Fund.

The Raymore Public Works Department is fully accredited by the American Public Works Association (APWA). This accreditation formally verifies and recognizes that the agency is in full compliance with the recommended management practices set forth in APWA's Public Works Management Practices Manual. Accreditation assists in continuous improvement of operations and management and in providing a valid and objective evaluation of agency programs as a service to the public and the profession.

GOALS

1. Maintain an efficient and properly trained staff to meet the changing needs of maintaining the City's infrastructure (12.4)
2. Respond to resident concerns/complaints within one business day (11.3)
3. Assure all necessary training is obtained across all divisions to maintain required licenses and registrations (12.4)
4. Provide training and resources in order to provide professional customer service with every contact (12.4)

PUBLIC WORKS ENGINEERING DIVISION

The Engineering Division is responsible for the management, design, construction, administration and review of all projects containing public infrastructure. This includes the water distribution system, the sewer collection system, the street network, the storm sewer system and associated facilities. In addition, the Engineering Division assists the Development Services Department through the planning process. The Engineering Division also designs, estimates and bids Capital Improvement Program (CIP) projects. During construction, Engineering staff are an integral part of the process. They ensure that the project, whether public or private, is constructed to the design standards of the City of Raymore. Longterm, the Engineering Division is responsible for ensuring that future City infrastructure is targeted toward areas of projected growth, ensuring City ordinances and design standards match current industry best practices, negotiation of easements for future growth opportunities and acting as the City's liaison to all local, state and federal agencies.

PROGRAMS

Administration

This program involves the administration and managerial tasks required for the effective operation of the Public Works Department, including staff time spent

on policies, special projects, personnel management and budget administration. The Public Works Director is a member of the Capital Improvement Plan Committee and is responsible for the creation of a 5-year project plan, implementation of current year projects and project management in conjunction with the Finance Department for all of the capital budget funds.

Raymore Public Works is accredited by the American Public Works Association (APWA), receiving full accreditation for the third time in 2025. This accreditation formally verifies and recognizes that the agency is in full compliance with the recommended management practices set forth in APWA's Public Works Management Practices Manual.

Customer Service

This program involves responding in a timely and quality manner to citizen and staff inquiries. It includes providing information, statistics and standards manuals to residents, contractors, businesses and the development community.

Infrastructure Improvements

The services in this program include those necessary for the design, administration and inspection of all capital improvements and development.

Support to Development

The services in this program include those associated with rezoning, conditional use permit and platting processes, site plan review and variances. This includes the technical review and analysis to assure that the proposed infrastructure is designed in the best interest of the City as a whole, while also complying with all local, state and/or federal regulations.

Streets and Traffic

This program involves determining the need for street improvements based on criteria and maintenance records, assessing and maintaining contracts for signals, determining the need for access management and providing recommendations to the traffic safety committee regarding traffic control measures.

GOALS

Customer Service

1. Work with the Communications Department to distribute information to the public for all Capital Improvement Projects (11.4)

Infrastructure Improvement

1. Complete Kurzweil Road and Dean Avenue access management improvements (6.1)

Support to Development

1. Provide support to the Development Services Department as needed for the implementation of the Comprehensive Plan (11.3)
2. Continue to provide technical support to Development Services related to development applications (11.3)

Streets and Traffic

1. Explore expansion of the right-of-way trail network throughout the city as part of the Comprehensive Plan (6.4)

FY 2026 PERFORMANCE SUMMARY

1. Participated in multiple Mid-America Regional Council (MARC) committees that oversee the distribution of transportation funding
2. Participated in the MARC Solid Waste Management District, which oversees the distribution of regional solid waste funding
3. Coordinated design and construction of Kurzweil Road, Dean Avenue Access Management, the overlay of 58 Highway from Dean Avenue to Johnston Parkway and many other Capital Improvement Plan projects
4. Completed a Pavement Condition Index Survey
5. Implemented a variety of street preservation techniques that are new to Raymore

SIGNIFICANT BUDGETARY ISSUES

No significant budgetary issues

PUBLIC WORKS: ENGINEERING

Mission To ensure the City's road, water, sewer and stormwater systems are constructed properly and are in compliance with all City codes and federal and state regulations. Engineering manages the annual contracted street and curb preservation projects.

Service Description This program provides professional decision making and financial oversight of the Operations & Maintenance and Engineering Divisions of Raymore Public Works and performs integrated project management for design and construction activities.

Objectives		Goal Alignment
A	Strengthen development and maintenance of streets, trails and pedestrian pathways	6.1
B	Incorporate new technology and practices to develop safer pedestrian walkways and trails	12.4
C	Value and protect natural resources and green spaces	7.7

Performance Measures		FY 2025	FY 2026	FY 2027 Budget
A	Percent of construction plans reviewed within 10 business days	15%	75%	95%
B	Percent of capital projects completed within 10 percent of bid amount	100%	100%	100%

PUBLIC WORKS OPERATIONS & MAINTENANCE: STREETS

The Streets Division is responsible for the maintenance of the city street network. This includes right of way maintenance, pothole patching, street sign maintenance and installation, asphalt patching, snow removal and sidewalk evaluations and repairs. The Streets Division is composed of the Public Works Director, Assistant Public Works Director, Crew Leaders, Maintenance Specialists, Maintenance Technicians and the Administrative Assistant.

PROGRAMS & GOALS

Administration

This program includes administrative and managerial tasks required for the effective operation of the department, including staff time spent on special projects, personnel management, budget administration, planning and coordinating with Engineering on street and curb repair and the planning of Capital Improvements Projects.

Customer Service

This program involves responding in a timely and quality manner to citizen and staff inquiries. This includes the creation and completion of work orders as issues are reported.

Street Maintenance

The services in this program include those activities associated with streets, signs, striping, curb and sidewalks.

Snow Removal

The services provided in this program include removal of snow from the City's streets. The Streets Division of Raymore Public Works is responsible for the snow removal of approximately 305 lane miles of City streets.

GOALS

Administration

1. Continue to implement career development/ training plans for division employees (12.4)

Customer Service

1. Respond to requests for service within one business day (11.3)

Street Maintenance

1. Conduct pothole patching and other maintenance operations associated with extending the life expectancy of Raymore's streets (6.1)
2. Regularly inventory, assess and upgrade the City's

current street signs and striping in accordance with Manual of Uniform Traffic Control Devices (MUTCD) reflectivity standards (6.1)

3. Explore intergovernmental relationships to positively affect city infrastructure (11.3)
4. Restripe 58 Highway and crosswalks on an annual basis and arterial streets as needed (6.1)

Snow Removal

1. Perform an annual review of the Ice and Snow Control Policy to adjust to changes in street network, manpower and weather trends (11)

FY 2026 PERFORMANCE SUMMARY

1. Mobilized for 3 winter events, using 726 tons of salt
2. Used 62 tons of asphalt to make street repairs and patch potholes at various locations around the city
3. Inspected 85 new driveway approaches
4. Inspected 104 new sidewalk installations
5. Patched 204 potholes
6. Completed 11 asphalt patches
7. Patched 432 feet of curbs
8. Replaced 195 feet of sidewalks
9. Mudjacked 108 feet of sidewalk
10. Continued monthly recycle cart opt-out pickups
11. Continued annual paint striping program that includes updating crosswalks and stopbars in front of schools
12. Continued to utilize real time snow operations map for Raymore citizens

SIGNIFICANT BUDGETARY ISSUES

This budget includes the cost of the City's participation in the annual MARC Solid Waste District Household Hazardous Waste program at \$31,100

This budget includes the cost of materials for:

Inclement weather treatment, \$73,750

Right-of-way maintenance, \$39,800

Street maintenance, \$46,880

This budget includes the following expansion item request:

54" sign plotter, \$13,200

PUBLIC WORKS: OPERATIONS & MAINTENANCE

Mission To ensure repair and maintenance of all City streets, sidewalks, right-of-ways, traffic signs, traffic signals and storm sewers in a safe and efficient manner. The Operations and Maintenance Division is also responsible for snow removal, street sweeping and right-of-way mowing.

Service Description This program maintains the City's infrastructure and provides customer service in a manner that supports public health and safety and contributes to the betterment of the community.

Objectives		Goal Alignment
A	Maintain a high level of customer satisfaction during snow removal operations	11.1
B	Create and maintain a well-connected transportation network	6.1
C	Create a physical environment that inspires a sense of pride	6.2

Performance Measures		FY 2025	FY 2026	FY 2027 Budget
A	Resident satisfaction rate of snow removal on major city streets	90%	90%	90%*
B	Percent of city streets cleared within 72 hours of the end of a winter weather event	90%	90%	90%
C	Percent of weeks where at least one day a week is dedicated to pothole patching	90%	90%	90%

*Measure will be updated in October with FlashVote resident survey.

BUILDINGS & GROUNDS

The Buildings & Grounds Department is responsible for maintaining City buildings, equipment, systems and surrounding grounds. The department is responsible for the maintenance and care of City Hall, Centerview, Raymore Activity Center, the Public Works Operations facility and Animal Control facility and manages the contract for care of various median planters and islands. The department staff cares for the facilities on a day-to-day basis and consists of a Building Maintenance Technician and Custodian/Maintenance Assistant.

PROGRAMS

This program area is responsible for the day-to-day maintenance, improvement and care of all existing City facilities and grounds.

GOALS

1. Establish a level of service for maintenance of all buildings and public spaces (11.1)
2. Maintain a long term maintenance plan and Capital Improvement Program (CIP) for City facilities (11.3)
3. Perform an annual risk management inspection of City buildings and offices (3.5)
4. Assist in the development of a transition plan for safety regulations and ADA standards (3.4)

5. Provide input into the evacuation and safety plans for all City facilities (3.4)

FY 2026 PERFORMANCE SUMMARY

1. Increased the leased vehicle fleet and coordinated the maintenance and sale of used vehicles and/or city-owned vehicles
2. Provided quick and responsive service to employees regarding facilities issues
3. Responded to multiple snow and ice events to clear parking lots, sidewalks and other walkways at City facilities
4. Conducted annual fire alarm inspections and developed a fire suppression system inspection plan
5. Conducted annual generator maintenance and testing for all City-owned generators.

SIGNIFICANT BUDGETARY ISSUES

No significant budgetary issues

BUILDINGS & GROUNDS

Mission Buildings and Grounds is responsible for the maintenance of City-owned buildings and grounds, as well as janitorial services for all buildings.

Service Description To provide maintenance for all City-owned facilities and grounds, including but not limited to: systems maintenance, building cleaning, oversight of contracts for HVAC, electrical and plumbing services.

Objectives		Goal Alignment
A	Continue to expand the usage of Asset Essentials to track work orders and time spent on requests for service	11.1
B	Perform monthly or bi-monthly facility inspections for cleanliness and safety; note deficiencies and make appropriate corrections	11.3
C	Track routine maintenance of all fleet vehicles, ensure documentation is current and provide cost analysis of the lease program	12.5

Performance Measures		2025	2026	2027 Budget

PUBLIC WORKS STORMWATER WATER QUALITY

The Stormwater Water Quality Division is responsible for the monitoring of the City's stormwater systems to ensure compliance with local, state and federal regulations.

Staff perform tasks associated with the inspection and maintenance of our stormwater systems including detention ponds, stream buffers and erosion and sediment controls and all other elements of the stormwater conveyance system.

The Stormwater Division is made up of the Public Works Director, Assistant Public Works Director-Operations, Assistant Public Works Director-Engineering, Stormwater/Discharge Specialist, Crew Leader, Maintenance Technicians, Maintenance Specialists and the Administrative Assistant.

PROGRAMS

Administration

The services performed in this program include those administrative and managerial tasks required for the effective operation of the division including staff time spent on citywide policy issues, special projects not directly related to any other program, personnel management and budget administration.

Customer Service

This program involves responding in a timely and quality manner to citizen and staff inquiries and service requests.

Pollution Prevention

The services provided in this program area include the inspection and maintenance of the stormwater collection system which includes conduits, streams and ponds, and implementing all tasks outlined in the NPDES Phase II Permit. This includes tasks such as:

- Public education and outreach regarding stormwater quality
- Increasing public participation in matters regarding stormwater quality
- Detecting and eliminating illicit discharges
- Inspecting construction sites for erosion and sediment control
- Plan review and inspection of water quality measures
- Educating staff on stormwater quality issues

GOALS

Customer Service

1. Develop outreach and education to give residents the tools to improve privately owned streams and waterways (11.6)
2. Provide residents with easier methods to report stormwater concerns (2.1)
3. Explore opportunities to host more stream clean-up days (11.6)

Pollution Prevention

1. Explore opportunities to expand and enhance water quality treatment requirements related to development and redevelopment (6.1)
2. Enhance preservation and improvement efforts for greenways and linear parks (7.2)
3. Educate builders and the public on illicit discharge prevention (11.1)

methods to control erosion and stormwater runoff

SIGNIFICANT BUDGETARY ISSUES

No significant budgetary issues

FY 2026 PERFORMANCE SUMMARY

1. Inspected all new residential and commercial sites for initial erosion control compliance with ongoing inspection for all open building and grading permits
2. Reviewed stormwater drainage studies, stormwater facility/BMP plans and stormwater pollution prevention plans for all commercial and development construction
3. Inspected outfalls and priority areas on a semi-annual basis
4. Updated an inventory of all public and privately held BMPs
5. Inspected all public and privately held BMPs on a yearly basis and during initial construction
6. Conducted Illicit Discharge Detection and Elimination training for all Engineering, Parks and Public Works employees
7. Conducted the annual community litter cleanup at Johnston Lake
8. Advised and assisted in the Household Hazardous Waste Mobile Collection event
9. Distributed stormwater educational information to residents via social media and in printed coloring books
10. Provided online erosion control training, testing and certification for all single family home builders
11. Enforced construction site runoff and illicit discharge violations
12. Reviewed and inspected site specific Stormwater Pollution Prevention Plans and SOPs for all City facilities
13. Completed Missouri Department of Natural Resources audit
14. Continued the annual street sweeping program
15. Completed inventory of all land disturbance permits and tracking
16. Completed testing and projects to minimize inflow and infiltration into the stormwater system or groundwater
17. Promoted adaptive plantings and non-structured

PUBLIC WORKS STORMWATER SYSTEM MAINTENANCE

The Stormwater System Maintenance Division is involved in flood control, system maintenance and pollution prevention. Staff perform tasks associated with the inspection and maintenance of our stormwater systems including detention ponds, stream buffers and erosion and sediment controls and all other elements of the stormwater conveyance system.

System Maintenance consists of the Public Works Director, Assistant Public Works Director-Operations, Public Works Director-Engineering, Stormwater/Discharge Specialist, Crew Leaders, Public Works Maintenance Technicians, Public Works Maintenance Specialists and the Administrative Assistant.

PROGRAMS

Customer Service

This program involves responding in a timely and quality manner to citizen and staff inquiries and service requests.

Flood Control

The services provided in this program area include tasks such as: administration of the Floodplain Ordinance, review of development plans to assure compliance with the City's stormwater runoff control requirements and investigation of stormwater related complaints.

System Maintenance

The services provided in this program area include tasks such as storm inlet cleaning and inspection as well as under road culvert cleaning and inspection.

GOALS

Customer Service

Respond to customer concerns/complaints in a timely manner

Flood Control

Inspect and clean bridges and major under-road culverts on a biannual basis or as needed

System Maintenance

Clean and inspect structures in accordance with the frequency established in the department's Stormwater Management Plan

SIGNIFICANT BUDGETARY ISSUES

As the corrugated metal pipe reaches the end of its expected lifespan, an increase in line repair budget items will be necessary.

PUBLIC WORKS: STORMWATER

Mission To reduce and manage runoff (discharge), regulate the collection and movement of water, reduce flooding to people and properties and reduce the demand on stormwater drainage systems, promoting healthy streams and rivers and creating a more sustainable community.

Service Description The stormwater division inspects, maintains, repairs and rehabilitates the storm sewer system, including stormwater inlets, stormwater outfalls and other stormwater facilities.

Objectives		Goal Alignment
A	Protect local waterways from construction debris and runoff	11.3
B	Maintain the storm sewer outfalls so they perform correctly during rainfall events	6.1
C	Maintain the retention and detention ponds so the entire system functions in a manner that is healthy for the natural environment	6.1

Performance Measures		FY 2025	FY 2026	FY 2027 Budget
A	Review and inspect all erosion control/runoff measures	100%	100%	100%
B	Inspect 12% of city outfalls per year	100%	100%	100%
C	Inspect 12% of stormwater facilities per year	100%	100%	100%

MUNICIPAL COURT

The Raymore Municipal Court, as a division of the Cass County Circuit Court, has jurisdiction to hear and rule on all complaints under City Code. The Municipal Court maintains all files and documents necessary to schedule and conduct trials, pleas, pre-trial hearings, sentencing, probation revocation hearings, and post-trial motions related to violations of City Code. The mission of the court's staff is the fair and efficient administration of justice, to dispense equal justice to all, to provide courteous and respectful service to the public and to encourage respect for the rule of law. These responsibilities are carried out in three programs: Administration, Court Operations and Customer Service.

PROGRAMS

Administration

Administration provides services necessary to operate the department including probation programs, implementing new legislation, preparing and administering the department budget, developing and implementing court policies and procedures, evaluating staffing requirements, supervising court personnel, attending training sessions, ensuring effective communication with Court staff, the public, the Police Department and other City personnel.

Court Operations

Court Operations adjudicates all code violations filed by the City Prosecutor and Special Prosecutor,

including all traffic tickets, domestic violence, common assault, drug possession, general ordinance violations, animal control violations, building/inspection code violations, zoning violations and any new violations approved by City Council.

Customer Service

Customer Service provides permissible information about court cases to defendants, defense attorneys, other authorized City departments, witnesses, other government agencies and the public. Customer Service also collects fines, filing fees and bail bonds and provides efficient and effective probation services.

GOALS

Administration

1. All clerks of the court will become certified court administrators through the University of Missouri-Columbia Management Training Institute within five years of their employment with the City and continue to maintain their certification yearly with at least 10 hours of education -Rule 37.04, appendix B (12.7)
2. Evaluate and update the courts procedure manual, including case management system and digital communication tools, to enhance efficiency, reduce paperwork and improve overall service delivery (12.7)
3. Continue research, review and utilization of practical alternative sentencing for appropriate

defendants (11.4)

4. Continue monitoring and implementing record redaction requirements and data security measures to safeguard sensitive information (11.3)
5. Become a member of the National Association for Court Administration (10.2)

Court Operations

1. Continue to improve communication with City staff, Police Department, Circuit Court, Presiding Judge and the public (10.2)
2. Maintain a high-performing Municipal Court Operation and improve efficiency of the Municipal Court (10.3)
3. Correspond with incarcerated defendants serving time or being held in the County or Department of Corrections who wish to plead guilty and receive credit for time served to clear old warrants and accounts receivable that would likely not get disposed of otherwise (11.4)
4. Research and develop community service partnerships in Raymore and surrounding communities to provide meaningful alternatives to certain court-imposed penalties (11.4)
5. Work with the Emergency Management Director to have a plan in place for an active shooter during a court proceeding (10.2)

Customer Service

1. Maintain website resources to help witnesses and defendants better understand court expectations, processes and available services (10.2)
2. Improve customer service to the public with courtesy, efficiency and professionalism (10.2)
3. Strive to have coverage in the office and ensure phone calls and emails are being returned in a timely manner (12.4)
4. Communicate with defendants the day before their payment plan is due to ensure payments are made on time, reducing the number of show cause hearings scheduled on any given docket (12.4)

FY 2026 PERFORMANCE SUMMARY

1. Staff maintained a strong work ethic while effectively managing daily court operations, providing courteous and responsive service to the public and supporting the Court's mission through teamwork, accountability and attention to detail
2. Maintained 100% compliance rating from the Dept. of Revenue on the seven-day record of conviction reporting requirement
3. Court Administrator maintained the title of Missouri Association of Court Administration (MACA) Advanced Certified Court Administrator and received the MACA Presidential Award at the 2026 spring conference
4. Court Administrator maintained the National Council for Mental Health's Mental Health First Aid USA certification

SIGNIFICANT BUDGETARY ISSUES

No significant budgetary issues

MUNICIPAL COURT

Mission The mission of the Raymore Municipal Court is to resolve all municipal cases in an expedient, fair and unbiased manner while upholding the integrity of the court as a court of law, the ordinances of the city and county, laws of the state and the Missouri and United States constitutions. Part of that mission is to provide impeccable customer service and maximize access to the court for all citizens of Raymore and all that have a need to conduct business with the court.

Service Description The Raymore Municipal Court, as a division of the Cass County Circuit Court, has jurisdiction to hear and rule on all complaints under City Code. The Municipal Court maintains all files and documents necessary to schedule and conduct trials, pleas, pre-trial hearings, sentencing, probation revocation hearings and post trial motions related to violations of City Code.

Objectives		Goal Alignment
A	Adjudicate all cases docketed and probations ordered	12.5
B	Provide a Municipal Court system that meets all state and judicial requirements	12.5
C	Review fines and court costs annually	12.5

Performance Measures		2025	2026	2027 Budget
A	Number of court cases disposed	2,664	3,016	3,016
B	Percent of state requirements met	100%	100%	100%
C	Average City revenue per case disposed	\$120.27	\$118.24	\$118.24

Program as a Percentage of the Department Budget

This page intentionally left blank.

FINANCE

The Finance Department manages the day-to-day financial operations of the City including utility billing, purchasing, vendor payment and staff payroll.

The department also directs the City's overall financial planning, accounting, budgeting and cash/debt management. The Finance Department is responsible for the administration of the City budget, directly manages the Debt Service Funds and Internal Service Funds, as well as the utility billing, debt service and the solid waste contract management within the Enterprise Fund.

The Finance Department leads the Capital Improvement Plan (CIP) Committee overseeing projects and funding within the capital project funds.

The department provides transparency and oversight to comply with federal, state and local laws to ensure the City is being held accountable when it comes to the use of taxpayer funds. To meet the high level of transparency expected from this department, the professional staff develops and maintains internal controls and procedures to ensure the safekeeping of assets, investments and the effective collection of City revenues.

The Finance Department is divided into four programs of responsibility: Administration/Purchasing; Accounting/Payroll; Cash and Debt Management and Utility Billing.

PROGRAMS

Administration/Purchasing

Administration includes: providing department management, establishment of internal controls and procedures, development and administration of fiscal policy, representation of the City to the public in matters of financial considerations, audit coordination and budget preparation.

Purchasing includes all matters of procurement including but not limited to: quotes, requests for proposals, cooperative agreements and contracts.

Accounting/Payroll

Accounting includes reporting of the City's financial activity in compliance with federal, state and local requirements and in accordance with Generally Accepted Accounting Principles (GAAP).

Payroll includes: collection and verification of timesheets, preparation of materials associated with the payroll function, preparation of payroll checks, preparation of payroll taxes and reports.

Cash and Debt Management

Cash and debt management provides fiduciary and custodial duties for the City's cash and debt management policies, procedures and activities.

Utility Billing

This department provides customer service and accurate utility account management to 8,957 service addresses and coordinates utility services between the Public Works Department and customers.

GOALS

Administration/Purchasing

1. Continuously explore and develop new funding sources to support City facilities (12.5)
2. Effectively communicate and accurately report the City's financial information to all users with standardized reporting and easy to read, understandable budgets (12.5)
3. Continuously review, update and revise all Finance policies and procedures; stay abreast of the changing business climate and compliance with federal, state and local statutes, regulations and codes (12.5)
4. Establish a strong connection between the budget and the Comprehensive Plan (12.5)
5. Assure prudent use of public funds through effective procurement (12.5)
6. Explore automating the purchasing card process (12.4)

Accounting/Payroll

1. Timely monthly and annual reporting of the City's financial activity with increased emphasis on fund reconciliation reporting (12.5)
2. Refinement of the reporting and accounting of capital funds and debt service issues, to better present the annual budget and financial reports (12.5)
3. Continue to process employee compensation accurately. Process taxes and reports to federal and state agencies on a timely basis. (12.5)
4. Continue to convert vendors to ACH payments utilizing the Accounts Payable system to reduce the amount of checks and reduce the risk of fraud (12.4)

Cash and Debt Management

1. Maximize investment yields and minimize debt financing interest costs through continued analysis of internal and external economic influences and the establishment of benchmarks for investing (12.5)

Utility Billing

1. Continue to refine the water and sewer rate model and present the annual proposed utility rates for Council's consideration (12.5)
2. Continue to expand the use of statement billing, electronic billing and electronic notifications for utility billing. (12.4)
3. Expand the City's website to create fillable forms to allow residents to set up utility service online (12.4)
4. Explore ways to reduce the quantity of paper utility bills (12.5)
5. Reduce Accounts Receivable aging by increased collection methods (12.5)

FY 2026 PERFORMANCE SUMMARY

1. Received the Government Finance Officers Association's (GFOA) Distinguished Budget Presentation Award for the 22nd year
2. Received the GFOA Award of Financial Reporting Achievement on the City's Comprehensive Annual Financial Report for the 15th year
3. Received the Agency Certification Award from Universal Public Procurement Certification Council (UPPCC) for the 16th year
4. Received an Unqualified Opinion on the FY25 audit of the City's financial statements with no adjusting journal entries
5. Ensured the City's compliance with all annual reporting for all outstanding debt in accordance with SEC reporting regulations
6. Completed expenditure reporting required by the US Treasury
7. Continued converting vendors to ACH payments: 229 total vendors, saving approximately 1,039 checks annually
8. Maintained all transactions and balances for the Raymore Community Foundation
9. Senior Accountant was elected to the GFOA Western Division Board as Secretary
10. Finance Director was elected as the GFOA Western Division Chapter for the GFOA State of Missouri Board
11. Finance Director was elected to the Missouri Women Leading Government Board
12. Finance Director served pm Activity Committee for Women in Public Finance KS/MO Chapter
13. Finance Director was recognized as one of the Top 100 Influencers in Local Government by the

SIGNIFICANT BUDGETARY ISSUES

Rising Credit Card transaction fees continue to occur. We are in the process of converting our credit card processor to help with this. We have seen an increase in developers paying their large permit fees with credit cards. We believe that it would be in the best interest of the taxpayers of the City of Raymore to charge credit card fees for all transactions except for utility payments.

FINANCE

Mission Driving financial stewardship and prosperity for the City, the Finance Department is committed to excellence in managing public funds and resources. Through transparent practices, strategic budgeting, and innovative financial solutions, we strive to support sustainable growth, enhance community services, and ensure accountability to our residents and stakeholders. Our mission is to uphold fiscal integrity, promote economic resilience and cultivate a thriving city for all.

Service Description The Finance Department manages and coordinates the daily financial operations of the City and provides accurate, timely and complete financial accountability for all city resources to citizens, elected officials, staff and external funding agencies. The Utility Billing division oversees the accurate assessment, billing and timely collections of charges for the City's Water & Sewer utility services and provides customer service assistance for establishing, transferring or discontinuing service, billing inquiries and account information.

Objectives		Goal Alignment
A	Provide monthly financial reports that accurately present the City's current financial position	12.5
B	Ensure timely payment to employees and external vendors of all obligations incurred	12.5
C	Maintain the City's accounting records in an accurate and timely manner, exercising adequate internal controls over the City's financial resources, and provide ongoing cost accounting analysis	12.5
D	Utilize technology and encourage customers to receive their bills electronically	12.4
E	Encourage customers to pay their bills electronically to minimize staff time for receipting payments	12.4

Performance Measures		2025	2026	2027 Budget
A	Average number of days from close of business month to release of monthly financial report	15	15	15
B	Number of payroll and accounts payable deadlines met	90	91	90
C	Number of management audit letter findings	0	0	0
D	Percent of electronic utility bills	47.85	50.79	50.79
E	Percent of utility bills paid electronically	83.23	84.70	84.70

Program as a Percentage of the Department Budget

COMMUNICATIONS

The Communications Department consists of the Communications Director and Community Engagement Coordinator. The department is responsible for providing accurate and timely information to the public, the media and employees regarding City news, services and activities.

The department promotes the City and staff through multiple channels of communication including in-person, website, print, text messaging, video, social media and podcast. Staff develops and implements clear, consistent and engaging strategies that enhance public understanding of the City and local government as a whole. The Communications Department also works to inspire our residents to connect with one another through public, cultural events aimed at building a stronger community.

PROGRAMS

Administration

The administration of the Communications Department is dedicated to providing high quality support and customer service internally to all departments and employees at the City of Raymore.

Department responsibilities also include: public information; regional media relations; coordination of emergency communications with the Emergency Management Director; supporting the Mayor, Council, City officials and City departments in communications including public messaging, speeches and talking points; the design of City-branded materials and ensuring adherence to brand standards; promotion of

all City sponsored events and programs; photography, videography and graphic design

Arts Commission

The Communications Director provides staff support to the Arts Commission, coordinating commission meetings, public art programs and community art and entertainment events. The Communications Director acts as a liaison to other departments on its behalf. The Arts Commission hosts a number of arts programs including an art competition, exhibit and awards reception, a concert series, a rotating public art program, a children's hands-on art festival and a chili cook-off. The Arts Commission is also the primary advisory body that manages relationships with local artists and selects artists/artwork to create unique public art for the City.

Community Engagement

The Communications Department oversees all of the City's official channels of communication with the public, including the City's website, TextMyGov text line, Report-a-Concern system, Say More in Raymore podcast and multiple social media channels, including: City of Raymore Facebook, Instagram, Threads and X accounts; Raymore Parks & Recreation Facebook and Instagram accounts; Raymore Police Department, Raymore Arts Commission and Raymore Animal Control Facebook accounts; and the Raymore Farmers Market Facebook group.

The Communications Department schedules and coordinates the Civic Leadership Academy, which gives residents insights into the programs and services the City provides and facetime with the employees

who provide those services.

The Communications Department is continuously seeking ways to improve and provide additional meaningful engagement opportunities with residents.

GOALS

Administration

1. Expand opportunities for residents to personally engage with the City and further understand the functions of the organization (2.2)(11.6)
2. Grow the number of subscribers to the City's text notification groups (General Notifications and Raymore Arts) and send timely and meaningful communications through the program (2.1)
3. Enhance internal and employee-focused communications that give staff the opportunity to provide input on topics and stay informed about City programs and initiatives beyond their department (12.8)
4. Continue to improve the accessibility diagnostics of the City's website, follow best practices and increase performance and SEO (2.1)(12.2)

Arts Commission

1. Foster and expand opportunities for all citizens to feel valued and connected within the Raymore community with signature events that appeal to multiple demographics (1.2)(1.5)(2.2)(11.5)
2. Explore opportunities for public art in new development and redevelopment areas (1.4)(1.5)
3. Implement a percent for art policy that directs the owner of a development project for a commercial or industrial building to pay an arts fee to support the arts in the community through the Raymore Arts Commission/Raymore Community Foundation (1.4)
4. Implement a sponsorship program and/or grant opportunities to support the annual concert series at the Hawk Ridge Park amphitheater (1.4)(12.5)

Community Engagement

1. Continue to utilize social media channels and the podcast in addition to print media to advertise and promote the City and its projects/programs (2.1)
2. Promote venues, both in-person and online, that allow residents to provide feedback and input on City issues (2.2)
3. Prepare for the City's sesquicentennial by creating a specialized logo, planning meaningful

celebratory events, creating content for a history of Raymore book and interviewing notable Raymore residents for a docuseries (1.2)(11.4)(11.6)

4. Welcome new residents to the community and share information on City services and opportunity for civic engagement with new resident mixer events (1.1)(2.2)

FY 2026 PERFORMANCE SUMMARY

1. Continued to design, write, publish and mail The Review/Parks & Rec Program Guide to all Raymore addresses three times a year with current circulation at 12,300
2. Continued hosting City podcast with the intention of increasing residents' understanding of the City's departments, the work done on behalf of the residents and the staff who do the work
3. Designed promotional materials to celebrate An All-American 250 in Raymore
4. Coordinated the July 4 parade and assisted in planning and promoting multiple All-American 250 events
5. Community Engagement Coordinator attended KC2026 informational meetings in preparation for the FIFA World Cup
6. Community Engagement Coordinator designed commemorative City of Raymore America 250 challenge coin
7. Community Engagement Coordinator designed the Economic Development 2025 Annual Report
8. Community Engagement Coordinator attained the Part 107 Certification from the Federal Aviation Administration
9. Communications Director continued as a monthly guest on Foxwood Springs TV to discuss key City issues
10. Coordinated three community blood drives at Centerview in partnership with the Community Blood Center
11. Coordinated two annual electronic waste recycling events
12. Continued to expand the Raymore Arts Commission's reach in the community through the installation of two temporary public art pieces, the concert series, the continuation of the three signature events: Power of Perspectives Art Competition and Awards Reception, Station Stop Art Party and Raymore Chili Cook-off fundraiser

13. Increased subscribers to an opt-in text notification program for arts events
14. Continued the Raymore Civic Leadership Academy to provide opportunities for residents to better understand how their local government works
15. Completed the redesign and modernization of the City's website
16. Increased followers and engagement across City social media accounts
17. Communications Director served on the advisory board for the Missouri Association of Government Communicators (MAGC), and was planning chair for the 2026 annual conference
18. Community Engagement Coordinator represents Raymore on a multi-jurisdictional committee, the Parade of Hearts Legacy TC3 Regional Task Force: Tourism Collaboration, Communication and Coordination
19. Designed a pet ownership guide and stickers for Animal Control's community outreach

SIGNIFICANT BUDGETARY ISSUES

Quality entertainment for the concert series at the Hawk Ridge Park Amphitheater will need to be supplemented by grants, sponsorships or in other ways.

COMMUNICATIONS

Mission To facilitate communication with the public, the media and employees regarding City services and to assist City departments in developing and sharing information about City programs, services and activities.

Service Description The Communications Department promotes the City and staff through multiple channels of communication. Staff develops and implements clear, consistent and engaging strategies that enhance public understanding of the City and local government as a whole.

Objectives		Goal Alignment
A	Communicate with residents in a way that is purposeful and expected	2.1
B	Utilize the City's website as an effective means of communicating to the public	2.1
C	Utilize the City's social media channels and text line as an effective means of communicating with the public	2.2
D	Foster opportunities for residents to feel valued and connected within the Raymore community with signature events that appeal to multiple demographics	1.2, 11.5

Performance Measures		2025	2026	2027 Budget
A	Percent of citizens satisfied or very satisfied with the overall effectiveness of City communications with the public	66%	*	*
B	Percent of residents satisfied or very satisfied with the quality of the City's website	62%	*	*
C	Percent of residents satisfied or very satisfied with the content and design of City's magazine The Review	74%	*	*
D	Percent of residents satisfied or very satisfied with City efforts to keep residents informed about local issues	57%	*	*
E	Percent of residents satisfied or very satisfied with the quality of free musical performances and events hosted by the Raymore Arts Commission	48%	*	*

*Measures will be updated in October with results from fall FlashVote resident survey.

PROSECUTING ATTORNEY

The Prosecuting Attorney Department was created in 2017 in order to comply with mandates that the court administration and Prosecuting Attorney functions be distinctly separate.

The Prosecuting Attorney is a contracted service, with a two year term, appointed by the Mayor with the advice and consent of six (6) out of eight (8) members of the entire City Council. The Prosecuting Attorney prosecutes violations of the City ordinances before the Municipal Court.

SIGNIFICANT BUDGETARY ISSUES

None

GOALS

1. Completion of continuing education units to maintain certification as Prosecutor
2. Compliance with new state legislation and City ordinances
3. Continued improvement of communication with City personnel, Police Department, Circuit Court and the public
4. Timely review of charges and probable cause statements with the Police Department
5. Timely filing of charges with the Municipal Court

POLICE DEPARTMENT ADMINISTRATION

The Raymore Police Department is charged with providing superior police service to the community 24 hours a day, year-round. This includes, but is not limited to: answering calls for service, conducting community policing activities, education and outreach, crime prevention, enforcement of local, state and federal laws including traffic ordinances, protecting persons and property within the city limits, investigating crimes, and assisting other law enforcement agencies and community partners.

PROGRAMS

Administration

The leadership and administrative oversight of Police Department operations is the duty of the command staff. This team consists of the Chief of Police, the Operations Division Captain, the Support Services Division Captain and two Operations Lieutenants.

The Police Department performs its mission and goals by separating the organization into two divisions, Operations and Support Services, which are further divided into areas of expertise and staffed by specially trained personnel. Both division Captains report directly to the Chief of Police.

The management and direction of the Police

Department includes, but is not limited to: addressing citizen concerns and complaints, tracking and addressing crime trends, patterns and sprees, ensuring adequate staffing levels, mandating and securing appropriate training for all department members, providing timely direction, training or discipline in personnel issues, strategic planning, budget preparation and control, purchasing, proper maintenance and allocation of resources and emergency preparedness activities in cooperation with the Emergency Management Director.

GOALS

1. Maintain an efficient, properly trained staff to meet community needs (3.1)
2. Plan deployment according to identified areas of concern (3.3)(3.4)
3. Respond to citizen concerns/complaints within 24 hours and address internal complaints thoroughly and fairly (3.2)
4. Provide professional customer service with every contact (3.2)
5. Train officers on AED (3.5)
6. Add two sworn personnel based on the sales tax for public safety (12.7)
7. Fill three open patrol positions (12.7)

8. Conduct spring and fall Citizen Police Academies (3.2)
9. Continue Blue Shield designation from the Missouri Department of Public Safety (3.1)

FY 2026 PERFORMANCE SUMMARY

1. Conducted a fall Citizens Police Academy
2. The Police drone was replaced and two additional drone operators were added to the program
3. Applied for and received grant funding from the Missouri Division of Highway Safety for continued STEP traffic enforcement activities and equipment
4. Achieved 100% compliance with Missouri Peace Officers Standards and Training requirements
5. Achieved 100% compliance with CJIS and NIBRS audit conducted by the Missouri State Highway Patrol
6. Conducted Shop With a Cop with 62 area children
7. Conducted Coffee With a Cop events at various locations
8. All department members participated in virtual de-escalation training with use of the Multiple Interactive Learning Objectives (MILO) firearms and de-escalation simulator
9. Completed training on the use of crime mapping software
10. Participated in a multi-agency active shooter training
11. Participated in community events such as Touch A Truck, homeowners association meetings and Spirit of America
12. Conducted fraud and security awareness campaigns in the community and with businesses
13. Offered several community inspection dates for Neighborhood Vehicles
14. Achieved continued Blue Shield Designation from the Missouri Department of Public Safety
15. Promoted one Sergeant
16. Promoted one Detective
17. Conducted several officer hiring processes

SIGNIFICANT BUDGETARY ISSUES

No significant budgetary issues

POLICE DEPARTMENT OPERATIONS DIVISION

The Operations Division is made up of the Patrol Unit. Division members are all sworn law enforcement officers and perform their assigned street patrol. The Captain, Patrol Lieutenants and Sergeants manage their assignments by planning, assessing and staffing to most effectively deliver police services to the community. This division contains the largest number of staff members within the Police Department and is most often the initial point of contact with the community. Open, proactive communication with all partners is critical for the Police Department to be successful.

PROGRAMS

Patrol Unit

The Patrol Unit has allocated staffing of two Lieutenants, four Sergeants and 23 Patrol Officers funded by General Fund and seven Patrol Officers funded by the Public Safety Sales Tax. This number does not include a current complement of reserve officers (former full-time members of the department now employed elsewhere) available for call-in during special events and staffing shortages. The Patrol Unit provides a variety of services such as: 24-hour uniformed police presence, response to calls for service, completion of offense reports, performance of preliminary criminal investigations, enforcement of

traffic laws, investigation of traffic crashes, prevention of criminal behavior through police presence and arrest of offenders for violations of city ordinance, state statute and federal law. Service is also provided through the maintenance of community policing and crime prevention programs, including the Citizens Police Academy, School Youth/Community Outreach Officer, House/Neighborhood Watch, child fingerprinting and bicycle safety seminars, prescription drug take-backs, presence at City special events, Crisis Intervention and Chaplain Program.

Several members of the patrol staff are specially trained to provide a variety of additional police services, including the bicycle patrol, crisis intervention, tactical team, accident reconstruction and computer voice stress analysis.

GOALS

Patrol

1. Enhance citizen satisfaction through community policing initiatives and focused training in customer service (3.2)
2. Provide a safer community for citizens through the use of crime prevention techniques and the apprehension of offenders (3.4)

3. Reduce the number of traffic accidents through citizen education and aggressive enforcement at high crash locations (3.4)
4. Attend neighborhood association and community meetings to provide training and/or crime prevention awareness (3.2)
5. Provide appropriate and timely response to all requests for police service (3.1)
6. Train two additional drivers for the Mobile Command Center (12.7)
7. Provide advanced training for four officers in high-risk events and situations (12.7)

FY 2026 PERFORMANCE SUMMARY

1. Hired 10 new police officers for existing positions and Public Safety Sales Tax-funded positions
2. Partnered in two National Drug Take Back events
3. Conducted one secure citywide shred event at City Hall
4. Partnered with local businesses to conduct two bicycle safety rodeos
5. Hosted two child safety seat inspection and installation events
6. Hosted multiple regional law enforcement trainings
7. Deployed traffic radar trailer and radar signs for traffic enforcement
8. Conducted one session of the Citizens Police Academy
9. Conducted multiple Neighborhood Vehicle inspections for community members and hosted several neighborhood vehicle safety inspection events
10. Performed supervision of court-ordered community service

SIGNIFICANT BUDGETARY ISSUES

No significant budgetary issues

POLICE DEPARTMENT SUPPORT SERVICES DIVISION

The Support Services Division includes emergency dispatch, animal control services, preservation of property and evidence in control of the Police Department, and maintenance of all Police Department records. The Division Captain is responsible for oversight of all purchasing and supply, coordination of planning and research, policy development, public information, budget and fiscal responsibilities and grant management. This division maintains files on licensed firearms dealers and processes applications for solicitors requesting approval to operate within the corporate limits of Raymore.

PROGRAMS

Investigations Unit

The Investigations Unit is staffed with one Detective Sergeant, two Detectives funded by the General Fund and one Detective funded by the Public Safety Sales Tax Fund and the School/Youth Community Outreach Officer. The investigators are responsible for the investigation of criminal and juvenile cases, detection and arrest of criminal offenders, location of missing persons and runaway juveniles, recovery of lost and stolen property, proper conduct of fugitive extradition proceedings and investigating conditions relating or contributing to criminal activity. The Community

Outreach Officer is responsible for scheduling and conducting community events such as the Community Against Crime, Citizens Police Academy, crime prevention presentations, neighborhood meetings, neighborhood vehicle inspections and special activities such as the secure shred event.

The Investigations Unit is made up of specially trained and designated investigators who conduct criminal, special and juvenile investigations. Personnel also conduct investigations on narcotic, liquor and vice violations; work with local, state and federal investigators to assist in criminal investigations within the Kansas City Metro area; and are active members with the Metro Squad. They also speak with business and community groups in an attempt to help detect and prevent crimes. They assist the Patrol Division with crime scene investigations and arrest warrants.

Dispatch Communications Unit

The Police Department Communications Unit has allocated staffing of one civilian Dispatch Communications Supervisor, eight civilian Dispatch Communications Officers and up to three on-call positions. The Unit is one of five public safety answering points (PSAPs) in Cass County. The Dispatch Communications Unit provides continuous 9-1-1 emergency and non-emergency telephone

service. They also provide radio dispatch functions for the Raymore Police Department, Peculiar Police Department and the South Metropolitan and West Peculiar Fire Protection Districts. In addition, the members of the Communications Unit are responsible for the operation of local, state and federal computer database systems, which provide information regarding driving records, vehicle registration, warrants and homeland security communications. Members of the unit are also specially trained to provide emergency medical dispatching services as needed.

Animal Control

Two full-time Animal Control Officers are responsible for the coordination of all animal control activities within the city limits of Raymore. They also provide animal control services for the City of Peculiar on an emergency basis. Assigned personnel ensure public safety and animal welfare by providing quality animal control of domestic and non-domestic animals within the city limits. This includes, but is not limited to: response to calls on animals that are wild, stray and those running at large, animal abuse or neglect and issuance of citations. Animal Control Officers provide facility upkeep and facilitate pet vaccinations and adoptions.

Property and Evidence

One full-time Property and Evidence Technician is responsible for all aspects associated with the orderly maintenance and chain of custody control of evidence and property collected, seized, or otherwise obtained by members of the Police Department for the purpose of safekeeping and/or use as evidence in the prosecution of criminal cases. This includes return of items to rightful owners, escheatment and distribution of seized funds to state and other agencies, provision of items for auction and property destruction.

Records

One full-time Crime Analyst/Records Custodian is responsible for the analysis of crime patterns and trends and the maintenance of all police records. This includes: filing, reproduction and overall management of all incident reports generated by the Police Department, including vehicular accidents, arrest jackets, response to open records requests. The Crime Analyst also assists in the preparation of documents for courtroom testimony and provision of information to local, state and national computer databases.

GOALS

Overall Support Services

1. Maintain excellent customer service through prompt/professional citizen contacts (3.1) (3.3) (3.4)(3.5)

Investigations

1. Make Raymore a safer community by meeting or exceeding the national clearance rate for NIBRS Part A and Part B Crimes (3.4)(12.4)
2. Carry a lower than average caseload per detective to provide more focused, high-quality investigations (3.2)(12.4)
3. Continue specialization through training to more effectively investigate cases, including interrogation, crime scene investigation and case management (3.1)(3.2)
4. Enhance interaction with the Cass County Prosecutor and Juvenile Offices (3.1)

Dispatch Communications

1. Maintain 100% compliance with emergency medical dispatch certifications (3.4)
2. Maintain 100% compliance with state-mandated training requirements (3.1)(3.4)
3. Maintain 100% compliance with CJIS requirements and certifications (3.1)(3.4)
4. Maintain full staffing and active on-call positions (3.1)(3.4)

Animal Control

1. Promote community awareness of animal safety through education and enforcement (3.4)
2. Maintain a humane environment for all animals (3.1)
3. Provide a 100% rate of compliance with all state-mandated programs (3.1)
4. Continue animal adoption initiatives (3.1)
5. Conduct vaccination and microchip events for Raymore pets (3.1)(3.4)

Property and Evidence

1. Continue the systematic review process for the timely return, destruction or sale of property and evidence that no longer needs to be held by the Department (3.1) (3.2)
2. Continue involvement with providing best practices for regional partners and state associations (3.1)
3. Maintain regional incinerator agreement (3.1)(3.4)

Crime Analysis/Records Custodian

1. Continue with the systematic process for the collection, dissemination, retention and destruction of all records; to include offense reports, accidents, arrests and traffic citations (3.1)(3.2)(3.4)
2. Ensure accurate and timely dissemination of data (3.1)(3.2)
3. Perform in-depth systematic, analytical processes to provide timely and pertinent information regarding crime patterns, crime trends and crime correlations (3.1-3.4)

FY 2026 PERFORMANCE SUMMARY

1. Conducted one full time Communications Dispatcher to fill existing vacancy
2. Filled vacancy for the Property and Evidence Technician position
3. Trained all Communications Dispatch personnel on the weather alerting software
4. Conducted an Evidence/Property Room audit
5. Partnered with KCPD for drug incineration
6. Partnered with Gunbuster for firearm destruction
7. Recruited at the Cass County Career Center
8. Crime Analyst participated in several local and regional crime intelligence meetings
9. Partnered in two National Drug Take Back events
10. Conducted annual secure citywide shred event at City Hall
11. Hosted two child safety seat inspection and installation events
12. Conducted one session of the Citizens Police Academy

SIGNIFICANT BUDGETARY ISSUES

No significant budgetary issues

POLICE

Mission The Raymore Police Department is charged with providing superior police service to the community 24 hours a day, year-round.

Service Description Includes, but is not limited to: answering calls for service, conducting community policing activities, education and outreach, crime prevention, enforcement of local, state and federal laws including traffic ordinances, protecting persons and property within the city limits, investigating crimes and assisting other law enforcement agencies and community partners, providing dispatch services to four public safety agencies and animal control enforcement and sheltering.

Objectives		Goal Alignment
A	Provide adequate staffing levels based on citizen needs	12.9
B	Maintain or improve average response time for high priority calls	3.5
C	Address areas of concern based on City survey results	3.2, 3.4
D	Explore innovative ways to process animal calls and services	3.4
E	Maintain or improve arrest and clearance rates	3.1,3.4
F	Enhance partnership with Compass Health to reduce Crisis Intervention Team (CIT) calls	3.2, 3.3

Performance Measures		2025	2026	2027 Budget
A	911 emergency calls	10,223	10,250	10,300
B	Number of arrests made	535	540	540
C	Animal Control calls for service	1,335	1,350	1,350
D	Crisis intervention referral	125	130	130
E	Staffing level - goal is for full staffing	32	40	40
F	Response time*	1:31	1:42	1:42
G	Felony clearance rate	28%	34.7%	34.7%

*Response time skewed by non-emergency calls that are held or the officer is told to make contact at his/her convenience

Program as a Percentage of the Department Budget

EMERGENCY MANAGEMENT

Raymore Emergency Management is responsible for the planning and management of resources during local and regional emergency events that affect the citizens of Raymore. An essential component of the department is communication, notably in community outreach, public education and organization of volunteers for the Community Emergency Response Team (CERT).

Other responsibilities include the development and update of policies, procedures and plans that conform to state and national guidelines. Efforts focus on the execution of all emergency and disaster operations and provision of support and assistance to other agencies in the greater metropolitan area. Actions to mitigate, prepare for, respond to and recover from the effects of an emergency, disaster or catastrophic event are coordinated through this office. Raymore Emergency Management is constantly promoting citizen preparedness and best practices in dealing with emergencies.

The Emergency Management Director has overall authority for all activities related to emergency management and reports to the Assistant City Manager. During an emergency or disaster, Emergency Management may assign various department heads to certain functions and, if necessary, coordinate mutual-aid assistance from local, state and federal agencies to accomplish the critical response and recovery from such events.

Department management, procurement of equipment and resources, policy and procedure review and implementation, long and short-range budgeting

and planning as well as emergency preparedness are the primary functions of Emergency Management. Coordination of resources and tracking availability of these resources in the event a need arises are critical to providing an effective emergency management response. Additional responsibilities include maintaining and operating the emergency operations center and alternate emergency communications operations (mobile command center) and developing contingency plans should the emergency operations center need to be outside the Raymore area.

GOALS

1. Review, update and implement policies and procedures, including the Local Emergency Operations Plan (LEOP) for emergency preparedness to maintain compliance with state and federal requirements (3.5)
2. Continue to monitor local, regional and national homeland security and emergency management issues including severe weather, and analyze and disseminate information within the community as needed (3.4)
3. Continue to maintain the Mobile Command Center and ensure that all systems are functional and updated as needed (12.4)
4. Work with local and county emergency managers to test and exercise each emergency operations center and identify gaps and areas for improvement (3.5)

5. Continue professional development in emergency management, disaster preparedness and recovery, homeland security and other areas pertinent to the City's emergency management program and in accordance with state and regional recommendations and provisions (3.4)
6. Continue to enhance the comprehensive emergency preparedness educational program for employees, the community and other relevant stakeholders through social media posts, appearances at local events and by speaking to local organizations (3.4)
7. Represent the City on the Metropolitan Emergency Managers Committee (MEMC), Local Emergency Planning Committee, Regional Homeland Security Coordinating Council, Integrated Warning Team and as a member of the International Association of Emergency Managers (IAEM) (3.5)
8. Investigate and explore additional emergency management funding opportunities through regional, state and federal grants (12.5)
9. Design and practice an active shooter training scenario, particularly with regards to the Court (3.5)
10. Secure at least one additional facility within Raymore to serve as a storm shelter and a warming and cooling center as needed (3.5)
7. Maintained annual EMPG grant award and submitted application for FY26 to SEMA in June 2026
8. Continued forming relationships with EM personnel throughout the region and identifying local Emergency Management needs going forward
9. Ensured City's outdoor warning sirens were operational and regularly tested, including several real-world activations during severe weather threats
10. Led City staff to complete various trainings in the National Incident Management System (NIMS)
11. Organized and hosted the Kids and Families Emergency Preparedness Night for area families
12. Completed a Terrorism Liaison Officer (TLO) course to become a certified TLO

SIGNIFICANT BUDGETARY ISSUES

Each year, the City of Raymore relies on the federal Emergency Management Performance Grant (EMPG) to cover a portion of the costs associated with the Emergency Management Department. The State of Missouri is allocated an amount of EMPG funding each year, which is distributed by the State Emergency Management Agency (SEMA). As the number of applications and requests for this funding have risen in recent years, SEMA has reduced eligible funded items, eliminating equipment and benefits and now allowing only for partial salaries. Since the grant is a federal award, budget considerations and political conflict in Washington D.C. can have a significant impact on this funding source. With ongoing talk of federal Emergency Management programs potentially being altered, reduced or eliminated, it will be important to continue to look for other sources of funding, though scarce, to continue to maintain and expand the outreach of the Emergency Management program.

FY 2026 PERFORMANCE SUMMARY

1. Oversaw operation, maintenance and deployment of the Mobile Command Center, including deployments to local events
2. Attended the annual IAEM Conference, the annual State Emergency Management Agency (SEMA) Conference, numerous trainings, meetings, exercises and workshops throughout the region—including monthly EM meetings with Cass County EM personnel, the annual Region A exercise, regular MEMC meetings, quarterly Region A EM meetings, multiple World Cup planning meetings, and several IAEM Faith-Based Caucus committee meetings
3. Engaged the CERT volunteers by holding bi-monthly meetings covering a variety of topics and featuring guest speakers
4. Engaged with the public via Facebook posts at least twice per week
5. Conducted outreach and communication on emergency preparedness with local schools, places of worship, businesses and youth organizations
6. Participated in SEMA's evaluation of the City's Local Emergency Operations Plan (LEOP)

EMERGENCY MANAGEMENT

Mission To continue the resiliency of the City of Raymore through education, training and cooperation among local, regional, state and federal partners.

Service Description Emergency Management is responsible for the planning and management of resources during local and regional emergency events that affect the citizens of Raymore.

Objectives		Goal Alignment
A	Update and maintain the Local Emergency Operations Plan	3.5
B	Share resources with other jurisdictions and provide mutual aid when needed	3.5
C	Enhance the comprehensive emergency preparedness educational program throughout the community- through relationship building, promoting the CERT Team, social media, etc. (2.1.3)	3.4
D	Represent the City of Raymore on the Metropolitan Emergency Managers Committee, Local Emergency Planning Committee, Regional Homeland Security Coordinating Council, International Association of Emergency Managers and other bodies	3.5
E	Pursue outside Emergency Management funding opportunities, including the Emergency Management Performance Grant (EMPG)	12.5

Performance Measures		2025	2026	2027 Budget
A	Expend at least 90% of Emergency Management Performance Grant (EMPG) funds	100%	100%	100%
B	Participate in at least two tabletop exercises involving multiple jurisdictions each year	3	4	4
C	Increase number of residents participating in the weather alert system	2,416	2,761	2,950

TRANSFERS FROM GENERAL FUND TO OTHER FUNDS

This chapter is included to note any transfers from the General Fund that are included in the fiscal year budget.

SIGNIFICANT BUDGETARY ISSUES

Transfers to Park Fund:

1. General Transfer: The City has traditionally transferred a small amount from the General Fund to this fund to support Parks & Recreation programs. FY 2027 is budgeted at \$100,000.

Transfer to Restricted Revenue Fund:

1. \$145,000 for longevity and hiring incentive payouts

Financial Trend

PUBLIC SAFETY SALES TAX FUND

The voter-approved City of Raymore Public Safety Sales Tax (Fund 15), established in 2025, is used to fund additional police officer positions for the Raymore Police Department. The revenue is used for hiring, salary, training and equipment for the additional police officers.

REVENUES

The City imposes a sales tax of one-quarter percent (0.25%) for the purpose of providing funding for hiring, paying salaries, training and equipping additional police officers outside of the current Police Department budget.

Estimated annual revenue generation: \$1,051,268

Annual cost for officers, equipment and training:
\$991,600

- 8 police officers: \$917,600 (\$114,700 per officer)
 - includes salary, benefits, insurance, training and equipment (uniform, badges, body armor, radio, handgun, ammunition)
- 4 police cars: \$74,000 (lease, equip and maintenance)

Real Estate Property Tax

General Ledger Codes: 25 25-4010-0000	Legal Authority: Municipal Charter: Article XI; Section 11.8 State Statute: Chapter 67.110 & 140 RSMo Missouri State Constitution: Article X
---	--

Revenue Description

Real Property Tax- Assessed property values are determined by taking the market value of the property, as determined by the county assessor, and multiplying by the assessment ratio. Assessment ratios are commercial at 32%, residential at 19%, and agricultural at 12%. Tax is paid on each \$100 of assessed value.

Property tax rates are set by local governments through a vote of the people and within the limits set by the Missouri Constitution and statutes. They are based on the revenues permitted for the prior year with an allowance for growth based on the rate of inflation and new development. Cass County collects and distributes the property taxes for the City of Raymore.

The FY27 City General Operating levy is 0.3702; the Debt Service levy is 0.7170 and the Parks levy is 0.0996 with real estate assessed valuation at \$498,614,505 compared to \$480,112,226 last year. The collection rate is estimated at 99%.

Personal Property Tax

General Ledger Codes:

25 25-4020-0000

Legal Authority:

Municipal Charter: Article XI; Section 11.8
State Statute: Chapter 67.110 & 140 RSMo
Missouri State Constitution: Article X

Revenue Description

Personal Property Tax - assessed valuation is equal to 33% of market value set by the State Tax Commission. Tax is paid on each \$100 of assessed value.

Property tax rates are set by local governments through a vote of the people within the limits set by the Missouri Constitution and statutes. They are based on the revenues permitted for the prior year with an allowance for growth based on the rate of inflation and new development. Tax amounts are determined using market value of the property, as determined using a formula from the State Tax Commission and applied by the County Assessor, multiplied by the assessment ratio. Cass County collects and distributes the property taxes for the City of Raymore.

The FY27 City General Operating levy is 0.3702; the Debt Service levy is 0.7170 and the Parks levy is 0.0996 with personal property assessed valuation at \$94,678,964 compared to \$82,731,994 last year. The collection rate is estimated at 99%.

Transfers from General Fund

General Ledger Codes:
25 25-4901-0000

Legal Authority:
Municipal Code: n/a

Revenue Description

Transfers from General Fund - These funds represent a fund balance transfer from the General Fund of the City and are used to support the Parks Department and associated programs which benefit the citizens as a whole.

FY14 established a new baseline transfer from the General Fund of \$100,000 per year.

During council deliberations of the City Manger's Proposed 2016 Budget, an additional transfer of \$25,000 was directed for the enhancement of competitive sports.

FY17 was reduced back down to the previously set baseline.

FY24 was increased to \$200,000 to provide additional funding for the expansion item of a Business Development Coordinator full time position.

FY25 was reduced back to previous baseline.

FY26 \$100,000; Council expansion items: Holiday lighting the RAC \$3,500; 2 Pitching Mounds & 1

Recreation Programs

General Ledger Codes:

25 26-4715-0000

Legal Authority:

Municipal Code: n/a
State Statute: n/a

Revenue Description

Recreation Programs - Participant fees for recreation programs are recorded in this account.

FY18 projected revenues are based on current receipts and projected participation on fall sports based on the past 3 years.

During FY18 the Raymore Activity Center (RAC) was opened. This facility will house the basketball, volleyball and camp programs, therefor those revenues have been split out to the RAC department 27 for the FY19 budget.

FY27 revenues are estimated conservatively based on flag football, baseball, softball, soccer, instructional programs, tiny sports, and fitness programs.

Special Event Contributions

General Ledger Codes:
25 26-4720-0000

Legal Authority:
Municipal Code: n/a
State Statute: n/a

Revenue Description

Special Event Contributions - This account is for recording of donations, sponsorships and other contributions for special events including the Easter Festival, Spirit of America Celebration, Mini Mud Run, and Mayor's Christmas Tree Lighting.

PARKS DIVISION

The Raymore Parks & Recreation Department, in conjunction with the Parks & Recreation Board, oversees the acquisition, development and maintenance of various parklands within the city limits. Management of park resources and maintenance of park properties within the city limits are delegated to the Parks Division of the Parks & Recreation Department. Under the leadership of the Parks & Recreation Director, the Parks Superintendent uses five full-time employees within the department to care for more than 285 acres of parkland and green space connected by over 20 miles of trails and walking paths. Seasonal assistance is necessary during the peak park-use months of May through October.

PROGRAMS

Park Administration

Parks Administration provides park division management, ensures adherence to policies and best management practices, fiscal accountability, capital improvement project management, budget preparation, purchasing and customer service.

Parks Maintenance

Parks Maintenance conducts the day-to-day care and management of all public park properties. The division provides customer service to park patrons through the preparation of athletic fields, mowing and manicuring lawns and landscaped areas and removal of trash and debris. In addition, facility maintenance and upkeep, tree care, natural resource management and routine safety inspections ensure Raymore public areas and amenities are beautiful and inviting for everyone to enjoy.

GOALS

Parks Administration

1. Upon completion of the stormwater study, staff will work with GBA engineers to complete the redesign of the South Good Parkway Trail and the Brookside Trail and begin construction. (7.5)

Park Maintenance

1. The Parks Maintenance division will work with the Raymore Tree Board to complete a tree planting project, replacing dead trees and planting new trees at Hawk Ridge Park and Recreation Park. (7.7)

FY 2026 PERFORMANCE SUMMARY

1. Staff worked with CFS Engineers to complete construction plans and bidding documents for a new park entrance, community pavilion, digital sign, restroom/storage facility and amphitheater enhancements at Hawk Ridge Park.
2. A tree inventory at T.B. Hanna Station identified hazardous trees for removal and trees to be trimmed for safety and to be incorporated into future park plans. An RFP was prepared and tree work was completed in the summer of 2026.

SIGNIFICANT BUDGETARY ISSUES

Electrical upgrades will need to be addressed in the near future for the baseball/softball complex. Staff worked with Wilson and Company to develop electrical plans that will upgrade the wiring and improve the power supply for the concession stand in preparation for future renovations.

PARKS AND RECREATION:

PARKS DIVISION

Mission The Parks Division provides customer service to patrons through the preparation of athletic fields, mowing and manicuring lawns and landscaped areas and removal of trash and debris. In addition, facility maintenance and upkeep, tree care, natural resource management and routine safety inspections ensure Raymore public areas and amenities are beautiful and inviting for all to enjoy.

Service Description The Parks Division, in conjunction with the Parks and Recreation Board, oversees the acquisition, development and maintenance of more than 300 acres of parklands and green space connected by 20 miles of trails within the city limits.

Objectives		Goal Alignment
A	Track and record shelter rentals	17.2
B	Maintain shelters, public restrooms and spaces in a safe and usable condition.	11.3

RECREATION DIVISION

The Raymore Parks & Recreation Department, in conjunction with the Parks & Recreation Board, is responsible for planning, organizing and supervising a variety of recreation programs and special events for the benefit of Raymore residents and surrounding community. Currently, the Recreation Division has three full-time employees. The Director of Parks & Recreation provides guidance and vision for the division. Additional part-time employees and contract employees are hired to supervise, instruct and officiate recreation programs and camps. The department office assistant provides customer service and additional support services as needed.

PROGRAMS

Recreation Administration

The primary focus of the administrative function within the Recreation Division is to implement a strategic plan that meets department objectives based on revenue projections and customer expectations. The administrative staff, including the Director of Parks and Recreation and the Superintendent of Recreation, work together to coordinate the annual budget, facility programming and coordination with the Parks Division.

Recreation Services

This program involves planning and organizing a variety of recreation programs and special events for the benefit of the residents of the city. Scheduling and coordinating programs and events within the availability of facilities and overseeing the staff to coordinate activities is a critical responsibility of this division. Customer service is at the forefront of recreation services. The recreation staff provide in-office and on-site customer service to park patrons and program participants every day.

GOALS

1. The Athletic Division will develop an equipment replacement plan that helps keep inventory of our youth sports equipment. (12.5)
2. With the recent decline in the adult softball leagues, staff is shifting focus from adult softball to adult sports including volleyball, basketball, softball and non-traditional sports leagues. (7.3)

FY 2026 PERFORMANCE SUMMARY

1. The Recreation Division has developed and is reviewing an employee manual for part-time staff that will assist with the onboarding process for new employees. Implementation for the employee manual is planned for fall of FY26.
2. Recreation staff have attended programming meetings targeted towards 55 and older programming. Staff is rebranding 55 and older programming to be more inclusive for community connection.

SIGNIFICANT BUDGETARY ISSUES

Our current card reader system has become outdated and no longer meets the expectations of many customers. It is important that we evaluate newer card reader solutions that offer a better overall customer experience. Upgrading to a more modern system would allow us to accept contactless payments, including tap-to-pay transactions. Exploring updated card reader technology will help ensure our facilities meet the needs of our patrons.

PARKS AND RECREATION: RECREATION DIVISION

Mission The Recreation Division provides a comprehensive and varied program of recreational, athletic and instructional activities for the community. The activities offered contribute to increased learning, social values and mental and/or physical health of all participants.

Service Description To service the public well-being by ensuring and/or providing a comprehensive program of quality recreation programs, activities and community events.

Objectives		Goal Alignment
A	Track and record public opinion of recreation programs	2.2
B	Engage local businesses and organizations through the community sponsorship program	7.3
C	Continue to expand offerings of programs, leagues, events and opportunities for recreation	7.3

Performance Measures		FY 2025	FY 2026	FY 2027 Budget

CENTERVIEW

The Raymore Parks & Recreation Department oversees the day to day activities, scheduling, programming, rentals of public and private events and maintenance of all public facilities and spaces under the care of the Parks and Recreation Board. The Parks and Recreation Board, in conjunction with the Parks and Recreation Department, develops and implements policies and procedures by which public facilities are operated and made available for public use.

Centerview is Raymore's premier event space and home to the Parks and Recreation administrative offices. This space is versatile and functional for all types of events, programs and rentals. Centerview also serves as an alternate location for public meetings, municipal business and day to day activities of City staff.

PROGRAMS

Centerview Administration

Centerview administration evaluates policies, procedures and prices to ensure the facility is competitive with other event spaces and affordable for the public. The goal of the administrative staff that manages Centerview is to pursue 100% cost recovery and provide a steady revenue source for future programs, staffing and maintenance of the facility. Working with other City departments to ensure cooperative use agreements for all City needs is an

essential function of this administrative team.

Centerview Maintenance

The Park Maintenance crew provides Centerview with the necessary service and upkeep of the surrounding landscaping and facility repairs and maintenance. A mowing contract provides the weekly lawn service. A part time facility attendant is responsible for general indoor maintenance, cleaning and supplies stocking. Recreation staff work together for event set-up and facility coverage for private rentals and events.

GOALS

Centerview Administration

To enhance the reservation process so customers can better visualize their events, staff will utilize an interactive app to assist in set-up for the best facility functionality. (7.3)

Centerview Maintenance

Staff will implement an outdoor maintenance program to repaint the pergola and associated steel structures. (7.2)

2026 PERFORMANCE SUMMARY

1. Staff created a list of priority items needing attention at Centerview. This included indoor and outdoor maintenance items. Out of the list, a plan was implemented to obtain pricing and best options for the replacement of the countertops, administrative office areas and to restore the steel structures associated with the pergola, front entrance and dumpster. These items were presented to the Park Board for consideration in the FY27 budget.

SIGNIFICANT BUDGETARY ISSUES

The Centerview Boardwalk and Butterfly Gardens will enter the third and final year of maintenance originally programmed in the construction contract. As this agreement comes to an end, staff will need to identify a way to maintain the integrity of the project either through in-house maintenance or contractually.

PARKS AND RECREATION: CENTERVIEW

Mission As Raymore’s premier event space and home to the Parks and Recreation administrative offices, Centerview provides a space that is versatile and functional for all types of events, programs and rentals.

Service Description Centerview administration evaluates policies, procedures and prices to ensure the facility is competitive with other event spaces and affordable for the public.

RAYMORE ACTIVITY CENTER

The Raymore Parks & Recreation Department oversees the day-to-day activities, scheduling, programming, rentals for public and private events and maintenance of all public facilities and spaces under the care of the Parks and Recreation Board. The Parks and Recreation Board, in conjunction with the Parks and Recreation Department, develops and implements policies and procedures by which public facilities are operated and made available for public use.

The Raymore Activity Center (RAC) is Raymore's first indoor recreational space and home to the Parks & Recreation summer camp. The RAC provides a much needed space to complement our youth athletics, enhance our summer camp and provide additional programming space for adult and senior programs. The RAC serves as a premium rental space for private groups, independent sports teams and dance clubs, as well as weekend tournament rentals for basketball and volleyball.

An expansion completed in September of 2024 doubled the size of the building, adding an additional athletic court and two multipurpose rooms for department programs and private rentals.

PROGRAMS

Activity Center Administration

The administration of the RAC includes evaluating policies, procedures, programming and prices to

ensure this facility is utilized and programmed to its fullest potential. The goal of the administrative staff that manages the Raymore Activity Center is to pursue 100% cost recovery and provide a steady revenue source for future programs, staffing and maintenance of the facility.

Activity Center Maintenance

The Parks maintenance crew provides necessary service and upkeep of the surrounding landscaping, lawn service and facility repairs and maintenance. A part time facility attendant is responsible for general indoor maintenance, cleaning and supplies stocking. Recreation staff work together for day to day activities, league/tournament set-up and facility coverage for private rentals and events.

GOALS

RAC Administration

1. Staff will conduct a needs assessment for the conversion of the designated office space currently being used as storage. The study will evaluate staffing needs for programming, camps, athletics and customer service. Outcomes will provide a design for use of the space and front entrance office space and cost estimates for a future project. (7.4)

RAC Maintenance

1. The RAC is used every week and on weekends throughout the year. As use continues, the courts are showing signs of wear and tear. Staff will take inventory of the court tiles and schedule a week of maintenance to replace damaged tiles, clean the floor and repaint lines as needed. (11.1)

2026 PERFORMANCE SUMMARY

1. Recreation staff worked with the communications department to get pictures of potential rental set ups to show the versatility of the athletic courts and multipurpose rooms. Pictures will be used in marketing materials such as social media and the Parks Monthly e-newsletter.
2. Staff developed a yearly maintenance schedule for the facility, specifically for athletic features. Basketball goals, court dividers, athletic courts and bleachers will receive maintenance once every two years, with Court A receiving maintenance one year and Court B receiving maintenance the following year.

SIGNIFICANT BUDGETARY ISSUES

Athletic events on the weekends are creating some parking issues at Recreation Park and the Raymore Activity Center. As our programs continue to grow, we must find a way to alleviate the insufficient parking. In the summer of 2026, a trail connection was constructed to connect the skate park parking lot to the RAC, however, future parking expansion is necessary and must be addressed.

PARKS AND RECREATION: RAYMORE ACTIVITY CENTER

Mission As Raymore's first indoor recreational space and home to Raymore's summer day camp program, the Raymore Activity Center provides space to complement youth athletics, enhance the summer camp program, provide additional space for adult and senior programs and private group and team rentals.

Service Description The administration of the Raymore Activity Center evaluates policies, procedures, programming and prices to ensure the facility is utilized and programmed to its fullest potential.

Objectives		Goal Alignment

Water Sales

General Ledger Codes: 50-00-4610-0000	<u>Legal Authority:</u> Municipal Code: Section 700 & 705 State Statute: Chapter 91 RSMo.
---	--

Revenue Description

Water Sales - City of Raymore FY 2027 proposed water rates are \$6.94 per one thousand (1,000) gallons of water consumed. The FY26 rate was \$6.88. All residents receive a minimum bill for two thousand gallons of water and two thousand gallons sewer usage.

Revenues for FY27 are based on the addition of 111 homes. The total number of residential building permits budgeted for FY27 is 189 with 78 of those permits within water districts that do not receive water service from the City.

Sewer Use Charge

General Ledger Codes: 50-00-4630-0000	Legal Authority: Municipal Code: Section 700 & 710 State Statute: Chapter 91 RSMo.
---	---

Revenue Description

Sewer Use Charges - Sewerage use rates are charged by either actual use or winter averaging. In FY 2027, proposed use rates are nine dollars and seventy-six cents (\$9.76) per one thousand gallons of actual water consumed. Winter-averaged rates are ten dollars and twenty-one cents (\$10.21) per one thousand gallons of the average monthly water usage during the months of December, January, and February. All customers are billed each month for no less than two thousand gallons.

Revenues for FY27 are being based on addition of 189 homes with 17 of those new homes in the Middle Big Creek Sewer District.

Water Meter Supply Fee

General Ledger Codes:
50-00-4620-0000

Legal Authority:
Municipal Code: Section 700 & 705
State Statute: Chapter 91 RSMo.

Revenue Description

Water Meter Supply Fee - These fees are the initial charges associated with the actual cost to the City for meters, installation and maintenance of meters and access to the water main for all new construction. The current charge is \$638 per 3/4 inch meter size and \$704 per 1 inch meter size.

Revenue projections are based on the estimated amount of 111 new residential and commercial sites being constructed.

Utility Penalties

General Ledger Codes:
50-00-4600-0000

Legal Authority:
Municipal Code: Section 700, 705 & 710
State Statute: Chapter 91 RSMo.

Revenue Description

Utility Penalties - Revenues recorded in this account are late payment fees for water, sewer and trash billings.

Staff is estimating FY27 revenue based on the average of FY24, FY25 and FY26 revenues.

Solid Waste Fees

General Ledger Codes:
50-00-4640-0000

Legal Authority:
Municipal Code: Section 235
State Statute: Chapter 70 RSMo.
State Statute: Chapter 260 RSMo.

Revenue Description

Solid Waste Fees - This revenue was added during the FY10 budget to account for the payment for City-wide solid waste pickup. This payment is set to match the invoice per home with no administration fee added.

FY27 revenue is estimated with an additional 189 homes and the contracted cost of \$21.99 per home for solid waste & recycling disposal.

Solid Waste Container Fees

General Ledger Codes: 50-00-4645-0000	Legal Authority: Municipal Code: Section 235 State Statute: Chapter 70 RSMo. State Statute: Chapter 260 RSMo.
---	---

Revenue Description

Solid Waste Fees - This revenue was added during the FY20 budget to pay for the trash carts purchased by the city. The charge for trash carts is \$1.50 per month. This covers up to 2 trash carts per household. Each additional cart is \$0.75 per month.

FY27 revenue is estimated based on 8,726 customers in FY26 with an additional 189 homes anticipated in FY27.

Contractual

General Ledger Codes: 50-00-4380-0000	<u>Legal Authority:</u> Municipal Code: Section 700 State Statute: Chapter 82
---	--

Revenue Description

Contractual- This account is used to record the monthly connection fees between the City and Dikeland Sewer District.

Fiscal Year	Collection	Annual Percentage Change	Financial Trend			
2017 Actual	11,353	N/A				
2018 Actual	10,463	-7.84%

2027 CM Proposed	10,392	0.00%				

Interest Revenue

General Ledger Codes:
50-00-4350-0000

Legal Authority:
State Statute: Chapter 82

Revenue Description

Interest Revenue - This account is used to record revenues associated with the City's return on investments of idle funds.

FY26 revenues are based on current interest rates being earned. FY27 based on FY26.

Miscellaneous

General Ledger Codes: 50-00-4370-0000	Legal Authority: State Statute: Chapter 82
---	--

Revenue Description

Miscellaneous - Revenues from various sources not previously categorized. Historically, this amount is generally less than \$10,000 annually. The inconsistent nature of the revenue source makes it difficult to estimate.

WATER UTILITIES

Water Utilities is responsible for the operation and maintenance of the water distribution system serving 8,941 residential and commercial customers. This includes regular inspection and maintenance of the distribution system, Kentucky Pump Station and two storage facilities, as well as locating and exercising water valves, flushing and inventorying fire hydrants and ensuring compliance with local, state and federal regulations. Water Utilities consists of the Public Works Director, Assistant Public Works Director, Crew Leader, Maintenance Specialists, Maintenance Technicians and the Administrative Assistant.

GOALS

System Inspection and Maintenance

1. Perform distribution system flushing in accordance with best practices established by the American Water Works Association and the Missouri Department of Natural Resources (6.1)
2. Perform valve exercising and maintenance in accordance with best practices established by the American Water Works Association and the Missouri Department of Natural Resources (6.1)

Customer Service

1. Respond to customer concerns/complaints within one business day (11.3)
2. Performed required lead service line inspections in accordance with the Missouri Department of Natural Resources and Environmental Protection Agency (11.3)

FY 2026 PERFORMANCE SUMMARY

1. Tested the operation of and flushed 15 fire hydrants
2. Installed 88 service taps related to new home construction
3. Completed 325 City Hall work orders
4. Completed 84 residential water inspections
5. Completed 192 final right-of-way inspections
6. Completed 3,615 Missouri One Call line locate tickets
7. Repaired and/or replaced 21 water meters
8. Completed 79 water service requests
9. Repaired 5 water main breaks
10. Sent two required mailings to residents regarding lead service line identification and reporting in accordance with guidelines from the Missouri Department of Natural Resources and Environmental Protection Agency

SIGNIFICANT BUDGETARY ISSUES

- The cost of purchase of water from Kansas City Water Services is included in this budget: \$x
- Tap material needs to be stocked due to shipment date of 6-9 months out, cost inflation and increase in residential housing

PUBLIC WORKS: WATER

Mission The Water Division operates and maintains the City's water distribution system in a manner to ensure a continuous supply of safe drinking water and fire protection to all customers.

Service Description The Water Division performs inspections, maintenance, repairs, testing and replacement of the pumping station and system's 141 miles of water mains effectively and efficiently. The City purchases its water from Kansas City.

Objectives		Goal Alignment
A	Operate the water distribution system to provide quality drinking water while meeting all regulatory requirements	6.1
B	Minimize customer impact due to water system maintenance, upgrades and repairs	6.1
C	Repair or replace all inoperable fire hydrants in a timely manner	6.1

Performance Measures		FY 2025	FY 2026	FY2027 Budget
A	Number of drinking water violations	0	1*	0
B	Estimated hours for water system repairs from initial report to repair and restored service	4	4	4
C	Number of hydrants replaced	13	5	12

* See FY 2026 Performance Summary #10

SEWER UTILITIES

Sewer Utilities is responsible for the operation and maintenance of the sanitary sewer collection system. This includes regular inspection and maintenance of the collection system and four lift stations, regular sewer jetting and assuring compliance with state and federal regulations. Sewer Utilities is comprised of the Public Works Director, Assistant Public Works Director, Crew Leader, Maintenance Specialists, Maintenance Technicians and the Administrative Assistant.

GOALS

Customer Service

- Respond to customer concerns/complaints within one business day (11.3)

Sewer System Maintenance

- Perform annual televising and jetting/cleaning in accordance with the department's Standard Operating Procedures (6.1)

FY 2026 PERFORMANCE SUMMARY

1. Used the sewer camera on 21,675 feet of sanitary sewer main
2. Inspected 118 new sanitary sewer service connections
3. Completed 18 sanitary sewer service requests

SIGNIFICANT BUDGETARY ISSUES

1. The cost of treatment of sewer by the Little Blue Valley Sewer District is included in this budget: \$x
2. The cost of treatment of sewer by the Middle Big Creek Sewer is included in this budget: \$x

PUBLIC WORKS:

SEWER

Mission The Sewer Division is responsible for the collection of wastewater and its conveyance to the Little Blue Valley Sewer District and Middle Big Creek Sub-District. Employees in this division maintain the City's sewer lines and pump stations.

Service Description The Sewer Division performs inspections, maintenance, repairs and rehabilitation of the system's 150 miles of sanitary sewer lines and four pumping stations effectively and efficiently.

Objectives		Goal Alignment
A	Provide uninterrupted collection and conveyance of all wastewater in accordance with all state and federal laws	6.1
B	Maintain the sewer system to prevent sewer issues	6.1
C	Reduce the amount of inflow and infiltration delivered to treatment facilities	6.1

Performance Measures		FY 2025	FY 2026	FY 2027 Budget
A	Feet of sewer line inspected	15,000	21,675	40,000
B	Feet of sanitary sewer rehabilitated	6,500	800	1,000

Program as a Percentage of the Division Budget

SOLID WASTE

The City provides residential solid waste and recycling collection. Service provision is accomplished by contract from a private solid waste collection company. This chapter is to account for the revenues and expenditures pursuant to provision of this service.

SIGNIFICANT BUDGETARY ISSUES

1. The City monthly charge to residents for trash and yard waste collection is \$16.06 in FY 2027. Recycling is an additional \$5.93.
2. An additional \$1.50 is added to the monthly utility bill for the solid waste cart program. These funds are used to replenish funds used for the initial purchase of carts and for cart maintenance.
3. Total projected revenue is expected to be \$1,718,677 for trash services, \$467,165 for recycling services.

TRANSFERS FROM ENTERPRISE FUNDS TO OTHER FUNDS

This chapter is included to note any transfers from the Enterprise Fund that are included in the fiscal year budget.

SIGNIFICANT BUDGETARY ISSUES

1. The Enterprise Fund makes an annual payment to the General Fund for services provided by the General Fund operations for the benefit of the Utility. The payment is made according to a formula for the calculation of the cost of services provided, as outlined in the following pages.
\$1,578,582
2. The Enterprise Capital Maintenance Fund was established in FY 2010. The Fund accepts a transfer to support the ongoing maintenance of the water and sewer infrastructure of the City.
\$1,00,000
3. Solid waste cart maintenance occurs within the Enterprise Fund.

ENTERPRISE FUND PAYMENT TO GENERAL FUND FOR SERVICES

The Enterprise Fund (50) often benefits from expenditures by the General Fund (01) made on its behalf. For example, the Finance Department, whose funding is provided by the General Fund (01), provides purchasing and accounting services to support Enterprise Fund (50) operations. Knowing and accounting for the full cost of the water/sewer utility sets a basis for financial analysis of the program, and for setting rates appropriately. General Fund (01) revenues should not subsidize the utility, which should be self supporting. Best practices from the fields of finance, accounting, and utility operations indicate that these indirect costs be identified and allocated to the Enterprise Fund (50).

Approaches to calculating an appropriate payment to the General Fund for services vary.

- One approach is to track activities individually and itemize expenses as they occur. While very accurate, this approach is very time consuming, complicated, and costly, so much so that most municipal organizations reject it because the benefits do not outweigh the costs.
- A more common approach is to determine an appropriate indirect cost rate. This involves

determining direct and indirect costs for programs, calculating what percent the indirect costs are of the direct, and using that percentage to calculate the appropriate share of indirect costs for each program. The following is an example using FY 2026 Proposed Budget figures:

Indirect Costs	Budget
Administration	\$ 1,679,827
Information Technology Services	\$ 982,545
Finance (less Utility Billing)	<u>\$ 476,992</u>
	\$ 3,139,364
Direct Costs	Budget
General Fund (less indirect costs)	\$ 11,818,861
Park Fund	\$ 2,214,624
Enterprise Fund	<u>\$ 10,582,133</u>
	\$ 24,615,618

Indirect/Direct Cost Rate 12.75%
($\$3,139,364 / \$24,615,618$)

Enterprise Fund Indirect Calculation \$1,349,222
($\$10,582,133 \times 12.75\% = \$1,349,222$)

Total Enterprise Fund Payment for Services to General Fund:

Indirect Costs	\$1,349,222
Utility Billings	<u>\$ 678,227</u>
Total	\$2,027,449

Using this method, the Enterprise Fund would pay \$2,027,449 to the General Fund.

- Consistent with the full cost of service approach, many cities also charge their franchise fee to their municipal utilities. Assessing our current franchise fee to water/sewer service would result in the following additional charge:

Annual Revenues	\$10,218,762
Fee	<u>7%</u>
Annual Payment	\$ 715,313

Staff is not recommending allocation of this additional fee at this time.

- The City uses a combined method to calculate the appropriate transfer to the General Fund. The steps taken are as follows:
 - Calculate Enterprise Fund operating expenditures (not including capital outlay)
 - Multiply the amount immediately above by 10%, a generally accepted percentage for determining overhead, or "indirect," costs.
 - Add to the resulting number General Fund expenses that are directly for the benefit of the utility.

Using FY 2027 budget numbers, this method results in a transfer from the Enterprise Fund to the General Fund of \$1,578,582, as follows:

- Calculate Enterprise Fund operating expenditures (not including capital outlay)

Personnel	\$1,338,471
Commodities	\$3,538,941
Maintenance/Supplies	\$ 250,020
Utilities	\$ 100,946
Contractual [1]	\$3,662,977
VERP	\$ 89,196
Capital Projects Operating	\$ 23,000

Total Enterprise Fund	
Operating Expenses	\$8,293,196

- Multiply the amount immediately above by 10%, a generally accepted percentage for

determining overhead costs.

$$\$9,003,551 \times 10\% = \$900,355$$

- Add to the resulting number General Fund expenses that are directly for the benefit of the utility.

Direct Expenses	
Billing Software	\$ 85,000
Utility Billing Payroll	\$ 224,242
Late Notices	\$ 6,210
Statement Billing	\$ 128,588
Other Utility	
Billing Expenses	<u>\$ 234,187</u>
	\$ 678,227

Allocated Enterprise	
Fund Indirect Expenses	\$ 900,355
Allocated Direct Expenses	<u>\$ 678,227</u>

Total Allocated	
Direct & Indirect Expense	\$ 1,578,582

[1] This expense only includes those related to water and sewer. Trash services are not included due to the pass-through expense the City is offering at the present time.

This page intentionally left blank.

DEBT SERVICE

The Debt Service Fund is utilized to report the City's financing activities. It is used to account for the accumulation of resources for and the payment of financed debt. The City issues bond debt and uses property tax or enterprise revenues to pay off the matured bonds. All general obligation bond debt is included in this fund.

Debt may also be issued through the Enterprise Fund, Park Fund or other funds. All debt service charts are presented in this section.

This page intentionally left blank.

GENERAL OBLIGATION BONDS

General Obligation Bonds (G.O. Bonds) are secured by the pledge of the City's full faith, credit and taxing power. The taxing power is usually an unlimited ad valorem tax based upon the assessed value of property located within the City. When unlimited ad valorem taxes are pledged, the City is legally required to raise taxes in order to pay the debt service on the bonds. Due to the pledge of a city's unlimited ad valorem taxes, G.O. Bonds carry the lowest interest rates among the various financing options. The voters must approve G.O. Bonds with either a four-sevenths (4/7ths) or two-thirds (2/3rds) majority, depending upon when the election is held. The City has a Missouri constitutional debt limit not to exceed 20% of the City's assessed valuation.

Bond issues accounted for in this section include:

- Series 2016 New Money (\$2.2M Trans & \$5.09M Parks)
- Series 2013 (Refunding the remaining portion of Series 2007)
- Series 2020 (\$6.9M Trans & \$1M Parks)
- Series 2021 (\$5.07M Trans & \$3.93M Parks)
- Series 2022 (Refunding of Series 2012)
- Series 2024 New Money (\$5.515M Transportation)

State law requires the Missouri State Auditor to annually review all taxing jurisdictions throughout Missouri as to their compliance with the tax limitation provisions of Missouri's Hancock Amendment. To

accomplish this, the Auditor provides the City a set of worksheets used to calculate the allowable tax rates for each of the General, Park and Debt Service funds. These worksheets contain calculations performed by the Auditor based on information provided by the City. When received, the City verifies or revises these numbers as appropriate. Statute provides that "a tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments (see attached RSMo 137.073 6(2))." The Auditor may also approve a higher rate, if for instance balloon payments would warrant accumulation of a larger reserve.

SIGNIFICANT BUDGETARY ISSUES - HISTORY

During 2025, the City maintained its Aa2 bond rating from Moody's.

During 2025, the City maintained its AA rating from S&P Global Ratings.

Notes: Debt margin is the total general obligation indebtedness allowed by the State Constitution.

The maximum amount of debt is 20% of assessed value.

General Margin is 10% that can be issued for any City purpose.

Specific Margin is 10% that can only be issued for the purpose of acquiring right-of-way, constructing or extending and improving streets, avenues and/or sanitary or storm systems, and purchasing or constructing waterworks or other plants.

As shown in the charts above Raymore carries a healthy debt service balance well within the legal limits.

REVENUE BONDS

Revenue Bonds are payable from a specific source of revenue and do not pledge the full faith and credit of the City. Revenue bonds are payable from identified sources of revenue and do not permit the bondholders to compel taxation or legislative appropriation of funds not pledged for payment of debt service. For this reason, Revenue Bonds often carry a higher interest rate than GO Bonds. Pledged revenues may be derived from operation of the financed project, grants, a sales tax, or other non-ad valorem taxes. Revenue Bonds

normally take the form of water/sewer revenue bonds, sales tax revenue bonds or some other type of bond with a pledged revenue source. Revenue bonds may be approved by a simple majority of the voters and do not count against the City's constitutional debt limit. The City must also comply with certain bond covenants.

This page intentionally left blank.

SPECIAL OBLIGATION CAPITAL IMPROVEMENT BONDS

Special Obligation debt is similar to General Obligation debt in that it is considered direct debt of the City. Unlike General Obligation debt, however, Special Obligation debt is not backed by the full faith and credit of the City. Rather, Special Obligation Bond debt is supported and repaid only by a special dedicated City revenue source. Normally, these revenue sources take the form of dedicated sales tax proceeds.

SIGNIFICANT BUDGETARY ISSUES

No significant budgetary issues

Current:

- Series 2019 (Refunding Hubach Hill & North Cass Parkway TDD)
- Series 2018 (New Monies - water infrastructure)
- Series 2024 (New Monies - Park Trails Reconstruction)

Notes: Payment for the 2019 SO bond is made from revenues received into the Capital Improvement Sales Tax Fund. The payment is pledged against future receipt of this sales tax revenue. For the Fiscal Years 2027 -2029, the 2024 SO Bond for Trail Reconstruction is made from revenues received in the Parks Sales Tax Fund. These funds are presented in total, including a line item reflecting the above payments, in the Capital Funds section of this budget.

LEASEHOLD REVENUE BONDS

RAYMORE MUNICIPAL ASSISTANCE CORPORATION

A method of lease financing is through the sale of bonds secured by lease payments ("lease revenue bonds"). This method requires that the property and/or equipment be purchased by a not-for-profit corporation or governmental agency. The not-for-profit corporation or governmental agency issues bonds secured by the lease and serves as lessor of the property.

Just as cities establish industrial revenue bond authorities to serve as a conduit to issue industrial revenue bonds, governmental entities can establish not-for-profit-corporations to serve as a conduit for lease financing. The Corporation would be formed under Chapter 355 of the Missouri Statutes (the General Not-For-Profit Corporation Law of Missouri) and would serve as the financing vehicle for the governmental entity. The governmental entity would be responsible for determining the purposes of the Corporation and the composition of its Board of Directors.

Once established, the not-for-profit corporation can issue bonds for a specific project or serve as an ongoing financing vehicle for the governmental entity (e.g. annual equipment financings). Unlike an industrial revenue bond authority, a not-for-profit corporation has no ongoing decision making power. It can only issue bonds when directed to do so by

the governmental entity. Its investment and spending powers are assigned to a Trustee (a Missouri Bank) who performs these functions solely as directed by the governmental entity.

Bond proceeds are used by the Corporation to acquire capital assets as directed by the governmental entity. The capital assets are then leased to the governmental entity through a one year lease with annual renewal terms and a final maturity corresponding to the term of the bonds.

- No current issues.

DNR STORMWATER DIRECT LOAN

This method of lease financing is through the Missouri Department of Natural Resources (DNR). Entities may apply to DNR for assistance on a qualified stormwater project. The City applied and received assistance during 2002 on the Silver Lake Detention Basin Improvements. The City received a grant in the amount of \$84,954, a loan for \$462,000 and committed a local contribution of \$84,502 for a total project cost of \$631,456. The loan was backed by pledging an allocation of the Storm Water Sales tax.

VEHICLE & EQUIPMENT REPLACEMENT PROGRAM (VERP) FUND

The City establishes a schedule for the replacement of vehicles and large equipment in a sinking fund. To better plan for the future and level out significant increases in any one year's budget, a funding mechanism accumulates funds utilizing annual payments to the VERP Fund (03). The program calls for the setting aside of funds, on an amortized basis, to pay for expensive equipment that will require replacement in future years. In this way, budget hardships in any given year due to the need to replace a particular piece of expensive equipment can be avoided.

VERP REPLACEMENT

Replacement funding is provided through an annual contribution by each department for the assets used by the department based on the estimated replacement cost and the life cycle. These payments are made to a dedicated fund. It is intended that the City use this method to purchase all of its vehicles, trucks, and heavy equipment replacements.

Basic Funding Assumptions:

1. A fixed amount will be set aside each year for each replacement.
2. The balance set aside grows each year until the accumulated fund balance approximates the amount needed in the year for the replacement.
3. Budget approval by the Council, as part of annual

budget adoption, is required before purchase from the VERP.

4. Surplus balances will be used to adjust the VERP contributions in subsequent years.
5. The replacement payment is calculated by factoring in the unit price as delivered, expected service life, residual value, and anticipated inflation to replace the original unit.

The fund balance for each VERP account is managed to ensure that the payments remain fairly level each year, with a positive fund balance.

RESTRICTED REVENUE FUND

The FY 2010 Budget established a Restricted Revenue Fund to account for and restrict funds that the City receives for a specific purpose but which might not be spent in that budget year.

SIGNIFICANT BUDGETARY ITEMS

None

The following revenue accounts have been established:

- Police Training Municipal Court Fee
- 9-1-1 Distributions
- Transfers from Other Funds

RESTRICTED EXPENDITURES

- A police training fee is added to fines imposed by the municipal judge. Fees raised may be used only for police training.
- 9-1-1 Distribution funds were used for expenses associated with the upgrade, maintenance and enhancement of the 9-1-1 system. This revenue was eliminated when County voters passed a county-side sales tax for emergency communications in 2012.

Transfers from the General Fund:

- This budget includes a transfer of \$145,000 for the Employee Incentive Program.

04-00-4350-0000

Legal Authority:
State Statute: Chapter 82

Revenue Description

Interest Revenue - This account is used to record revenues associated with the City's return on investments of idle funds. FY16 revenues were estimated based on historical data and the assumption of no change in interest rates, however, interest rates have risen slightly throughout the year and continue to do so.

A large portion of the interest earnings in FY16 were allocated to the recreation center, as the majority of the earnings were associated with those funds.

FY26 revenues are based on current interest rates being earned. FY27 estimated revenue is based on current investments.

CAPITAL BUDGET

The Capital Budget is a product of the Capital Improvement Program (CIP), representing the first year of the five-year CIP.

Capital improvement programming is a guide allowing the efficient and effective use of public funds on public projects. The result of this improvement programming process is the Capital Improvement Program (CIP), a document published annually that proposes the development, modernization or replacement of physical public projects over a five-year period. The CIP shows the arrangement of projects in

a sequential order based on the schedule of priorities and assigns an estimated cost and anticipated method of financing for each project. The first year of the CIP shows specific funding and reflects projects funded during the regular budget process as the Capital Budget.

The following section outlines the capital projects and revenue sources for those projects funded as part of the FY 2027 Annual Budget.

This page intentionally left blank.

CITY OF
RAYMORE
MISSOURI

100 Municipal Circle • Raymore, Mo.
816-331-0488 • www.raymore.com

August 17, 2026

**The Honorable Kristofer Turnbow and
Members of the Raymore City Council**

Dear Mayor Turnbow and Members of Council:

The Adopted Capital Budget for Fiscal Year 2027 and the five-year Capital Improvement Program (CIP) FY 2027 - 2031 are hereby transmitted for Council consideration. The Capital Budget and CIP are designed to further the City Council's goals as established in its:

FY 2027 – 2031 CIP

- *Adopted Comprehensive Plan with Strategic and Parks Plans*
- *Stormwater Master Plan*
- *Transportation Master Plan*
- *Water System Master Plan*
- *Wastewater System Master Plan*

With these plans in mind, the CIP Committee collects project requests submitted by the Department Heads for creation and consideration by the CIP Committee. The CIP Committee, through a series of meetings, develops the project plan for the term of the program. Projects are studied and ranked according to criteria set forth by the Committee. Projects proposed for the CIP are reviewed, evaluated and recommended to the City Manager. The projects accepted by the City Manager are now presented to the City Council for consideration.

REVENUES

The Capital Budget is funded through a number of different operating and capital funds. Some projects may be funded from more than one fund. Some funds are fairly restricted as to what they may be used for and others may be used more broadly. The authorized use of the Capital Fund is explained within the fund narrative. Year-to-year non-transfer revenues into the capital funds from FY 2026 to FY 2027 in total are anticipated to remain relatively constant.

Sales Taxes: The Transportation Fund (36), Capital Improvement Fund (45), Stormwater Sales Tax Fund (46) and Park Sales Tax Fund (47) obtain as their primary revenue source sales taxes. As stated in the General Fund, estimated FY 2027 revenues are based on current receipts, no loss of business and limited new business coming on line. Within the Parks Sales Tax Fund and the Stormwater Sales Tax Fund the City Council determines each year how to allocate 20% of the revenue from the Park/Stormwater Sales Tax. 40% of the revenue from the half-cent Park/Stormwater Sales Tax is allocated to the Stormwater Sales Tax Fund by law; 40% of the revenue is allocated to the Park Sales Tax Fund by law; and 20% is at the discretion of the Council to allocate. For FY 2027, it is proposed to allocate the discretionary 20% all to the Park Sales Tax Fund to aid with several projects coming up in the next two years, as well as prepare the fund to pay the debt service on the bonding for trails.

Building fees and permits: This is another major component of revenue for certain capital funds including the Park Fee in Lieu Fund (27), Excise Fund (37), Water Connection Fee Fund (52), and Sewer Connection Fee Fund (53). The new residential starts for FY 2027 are estimated at 189 and no new commercial or industrial starts are contemplated in these proposed capital budgets.

Transfers from other funds: A final source of revenue for certain capital funds relies on transfers into them from other funds according to pre-established formulas or funding needs. This allows for a set operational amount to be transferred into the capital fund to avoid spikes in the other funds as needs arise. The two funds that rely on transfers into them are the Building and Equipment Replacement Fund (05) and the Enterprise Capital Maintenance Fund (54). Fund (05) is budgeted to receive a set transfer payment each year of \$100,000 from the Capital Improvement Fund (45). Fund (54) is recommended to receive a transfer of \$1,000,000 from the Enterprise Fund (50) for FY 2027. This is an increase of \$250,000 from previous years as repair costs increase and aging infrastructure begins to require major maintenance and repair.

ADOPTED FY 2027 CAPITAL BUDGET

The adopted FY 2027 capital budget includes project funding of \$8,091,733 for 33 recommended projects. Immediately following this transmittal message are two project summary sheets showing all of the projects by category and by funding source.

These projects can be found within the capital budget narratives. Each project is listed with project description, justification, budget impact and project cost. Further information can be found within the project detail sheets of the CIP.

FY 2027 CAPITAL PROJECT SUMMARY

Buildings & Grounds	\$95,000
Sanitary Sewer	\$895,566
Stormwater	\$1,480,812
Transportation	\$4,401,806
Water	\$1,218,549
Total	\$8,091,733

ACKNOWLEDGMENTS

My sincere thanks go to the departments heads and division managers who worked hard to prepare the Capital Budget and CIP, and especially the Capital Improvement Committee.

Public Works Director Trent Salsbury has a major role in putting together data for most of the projects in the Capital Budget and CIP. Finance Director Elisa Williams puts in countless hours working with the CIP Committee and individual department heads in vetting projects and providing estimates and guidance before anything is recommended to the City Manager.

My sincere thanks to all involved for their service and their work on this document.

A handwritten signature in dark ink, reading "Jim Feuerborn". The signature is fluid and cursive, with the first name "Jim" and last name "Feuerborn" clearly distinguishable.

Jim Feuerborn, City Manager

CAPITAL PROJECT SUMMARY

By Type

Type

2027 Funding

Buildings & Grounds	\$	95,000
Parks	\$	-
Sanitary Sewer	\$	895,566
Stormwater	\$	1,480,812
Transportation	\$	4,401,806
Water	\$	1,218,549
Total:	\$	8,091,733

Capital expenditure projects are classified into seven specific programs: Buildings and Grounds, Community Development, Parks and Recreation, Sanitary Sewer, Stormwater, Transportation and Water Supply. For simplicity of presentation, only the types being funded in the current budget year are presented above.

CAPITAL PROJECT SUMMARY

Enterprise Capital Maintenance Fund (54)	\$ 1,213,123
Total:	\$ 8,091,733

Raymore funding for capital projects comes from a variety of sources, but generally falls into one of the categories above.

FY 2027 CAPITAL PROJECTS

The following projects are included in the proposed Capital Improvement Program (CIP) with funding requested in FY 2025 in the amounts detailed below. A full description of the project and the proposed expenditure and funding schedule, which may include prior funding and anticipated future funding for each is also included in the CIP. Projects may be funded from multiple sources over a number of years.

Buildings & Grounds

Server Replacement Program	\$ 15,000
City Hall Council Room AV Upgrades	\$ 80,000

\$ 95,000

Parks

\$ -

CAPITAL BUDGET IMPACT ON OPERATING BUDGET

The impact of capital project operating costs on the annual budget requires careful consideration. Operating costs are a fundamental element of the City's Capital Improvement Program and the over budget development.

Reliable operating cost estimates are necessary from the onset of each budget cycle, as the City must determine specific ongoing expense it will incur once a project has been completed. For example, once the Recreation Activity Center became active it required staff (personnel), operating supplies, electricity, insurance and ongoing maintenance costs to operate. And, since project components are often completed in phases, partially constructed projects generally have associated operating costs which need to be funded in future fiscal years.

Factors such as location, size, and use of the facility determine the number of personnel and operating costs. Projects such as the street lights require no additional personnel and minimal operating costs, while most of the park amenity additions would require additional personnel to cover operations and maintenance. These projects are considered by the CIP Committee and additional part-time staff or full-time staff is requested, if necessary, within the operating budget. In terms of budgeting, the project's initial operational impact may begin before completion of the project in its entirety.

Typically, recurring capital projects have minimal operating impact on the City's current or future budgets. Such projects may be scheduled for replacement or rehabilitation. On occasion there may be some operational cost savings for recurring projects. For example, the annual curb replacement program may reduce operating expenditures associated with repairing curbs, storm cleanup, etc. Many new construction or major improvements do require some additional operating costs such as mowing, electricity, fuel and various other maintenance costs such as equipment rental and contractual services.

On the following page are estimated impacts of operating costs for all capital items budget for FY 2027, as well as the full five-year presentation. Amounts represent an addition to or reduction of operating costs.

CAPITAL BUDGET IMPACT ON OPERATING BUDGET

Below is an estimated impact of operating costs for all capital items budgeted for the full 5-Year representation of the projects. Amounts represent an addition to or reduction of operating costs.

PROJECT / DESCRIPTION	2026-27	2027-28	2028-29	2029-30	2030-31

Combined Total Operating Impact	\$ (39,910)	\$ (39,910)	\$ (39,910)	\$ (39,910)	\$ (39,910)

BUILDING & EQUIPMENT REPLACEMENT PROGRAM (BERP) FUND

The City establishes a schedule for the replacement and repair of buildings and of large equipment in a sinking fund. To better plan for the future and level out significant increases in any one year's budget, a funding mechanism accumulates funds utilizing annual payments to the BERP Fund (05). The program calls for the setting aside of funds, on an amortized basis, to pay for expensive equipment that will require replacement in future years. In this way, budget hardships in any given year due to the need to replace a particular piece of expensive equipment can be avoided.

REVENUES

Replacement funding is provided through an annual contribution from the Capital Improvement Fund. It is intended that the City use this method to purchase all of its future building repairs and equipment replacements.

The fund also is supported by a transfer from the Enterprise Fund. Residents who receive monthly trash service pay an additional \$1.50 per home for the maintenance and care of the trash and recycling carts.

Basic Funding Assumptions:

1. A fixed amount will be set aside each year for each replacement.
2. In general, approval by the Council as part of the budget process is a prerequisite to a purchase from the BERP Fund. If the City Manager determines that an emergency replacement needs to occur and is properly allocated to the BERP Fund, he may authorize such purchase.
3. If the BERP Fund balance is deemed sufficient, contributions to the fund may be reduced.

FY 2013 marked the establishment of this reserve fund. One-time transfers of \$1,000,000 from the General Fund and \$99,044 from the Restricted Revenue Fund were made in FY 2013.

The original financial model for this fund called for an injection of \$300,000 per year as a transfer from the Capital Improvement Fund (45). This annual transfer has been reduced to \$100,000 due to the healthy balance. Staff will review the transfer annually before making any changes requiring Council approval.

FUND PROJECT

Project	Prior Budget	Total Expenditures	Carryover	2027 Budget	Total Available
IT - Server Replacement Program	\$15,000	0	0	\$15,000	\$15,000
IT - City Hall Council Chamber AV Upgrades	0	0	0	\$80,000	\$80,000
Total	0	0	0	\$95,000	\$95,000

Server Replacement Program

Cost (total): \$15,000

As servers have a useful life of five years, replacements are scheduled in five-year cycles. This is an ongoing cost of \$15,000 per year to replace multiple servers per year.

Operating Cost: None

City Hall Council Chamber AV Upgrades

Cost (total): \$80,000

The project will upgrade the audiovisual equipment in the Council Chamber to improve streaming and recording quality, reduce the risk of equipment failure and modernize the backend infrastructure.

Operating Cost: None

2021
Transfer from VERP for future equipment replacement for the Command Post Vehicle

No transfers are budgeted for FY27.

Transfer from Capital Improvement Sales Tax Fund

General Ledger Codes: 05-00-4945-0000	Legal Authority: Municipal Code: n/a State Statute: n/a
---	--

Revenue Description

This account is for transfers from the Capital Improvement Sales Tax Fund for future building repairs and equipment replacements specifically covered by the BERP Fund. This funding was set to contribute \$300,000 annually based on future needs and will be analyzed and adjusted as the City's infrastructure changes.

The FY17 annual transfer was reduced to \$100,000 due to the healthy balance and a new financial model is being investigated. FY27 transfer is estimated to remain the same.

Transfer from Enterprise Fund

General Ledger Codes: 05-00-4950-0000	Legal Authority: Municipal Code: n/a State Statute: n/a
---	--

Revenue Description

This account is for transfers from the Enterprise Fund balance to reimburse the cost of solid waste and recycling carts.

The Enterprise fully reimbursed the BERP fund in FY2026

PARK FEE IN LIEU FUND

The City of Raymore Park Fee In Lieu Fund (27), established in 1999, is used to fund the purchase of future land for City parks. Funds may also be used for infrastructure improvements that would bring park land into the condition in which it would have been dedicated from a subdivision developer.

REVENUES

Revenues are received from development exactions per the requirements of City Code Section 445.040. Older projects (approved prior to May 2004) pay fees-in-lieu of land dedication per lot at the time a building permit is issued. Subdivision developments that do not dedicate park land and which were approved after May 2004, pay fees-in-lieu of land at the time of recording each final plat for all the lots shown on the plat being recorded.

Park Fee in Lieu

General Ledger Codes: 27-00-4705-0000	Legal Authority: Municipal code: Section 445.040
---	--

Revenue Description

Park Fee in Lieu - This fund was created to allow developers to donate cash in lieu of parkland. This is applied to the acquisition of land for future parks and may also be used for developing neighborhood parks.

FY27 revenues are conservatively based on the average fee assessed using 189 new homes.

This page intentionally left blank.

TRANSPORTATION FUND

The City of Raymore Transportation Fund (36), established in 2001, is used to fund those capital projects associated with the expansion, enhancement and major maintenance of the City's transportation system.

REVENUES

1. The Transportation Sales Tax Fund (36) has as its primary source of revenue a sales tax of one-half percent (0.5%).
2. Intergovernmental Taxes are also received from Cass County Missouri:

- A quarter-cent sales tax is collected by the county then one-third of the collections are distributed to the municipalities.
 - A Cass County Road and Bridge Property Tax is assessed to the residents of Cass County Missouri then distributed to the municipalities.
3. Transfer from the General Fund Expansion Item \$

OTHER EXPENDITURES

1. **General Fund Transfer:** A transfer is made annually to the General Fund to offset costs incurred by the Street Department. \$320,000

FUND PROJECT HIGHLIGHTS

Project	Prior Budget	Total Expenditures	Carryover	2027 Budget	Total Available
2027 Curb Replacement	0	0	0	\$674,000	\$674,000

Annual Curb Replacement Program

Cost (total) \$674,000

The City's Annual Curb Replacement program replaces deteriorated concrete curb and gutter throughout the city. Proposed funding from both the Transportation and Storm Water Funds will provide for removal and replacement of approximately 18,000 feet of curb and gutter at various locations each year.

Operating Cost: None

Annual Street Preservation Program

Cost (total) \$1,348,000

Street preservation involves taking actions to preserve the local street network, which may include milling of streets and overlaying it with several inches of pavement, micro paving, chip/sealing and crack sealing. This occurs in various locations around the city approved by the City Council on an annual basis.

The City's Comprehensive Pavement Management program outlines a regular maintenance schedule for the street network in order to maintain the network in "good" condition or better.

Operating Cost: None

Right-of-way Infrastructure Repairs

Cost (total) \$159,000

This program provides funding for repairs of various infrastructure within public rights of way such as sidewalks/pathways, curbs, gutters and stormwater culverts. Operations and Maintenance has a considerable backlog of sidewalk and curb repairs. This project provides supplemental funding for the removal and replacement of displaced sidewalk panels that cannot be corrected by mudjacking. Staff is also starting to encounter a number of street crossing culvert failures, which require immediate attention. It is proposed that the hierarchy for the use of these funds would be sidewalk repairs, curb repairs and culvert repairs.

Operating Cost: None

58 Highway Street Light Repairs

Cost (total) \$20,000

This project removes and resets 15 existing street lights that are leaning toward 58 Highway from Madison Street to J Highway.

Operating Cost: None

Lucy Webb Road and Dean Avenue Trail Replacements

Cost (total) \$509,655

This project replaces the existing 10-foot asphalt trail on the south side of Lucy Webb Road and east side of Dean Avenue with a 10-foot concrete trail.

Operating Cost: None

J Highway and 58 Highway Signal Redesign

Cost (total) \$100,000

This project will redesign the signal that currently exists at the intersection of J Highway and 58 Highway, bringing the signals up to current standards.

Operating Cost: None

Sidewalk Replacement Program

Cost (total) \$122,000

This project replaces 1,000 linear feet of sidewalk that have deteriorated throughout Raymore.

Operating Cost: None

Kurzweil Road Roundabout Design and Acquisition

Cost (total) \$80,000

This project will complete the design of the roundabout at 155th Street and Kurzweil Road and acquire certain necessary easements and rights-of-way to construct the project as designed.

Operating Cost: None

Dean Avenue Curb Phase II

Cost (total) \$333,000

This project removes and replaces approximately 5,000 linear feet of curb on Dean Avenue from Lucy Webb Road to approximately 100 feet south of Indian Grass Way. This is year two of a two-year project to replace all of the deteriorated curb on Dean Avenue from North Cass Parkway to Hickory Leaf Lane..

Operating Cost: None

Transportation Sales Tax

General Ledger Codes: 36-00-4130-0000	Legal Authority: Municipal Code: Sections 145.010; 145.020 State Statute: 94.500-94.550; 94.700 State Statute: 94.700-94.755 RSMo Article IV of the Constitution of the State of MO Section 30 (b)
---	---

Revenue Description

Transportation Sales Tax – A tax of one-half of one percent (0.5%) is collected by the City for transportation-related purposes, which according to statute may include construction, repair and maintenance of streets and bridges, acquisition of land, right-of-way purchases, and related debt retirement.

In 2012 the Missouri Supreme Court invalidated out-of-state sales tax collection on motor vehicles for any jurisdiction that had not adopted a use tax. Raymore does not currently have a use tax. In 2013 a statute was enacted that restored this source as a sales tax, at least temporarily. Cities were given until the deadline date of November, 2016 to put before the voters a measure to permanently adopt this sales tax. In 2016 the legislation was passed to extend this deadline to 2018. In August of 2016 Raymore voters allowed this sales tax to remain in place.

The FY26 projected revenues are based on current receipts plus the average collected July through October in the preceeding two years. The FY27 revenue is conservatively based on FY26 projections plus 2.5%.

2026 - Cass County Road and Bridge Additional 1/4 Cent Sales Tax

General Ledger Codes:
36-00-4475-0000

Legal Authority:
Municipal Code: n/a
State Statute: 137.556, 67.547, 67.548

Revenue Description

Section 137.556 RSMo. states that "any county of the first class not having a charter form of government shall expend not less than 25 percent of the money accruing to it from the county's special road and bridge tax levied on property within a city limits for the repair and improvement of roads and bridges within the city from which such moneys accrue."

In August 2012, the Cass County Commission voted to reduce the County's Road & Bridge Property tax levy from 0.2525 to 0.2300.

In August 2026, Cass County citizens voted to eliminate Road & Bridge Property Tax and replace it with an additional .25% Transportation Sales Tax. The County is required by State Statute RSMO 67.547, 67.548 to reimburse the City the equivalent of a .1400 tax levy if they eliminate the Road & Bridge Property Tax for a Sales Tax. The County indicated to the City that they would be made whole to fully receive the equal amount distributed in FY2026.

The FY 2027 estimate is based on the FY 2026 projected amount.

EXCISE TAX FUND

The City of Raymore Excise Tax Fund (37), established in 2001, is used to fund those capital projects associated with the expansion, enhancement and major maintenance of the City's transportation system. The projects within this fund are associated with the increased traffic of new business development within the City.

REVENUES

1. The Excise Tax Fund has as its primary source of revenue the tax which is imposed on the basis of the additional vehicle trips generated by any eligible development activity during the afternoon time period when traffic volume on the adjacent street is highest. The tax is calculated by multiplying the trip generation rate by the license tax rate.

2. The revenue of \$497,259 proposed in FY 2027 from family housing starts is based upon 189 new homes.

3. Transfer from Transportation Fund: When the City excise tax was instituted, it was understood that the City at large should contribute to the cost of projects paid for with excise tax funds. The amount the City should pay should be in rough proportions (25%, 50%, 75%) to the amount of use the preexisting City will contribute to the new facility as to what new growth will contribute.

FUND PROJECT HIGHLIGHTS

Project	Prior Budget	Total Expenditures	Carryover	2027 Budget	Total Available
Maintenance of Thoroughfare Routes	0	0	0	\$212,000	\$212,000
58 Highway Overlay Phase II	0	0	0	\$500,000	\$500,000
Total	0	0	0	\$712,000	\$712,000

Maintenance of Thoroughfare Routes

Cost (total) : \$212,000

This project involves micro-surfacing collector and arterial roads on a regular six-year cycle. The City's Comprehensive Pavement Management Program recommends that collector and arterial streets receive surface treatments on a regular basis to preserve the integrity of the pavement and increase service life.

Operating Cost: No anticipated operating costs

58 Highway Overlay Phase II

Cost (total) : \$500,000

This project replaces curb and gutter, select ADA ramps and sections of sidewalk and includes a 3-inch deep asphalt mill and overlay on the section of 58 Highway from Johnston Drive to Adams Street.

Operating Cost: No anticipated operating costs

Excise Tax

General Ledger Code: 37-00-4152-0000	Legal Authority: Municipal Code: Section 605.0050 - 605.130 State Statute:
--	---

Revenue Description

The Excise Tax was established to help pay for the City's costs in dealing with new development that generates new and additional traffic. This revenue is used for improvement of streets and related improvements throughout the City, including but not limited to the design, construction, reconstruction, maintenance, and improvements to streets, roads and bridges and acquisition of all necessary rights-of-way. The tax is imposed on the basis of the additional vehicle trips generated by any development activity during the afternoon time period (P.M. peak hour) when traffic volume on the adjacent street is highest. The license tax is calculated by multiplying the "trip generation rate" by the "license tax rate". Revenues are budgeted based on the permitting of 189 new homes.

Transfer in From Transportation Fund

General Ledger Codes: 37-00-4936-0000	Legal Authority: Municipal Ordinance: n/a State Statute: n/a
---	---

Revenue Description

Transfer from the Transportation Fund - When the City Excise Tax was instituted, it was understood that the City at large should contribute to the cost of projects paid for with excise tax funds. The amount the City should pay should be in rough proportions (25%, 50%, 75%) to the amount of use the pre-existing City will contribute to the new facility as to what new growth will contribute.

This page intentionally left blank.

CAPITAL IMPROVEMENT FUND

The City of Raymore Capital Improvement Fund (45) is established for the purpose of funding the construction and maintenance of capital improvements. Statute defines "Capital Improvements" as any capital or fixed asset having an estimated economic useful life of at least two years, and "Capital Asset" or "Fixed Asset" as assets of a long-term character that are intended to continue to be held or used, including but not limited to land, buildings, machinery, furniture, and other equipment, including computer hardware and software.

REVENUES

The Capital Improvements Sales Tax Fund (45) has as its primary source of revenue a sales tax of one-

half percent (.5%). In future budget years, the Hubach Hill Road / North Cass Parkway Transportation Development District (TDD) will begin generating revenue that will offset the TDD Debt Service that the City is committed to backing.

OTHER EXPENDITURES

BERP Fund Transfer: A transfer is made annually to the Building Equipment Replacement (BERP) Fund to support all of the future building repairs and equipment replacements. \$100,000

FUND PROJECT HIGHLIGHTS

Total	0	0	0	\$1,055,962	\$1,055,962

Curb Ramp Repair & Replacement

Cost (total): \$132,500

Ongoing project to repair and/or replace curb ramps throughout the city. A 2021 survey of 1,400 curb ramps within the city determined that 826 ramps were in need of some type of repair ranging from crack sealing to complete removal and replacement in order to comply with ADA requirements.

Operating Cost: None

North Foxridge Drive Median Repair

Cost (total): \$211,650

This project involves removing all rock and plants from both North Foxridge Drive medians from Granada Drive south to the alley and replacing the smaller brick red concrete median south of the alley with four inches of compacted half-inch clean rock and six inches of smooth-finished Deep Charcoal SikaColor-200 brand P-13 concrete. Existing curbs will remain and concrete joints will be squared for uniformity. In addition to replacing the medians, the parking block median running down North Foxridge Drive will be replaced with a permanent concrete median.

Operating Cost: None

Hubach Hill Culvert Box Replacement and Road Repairs

Cost (total): \$696,812

This project involves replacing the existing concrete box culvert on Hubach Hill Road with an aluminum box culvert, reestablishing the roadside ditches from the intersection of Hubach Hill and South Madison Street to the creek and a 2-inch mill and overlay with full depth patching of Hubach Hill Road from South Madison Street to J Highway.

Operating Cost: None

Abandon 8" Waterline along Lucy Webb

Cost (total): \$15,000

This project will abandon the live 8-inch waterline on the south side of Lucy Webb Road between South Madison Street and J Highway. There is an existing 12-inch waterline to serve the area and the 8-inch waterline serves no purpose other than causing issues when there is a need to shut off water.

Operating Cost: None

Capital Improvements Sales Tax

General Ledger Code:
45-00-4125-0000

Legal Authority:
Municipal Code: Section 145.030
State Statute: 94.575-94.577 RSMo

Revenue Description

Capital Improvement Sales Tax – A tax of one-half of one percent (0.5%) is collected by the City for the funding, operation or maintenance of capital improvements and the repayment of bonds to finance capital improvements. Statutes define a capital improvement as any capital or fixed asset having an estimated economic useful life of at least two years.

In 2012 the Missouri Supreme Court invalidated out-of-state sales tax collection on motor vehicles for any jurisdiction that had not adopted a use tax. Raymore does not currently have a use tax. In 2013 a statute was enacted that restored this source as a sales tax, at least temporarily. Cities were given until the deadline date of November, 2016 to put before the voters a measure to permanently adopt this sales tax. In 2016 the legislation was passed to extend this deadline to 2018. In August of 2016 Raymore voters allowed this sales tax to remain in place.

The FY26 projected revenues are based on current receipts plus the average collected July through October in the preceding two years. The FY27 revenue is conservatively based on FY26 projections plus 2.5%.

Transfer In from General Fund

General Ledger Codes:

45-00-4901-0000

Legal Authority:

Municipal Ordinance: n/a
State Statute: n/a

Revenue Description

In FY12 the Council approved the transfer of \$200,000 from the General Fund to the Capital Improvement Fund for the use for planning, design or construction of a future activity center.

FY21 transfer is for the following project:

\$28,390 Attenuator, \$77,972 Dump Bed, Plow/Spreader, \$50,000 Traffic Calming Study, \$45,000 LPR/LPC, \$100,000 Hawkridge Park Inclusive Playground contribution

FY22 transfer is for the following project:

Lucy Webb Pedestrian Crossing \$16,000

FY23 transfer is for the following project:

Police Firing Range \$1,056,327

FY24 transfer is for the following project:

Radar Signs \$50,000
Flock Cameras \$13,400

STORMWATER SALES TAX FUND

The City of Raymore Stormwater Sales Tax Fund (46), established in 1998, is used to fund capital projects associated with the City's storm sewer system.

and the remaining 20% is subject to the annual budgeting process. For FY 2027, it is budgeted to allocate 0% to the Stormwater Fund between the funds.

REVENUES

The City imposes a sales tax of one-half percent (0.5%) for the purpose of providing funding for stormwater control and local parks, with an established formula set for the distribution of monies received. The Stormwater Sales Tax Fund and Parks Sales Tax Fund each receive 40% of the monies received from this tax,

Total	0	0	0	\$784,000	\$784,000

Annual Curb Replacement Program

Cost (total): \$212,000

The City's Annual Curb Replacement program replaces deteriorated concrete curb and gutter throughout the city. Proposed funding from both the Transportation and Storm Water Funds will provide for removal and replacement of approximately 18,000 feet of curb and gutter at various locations each year.

In spring of 2026, an ARA Infrastructure Assessment Vehicle collected data on the pavement condition of all public streets in the city to guide decisions in determining which streets are in most need of repairs. The cost of the replacement program is being borne by both the Stormwater and Transportation Funds in recognition of the fact that curbs serve both as a road support device and as a storm water conveyance measure.

Operating Cost: None

Stormwater Culvert Rehabilitation

Cost (total): \$100,000

Removal and replacement of inlet tops, throats and damaged curb in specific locations will prevent further erosion and washout, which contributes to significant pavement undercutting and damage.

Operating Cost: None

58 Highway Box Culvert Evaluation and Repairs

Cost (total): \$75,000

This project evaluates the current condition of the culvert box on 58 Highway near Prairie Lane and makes necessary repairs.

Operating Cost: None

Corrugated Metal Pipe (CMP) Lining/ Replacement Project

Cost (total): \$262,000

This project lines, repairs and replaces failing corrugated metal pipe across Raymore's storm sewer system with high-density polyethylene pipe, the new standard.

Operating Cost: None

Underdrain Installation Project

Cost (total): \$135,000

This project involves installing underdrain/French drain at various locations around Raymore to mitigate groundwater constantly flowing across sidewalks or down curbs.

Operating Cost: None

46-00-4120-0000

Legal Authority:

Municipal Code: Section 145.040
State Statute:

Revenue Description

Stormwater Sales Tax – A tax of one-half of one percent (0.5%) is collected by the City for the purpose of providing funding for storm water control and local parks.

In 2012 the Missouri Supreme Court invalidated out-of-state sales tax collection on motor vehicles for any jurisdiction that had not adopted a use tax. Raymore does not currently have a use tax. In 2013 a statute was enacted that restored this source as a sales tax, at least temporarily. Cities were given until the deadline date of November, 2016 to put before the voters a measure to permanently adopt this sales tax. In 2016 the legislation was passed to extend this deadline to 2018. In August of 2016 Raymore voters allowed this sales tax to remain in place.

The FY26 projected revenues are based on current receipts plus the average collected August through October in the preceeding two years. The FY27 revenue is conservatively based on FY26 projections plus 2.5%.

The City Code provides that the Park Sales Tax Fund and the Stormwater Sales Tax Fund shall each receive 40% of the revenue from this tax, and the remaining 20% shall be distributed to each fund at the discretion of the City Council during the annual budgeting process. For FY 2027, the City Manager proposes that the Stormwater Sales Tax Fund receive 0% of that distribution and the remaining 20% be distributed to the Park Sales Tax Fund for the Park Trails Reconstruction project.

This page intentionally left blank.

PARKS SALES TAX FUND

The City of Raymore Park Sales Tax Fund (47), established in 1998, is used to fund those capital projects associated with the purchase of land and expansion and enhancement of the City’s park system.

REVENUES

The City imposes a sales tax of one-half percent (0.5%) for the purpose of providing funding for stormwater control and local parks, with an established formula set for the distribution of monies received. The Stormwater Sales Tax Fund and Parks Sales Tax Fund each receive 40% of the monies received from this tax, and the remaining 20% is subject to the annual budgeting process. For FY 2027, it is budgeted to allocate 20% to the Parks Fund.

Park Sales Tax

General Ledger Code:

47-00-4110-0000
47-00-4120-0000

Legal Authority:

Municipal Code: Section 145.040
State Statute:

Revenue Description

Park Sales Tax – A tax of one-half of one percent (0.5%) is collected by the City for the purpose of providing funding for storm water control and local parks.

In 2012 the Missouri Supreme Court invalidated out-of-state sales tax collection on motor vehicles for any jurisdiction that had not adopted a use tax. Raymore does not currently have a use tax. In 2013 a statute was enacted that restored this source as a sales tax, at least temporarily. Cities were given until the deadline date of November, 2016 to put before the voters a measure to permanently adopt this sales tax. In 2016 the legislation was passed to extend this deadline to 2018. In August of 2016 Raymore voters allowed this sales tax to remain in place.

The FY26 projected revenues are based on current receipts plus the average collected July through October in the preceeding two years. The FY27 revenue is conservatively based on FY26 projections plus 2.5%.

The City Code provides that the Park Sales Tax Fund and the Stormwater Sales Tax Fund shall each receive 40% of the revenue from this tax, and the remaining 20% shall be distributed to each fund at the discretion of the City Council during the annual budgeting process. For FY 2027, the City Manager proposes that the Stormwater Sales Tax Fund receive 0% of that distribution and the remaining 20% be distributed to the Park Sales Tax Fund for the Park Trails Reconstruction project.

WATER CONNECTION FEE FUND

The City of Raymore Water Connection Fee Fund (52), established in 2002, is used to fund those capital projects associated with the expansion of the city's water supply system as well as to take on enhancements to the existing system to support new development. To a limited degree, this fund may be used for major maintenance projects associated with the existing system. Projects have been identified in the City's Water Master Plan.

REVENUES

The Water Connection Fee Fund has as its primary source of revenue those fees which are charged for the connection of new water service for residential and commercial locations. A second source of revenue for this fund includes both revenue and general obligation bonds which may be approved and issued by the City of Raymore.

FUND PROJECT HIGHLIGHTS

Project	Prior Budget	Total Expenditures	Carryover	2027 Budget	Total Available
Water Station Upgrades	0	0	0	\$95,992	\$95,992

Water Station Upgrades

Cost (total): \$95,992

This project repairs, replaces, updates and upgrades all necessary components that control our flow of water from Kansas City. The project includes maintenance on the control valves at the Kentucky Pump Stations, Gore Metering Station and Lucy Webb Metering Station. The project would also include the required Supervisory Control and Data Acquisition (SCADA) updates and upgrades to go in conjunction with the control valves..

Operating Cost: None

Water System Master Plan Update

Cost (total): \$250,000

This project involves updating our current water master plan. The current plan was completed in 2003, and is no longer representative of the current water system. The updated water master plan will help guide water system growth over the next 20 years to ensure future needs are met. This project will be bid as a Request for Qualifications (RFQu).

52-00-4680-0000

Legal Authority:

Municipal Code: Section 705.030-705.030

State Statute: n/a

Revenue Description

The City of Raymore imposes a fee for new connections to the City's water system. This fee is payable prior to approval of a new water service connection. Funds collected are used for the purpose of offsetting actual costs incurred by the City in undertaking water facilities projects (including master planning, engineering, legal, administration, construction inspection, construction of facilities, land acquisition and testing) or for financing directly as a pledge against bonds, revenue certificates and other obligations of indebtedness, the costs of water facilities projects. The calculation of the connection fee is according to the City's Schedule of Fees, with a base of \$2,637 per connection. Total FY27 revenue is based on 111 new permits for homes that are not in a water district.

SEWER CONNECTION FEE FUND

The City of Raymore Sewer Connection Fee Fund (53), established in 2002, is used to fund those capital projects associated with the expansion of the city's sanitary sewer system as well as to support enhancements to the existing system to support new development. To a limited degree, this fund may be used for major maintenance projects associated with the existing system. Projects have been identified in the City's Sanitary Sewer Master Plan.

REVENUES

The Sewer Connection Fee Fund has as its primary source of revenue those fees which are charged for the connection of new sewer service for residential and commercial locations. A second source of revenue for this fund includes both revenue and general obligation bonds which may be approved and issued by the City of Raymore.

FUND PROJECT HIGHLIGHTS

Total	0	0	0	\$540,000	\$540,000

Wastewater System Master Plan Update

Cost (total): \$250,000

This project involves updating our current Wastewater Master Plan. The updated plan will help guide wastewater system growth over the next 20 years. The current plan was completed in 2004, and updated in 2008, and is no longer representative of the current wastewater system. An updated plan will allow the City to grow responsibly and help to ensure that future wastewater demands are able to be met. This plan will also be a tool for the planning of future capital projects.

Operating Cost: None

Hunters Glen Lift Station Elimination Study

Cost (total): \$40,000

This project will have the on-call engineer investigate the possibility of removing the Hunters Glen Lift Station and turning it into a gravity line that flows to the Owen Good Lift Station.

Operating Cost: None

Owen Good Forcemain Investigation

Cost (total): \$250,000

This project involves working with a specialty contractor with Pipeline Inspection and Condition Analysis (PICA) Corp to investigate the force main for any remaining deficiencies in all 17,000 linear feet of the Owen Good forcemain and recommend solutions to any deficiencies found. This process utilizes a tool called a "smart pig" to measure the line for active leaks and determine wall thickness.

Operating Cost: None

Sewer Connection Fees

General Ledger Code:

53-00-4650-0000

53-00-4651-0000

Legal Authority:

Municipal Code: Section 710.430

State Statute: n/a

Revenue Description

A sewer connection fee is imposed upon new connections to the City's sewer system. The sewer connection fees shall be charged as follows:

Residential (single-family and multiple-family) sewer connection fees are charged a sewer connection fee of \$58.00 for each trap, with a minimum charge of \$1,516. Multiple drains served by a single faucet shall be considered (1) trap. (Most residential have more than one trap).

Commercial and industrial sewer connection fees are charged a sewer connection fee of \$71 for each trap, with a minimum charge of \$2,574.

The Fiscal Year 2027 projected revenue is based on current housing permits and an estimated 189 traps.

ENTERPRISE CAPITAL MAINTENANCE FUND

The City of Raymore Enterprise Capital Maintenance Fund (54), established in Fiscal Year 2010, is used to fund those capital projects associated with major capital maintenance to the City's existing water and sewer infrastructure.

REVENUES

In Fiscal Year 2011, revenues associated with this fund were the direct results of transfers from the

Enterprise Fund (50) for specific projects identified as necessary in the short term. Fiscal Year 2012 began the practice of transferring from the Enterprise Fund (50) in amount equivalent to 1% of the total value of the water and sewer infrastructure of the City. In 2015, the annual amount was reduced to help offset the cost of service for the Enterprise Fund. This amount will be slowly increased over the next ten years to the full 1% contribution.

FUND PROJECT HIGHLIGHTS

Project	Prior Budget	Total Expenditures	Carryover	2027 Budget	Total Available
Ongoing Inflow and Infiltration Reduction	0	0	0	\$205,566	\$205,566
Citywide Inflow & Infiltration Monitoring Study	0	0	0	\$150,000	\$150,000
Original Town Valve Installation Program	0	0	0	\$74,200	\$74,200
Hydrant Replacement	0	0	0	\$221,357	\$221,357
Sunset Lane 4" Waterline Replacement	0	0	0	\$318,000	\$318,000
Metfield Lane Waterline Replacement				\$244,000	\$244,000
Total	0	0	0	\$1,213,123	\$1,213,123

Sanitary Sewer Inflow & Infiltration (I&I) Reduction Cost (total) \$189,200

This project involves relining of sewer mains, sealing of manholes and other actions to eliminate the infiltration of clean water entering the sanitary sewer system.

Clean water entering the sanitary sewer system results in increased costs due to the need to have larger pump stations and having pumps run more often than necessary, thereby increasing utility costs. In addition, the increased inflow/infiltration increases treatment costs for treatment by the Little Blue Valley Sewer District (LBVSD). The City has committed to LBVSD to make substantial efforts to reduce inflow and infiltration. The 2004 Sanitary Sewer Master Plan identified areas of significant inflow and infiltration throughout the city. This project will continue the City's longstanding annual program to alleviate inflow and infiltration in identified areas.

Operating Cost: Estimated additional annual savings of \$30,000. This maintains an overall systematic approach to maximize our maintenance dollars, as well as provide a clean safe sanitary system.

Original Town Valve Installation Program Cost (total): \$74,200

The project will insert five additional valves around Original Town in an ongoing effort to limit the number of service disruptions that residents in this part of town experience. Many of the valves in Original Town are broken or buried. Adding additional valves allows for City crews to shut water off to fewer residents during maintenance operations.

Operating Cost: None

Citywide Inflow and Infiltration Monitoring Study Cost (total) \$150,000

This project would install flow monitors in seven locations around Raymore. These meters would be left in for a period of 75 days. Collected data would be evaluated against rainfall data to identify specific areas of inflow and infiltration concern and schedule necessary repairs.

Operating Cost: None

Hydrant Replacement Cost (total) \$221,357

This project involves the replacement of approximately a dozen water hydrants at various locations throughout the city. During routine hydrant flushing and maintenance, these hydrants were found to be in need of replacement.

Operating Cost: None

Sunset Lane 4-inch Waterline Replacement

Cost (total): \$318,000

The project involves installing a new 8-inch waterline and associated infrastructure on Sunset Lane from Buena Vista Drive to Lucy Webb Road. The water lines in this part of town are reaching the end of their useful life and do not meet the minimum standards for waterline size in Raymore.

Operating Cost: None

Metfield Lane Waterline Replacement

Cost (total): \$244,000

This project will replace 700 linear feet of waterline on Metfield Lane that has had four breaks in the last two years due to corrosive soils impacting the ductile iron pipe.

Operating Cost: None

Transfer from Enterprise Fund

General Ledger Code: 54-00-4950-0000	Legal Authority: Municipal Code: n/a State Statute: n/a
--	--

Revenue Description

Fiscal Year 2012 began the practice of transferring from the Enterprise Fund (50) an amount equivalent to 1% of the total value of the water and sewer infrastructure of the City. The fund has built up a sizable balance, therefore the transfer has been reduced until larger maintenance items are needed and allowing the funds to remain in the Enterprise Fund to address more immediate needs in that area.

In 2015 the annual amount was reduced to help offset the cost of service for the Enterprise Fund. In 2019, an annual \$600,000 transfer was established. In 2025, this was updated to \$750,000. In 2027, the transfer from the Enterprise Fund was increased to \$1,000,000. This reflects both increased infrastructure with growth and aging infrastructure in place.

Property Tax Levy Distribution

General Fund	\$ 0.3702
Parks & Recreation	\$ 0.0996
Debt Service Fund	\$ 0.7170
Total Tax Levy	<u>\$ 1.1868</u>

Tax Levy Distribution

Assessed property values are determined by taking the market value, as determined by the County Assessor, times the assessment ratio. Assessment ratios are: commercial at 32%, residential at 19% and agricultural at 12%. Tax is paid on each \$100 of assessed value. Property values are re-assessed biennially by the County Assessor and the County Collector receives and distributes the taxes to the various taxing authorities.

Property Tax Levy - Raymore

FY 2026-2027

Levies	Rate	% of Total
Hospital	0.1113	1.29%
Cass County Road & Bridge	0.1918	2.23%
City	1.1868	13.78%
State	0.0300	0.35%

Section 2. The funds necessary for expenditure in the budget of the City of Raymore for the Fiscal Year beginning November 1, 2026, as summarized in Section 1, are hereby appropriated and set aside for the maintenance and operation of the various departments of the government of the City of Raymore, Missouri, together with the various activities and improvements set forth in said budget.

Section 3. The amount apportioned for each department as shown in the budget shall not be increased except by motion of the City Council duly made and adopted, but the objects of the expense comprising the total appropriation for any department may be increased or decreased at the discretion of the City Manager, providing that said adjustment shall not increase the total appropriation for the department.

Section 4. All portions of the final Fiscal Year 2026-27 budget book document prepared and submitted to the Mayor and City Council for consideration, as amended by the City Council prior to the adoption of this ordinance, are hereby adopted by reference, including all organizational charts, salary range charts, policies and procedures, and are made a part of this ordinance.

Section 5. All revenue of the City of Raymore not appropriated by this Ordinance and any amount appropriated by this Ordinance and not disbursed shall be expended or kept as directed by the City Council.

Section 6. Severability. If any section, subsection, sentence, clause, phrase, or portion of this Ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate,

distinct, and independent provision, and such holding shall not affect the validity of the remaining portions thereof.

DULY READ THE FIRST TIME THIS 12TH DAY OF OCTOBER, 2026.

BE IT REMEMBERED THAT THE ABOVE ORDINANCE WAS APPROVED AND ADOPTED THIS 26TH DAY OF OCTOBER, 2026, BY THE FOLLOWING VOTE:

Councilmember Baker
Councilmember Barber
Councilmember Burke III
Councilmember Circo
Councilmember Holman
Councilmember McDonald
Councilmember Roe

CITY OF RAYMORE'S COMPREHENSIVE PLAN

The City of Raymore's Blueprint 2045 Comprehensive Plan was adopted by the Raymore Planning and Zoning Commission and Raymore City Council in May of 2025.

This plan is the culmination of nearly six years of comprehensive and strategic planning on behalf of City leadership and elected officials, with input from the community. A series of Community Conversations that started in 2015, as well as other means of community feedback, helped shape a 20-year vision for growth.

City staff and leadership developed the plan internally to ensure it reflects the real needs and voices of Raymore residents.

The plan includes new ways to think about Raymore's future and includes specific recommendations for different areas of the city. The Plan acts as a guide for strategic and incremental investments that will help carry Raymore throughout the next wave of growth.

RAYMORE BLUEPRINT 2045 OBJECTIVES

- Guide all policy, development and financial decisions of the City
- Influence the decisions of elected officials and actions of internal departments
- Provide a framework for future detailed area plans, strategic plans or departmental plans
- Identify goals and objectives to measure progress of the plan
- Continually revisit and update the plan to ensure alignment with community priorities

The framework of the plan is centered around 12 broad, actionable goals categorized by pillar that City leadership can focus on over the course of the next 20 years.

RAYMORE BLUEPRINT 2045 PILLARS

- **Values of the Community**
- **Image of the City**
- **Prosperous Economic Growth**
- **Exceptional Customer Service**

Pillar: Exceptional Customer Service

Goal 11: Enhance city services and maintain public facilities to promote a high quality of life.

Goal 12: Maintain high-performing, well-trained City staff members.

RAYMORE BLUEPRINT 2045 GOALS & STRATEGIES

Pillar: Values of the Community

Goal 1: Manage external impressions of the community and position Raymore as a leader in the region.

Goal 2: Provide opportunities for residents and community members to be engaged in the processes of the City.

Goal 3: Ensure public safety through a distinguished, community-oriented Police Department focused on citizen engagement and outreach.

Pillar: Image of the City

Goal 4: Focus development efforts in ways that result in cost-effective, balanced, compatible and connected growth.

Goal 5: Maintain diverse housing choices within strong neighborhoods that connect residents throughout the community.

Goal 6: Maintain and develop an infrastructure network that is well-connected, reliable and meets the needs of the community, now and into the future.

Goal 7: Develop and maintain parks and open spaces that are well-connected to the community and invoke a sense of community pride.

Pillar: Prosperous Economic Growth

Goal 8: Grow the tax base with sustainable, well-paying jobs.

Goal 9: Ensure economic growth is aligned with land use and development goals of the community.

Goal 10: Promote partnership with regional, state and local organizations to support the development of a highly skilled and competitive workforce.

BUDGET GLOSSARY

ACCOUNT NUMBER – A system of numbering or otherwise designating accounts, entries, invoices, vouchers, etc., in such a manner that the symbol used quickly reveals certain required information.

ACCRUAL BASIS ACCOUNTING – A basis of accounting in which revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the accounting period in which they are incurred.

ACFR – Annual Comprehensive Financial Report. The official annual report of a government.

ACTIVITY – Departmental efforts that contribute to the achievement of a specific set of program objectives; this is the smallest unit of the program budget.

ADVANCED REFUNDING – A bond issuance used to pay off another outstanding bond. The new bond will often be issued at a lower rate than the older outstanding bond. A bond issuance in which new bonds are sold at a lower rate than outstanding ones. The proceeds are then invested, and when the older bonds become callable they are paid off with the invested proceeds. Advance refunding is most often used by governments seeking to postpone their debt payments to the future instead of having to pay off a large amount of debt in the present. Municipal bonds are traditionally exempt from federal tax, but if a municipal bond is issued in an advance refunding it is no longer tax exempt. This is because municipal bonds tend to have lower rates, and municipalities could potentially use advance refunding to issue unlimited amounts of debt at low rates and invest in higher rate investments.

ADVERSE OPINION – term used when an auditor reports that the financial statements do not present fairly the financial position, results of operations, or

changes in financial position or are not in conformity with GAAP. The auditor must provide the reasons for the adverse opinion in the audit report.

AD VALOREM – Latin term meaning “value of”. Refers to the tax assessed against real property (land and buildings) and personal property (equipment, vehicles, & furniture).

ALLOT – To divide an appropriation into specific line item amounts that can be encumbered or expended during a budget period.

AMORTIZATION OF DEBT – The annual reduction of principal through the use of serial bonds or term bonds with a sinking fund.

ANNUALIZE – Budget technique whereby expenditures for part of a year are projected forward for a full year for the purpose of preparing an annual budget.

APPRAISED VALUE – An estimate of the property value for the purposes of taxation. The Cass County Assessor establishes appraised values for all taxable property.

APPROPRIATION – An authorization made by the City Council that permits the City to incur obligations and to make expenditures of resources.

APWA – The American Public Works Association exists to develop and support the people, agencies, and organizations that plan, build, maintain, and improve our communities. Working together, APWA and its membership contribute to a higher and sustainable quality of life.

ArcIMS – Arc Internet Map Server

ARRA MONEY – American Recovery and Reinvestment Act Money – Stimulus funding for economic recovery passed February 13, 2009 and implemented during the Obama administration.

ARBITRAGE – The interest rate differential that exists when proceeds from a municipal bond – which is tax-free and carries a lower yield – are invested in taxable securities with a yield that is higher. The 1986 Tax Reform Act made this practice by municipalities illegal solely as a borrowing tactic, except under certain safe-harbor conditions.

ASSESSED VALUE – The value of property for tax levy purposes. The assessed value is set by the Cass County Assessor, who is charged with determining the taxable value of property according to a formula set by the State of Missouri.

ASSESSMENT RATIO – The ratio at which the tax rate is applied to the tax base.

ASSET – Resources held or owned by a government which have on-going value – that is, they benefit more than one accounting period.

AUTHORIZED POSITIONS – The number of employee positions authorized in the budget, some of which may be filled during the course of the budget year.

AVAILABLE (UNDESIGNATED) FUND BALANCES – The funds remaining from prior years activity that are available for appropriation in the current budget year.

BALANCED BUDGET – A budget in which the expenditures incurred during a given period are matched by revenues. A budget is balanced when current expenditures are equal to receipts. The City of Raymore follows city code Section 11.3 The budget shall provide a complete financial plan of all City funds and activities for the ensuing fiscal year and, except as required by law or this Charter, shall be in such form as the City Manager deems desirable or the Council may require. In no event shall the total proposed expenditures exceed the estimated revenues to be received plus any unencumbered cash reserves estimated to be on hand at the beginning of the ensuing fiscal year.

BASE BUDGET – The cost of continuing the existing level of services in the current budget year.

BASIS POINT – A unit that is equal to 1/100th of 1%, and is used to denote the change in a financial instrument. The basis point is commonly used for calculating changes in interest rates, equity indexes and the yield of a fixed-income security. The relationship between percentage changes and basis points can be summarized as follows: 1% change = 100 basis points, and 0.01% = 1 basis point.

BERP – Building and Equipment Replacement Program. A method by which monies are set aside in the budgetary process for the replacement of capital building and equipment replacement.

BOND – A written promise to pay a specified sum of money (the face or principal value of the bond), at a specified date or dates in the future (the maturity date), along with interest at a specified rate.

BOND COUNSEL – A lawyer who writes an opinion on the bond or note as to its tax exempt status and the authenticity of its issuance. In theory their opinion is meant to assure the bond investor, but they are paid by the issuer so it is not clear who their real client is.

BONDED DEBT – That portion of City debt represented by outstanding bonds.

BOND DISCOUNT – The amount below face value at which a bond is issued, generally when the interest rate on the bond is below the prevailing market interest rate, and/or the bond has a long maturity period.

BOND PREMIUM – The amount in excess of face value (maturity value) at which a bond is issued, generally when the interest rate on the bond exceeds the market rate or has a short maturity period.

BOND RATING – The calculation of the probability that a bond issue will go into default, by measuring risk and therefore impacts the interest rate the bond is issued at.

BOND REFINANCING – The payoff of old bonds and the re-issuance of new bonds in order to obtain better interest rates and/or better bond conditions.

BUDGET – A financial plan, for a specified period of operations that matches all planned revenues and expenditures with the services to be provided by the City. It is usually necessary to specify whether

the budget under consideration is preliminary and tentative or whether it has been approved by the appropriating body.

BUDGET ADJUSTMENT – Changes to the current budget on a departmental level that will not change the overall fund budget. These changes do not require council approval

BUDGET AMENDMENT – Changes to the current budget on any level that will change the overall fund budget. These changes require council approval.

BUDGET BASIS – The basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: accrual, cash, or modified accrual.

BUDGET CALENDAR – The schedule of key dates that the City follows in the preparation and adoption of the budget.

BUDGET DOCUMENT – The written instrument used by City to present a comprehensive financial plan of operations to the City Council.

BUDGET MESSAGE – The opening section of the budget presented by the City Administrator, Finance Director or Budget Director, which presents the City Council and the Citizens of Raymore with highlights of the most important aspects of the budget.

BUDGET ORDINANCE – The official enactment by the City Council to approve the budget as presented that authorizes staff to obligate and spend revenues.

BUDGETARY CONTROL – The control or management of the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

CAD – Computer Aided Design

CAPITAL ASSETS – Assets of significant value and having a useful life of several years. Capital Assets are also called fixed assets.

CAPITAL BUDGET – The appropriation of resources for the acquisition and construction of capital assets. It is also a plan of proposed acquisitions and replacements of long-term assets and their financing

and is generally developed using one of several techniques such as the payback method, net present value method or the internal rate of return method.

CAPITAL EXPENDITURE – An outlay charged to a long-term asset account that either adds a fixed asset unit or increases the value of an existing fixed asset.

CAPITAL IMPROVEMENTS – Expenditures related to the acquisition, expansion or rehabilitation of an element of the government's physical plant; also referred to as infrastructure. Note: The City of Raymore generally uses this term to include real property, improvements to real property and infrastructure.

CAPITAL IMPROVEMENTS PROGRAM – A plan for capital improvements to be incurred each year over a set number of years to meet long term capital needs of the government.

CAPITAL OUTLAY – Expenditures for the acquisition of capital assets which have a value of more than \$5,000 and have a useful economic life of more than one year. (see CAPITAL EXPENDITURE) Note: The City of Raymore generally uses this term to include tangible personal property such as vehicles and equipment.

CAPITAL PROJECTS FUND – A fund created to account for the financial resources to be used for the acquisition or construction of major capital facilities or equipment.

CASH BASIS ACCOUNTING – The method of accounting under which revenues are recorded when received and expenditures are recorded when paid.

CCA – Certified Court Administrator

CERTIFICATE OF DEPOSIT (CD) – A negotiable or nonnegotiable receipt for moneys deposited in a bank or other financial institution for a specified period at a specified rate of interest.

CERTIFICATE OF PARTICIPATION (COPs) – A certificate showing participation through ownership of a "share" of lease payments or lease-purchase agreement. Usually made between a municipality and an equipment vendor. While these certificates are similar to bonds, they are secured solely by the lease or rental revenues accruing to the municipality/agency issuing the certificates have maturities and are paid

in a manner parallel to the process involved in the execution and administration of bonds.

CEU – Continuing Education Unit

CFE – Certified Fraud Examiner

CHARGES FOR SERVICES – Revenue derived by charging a fee only to the specific user of the service.

CID (Community Improvement District) – A Community Improvement District may be either a political subdivision or a not-for-profit corporation. CIDs are organized for the purpose of financing a wide range of public-use facilities and establishing and managing policies and public services relative to the needs of the district.

CITY COUNCIL – The governing body elected by the citizens of a municipality to provide policy direction for the operations of the city. Currently, for the City of Raymore, this consists of a Mayor who is elected at large and 8 Council Members who are elected from four wards, with two Council Members representing each ward.

COMMODITIES – Expendable items that are consumable or have a short life span. Examples include office supplies, gasoline and asphalt.

COMPETITIVE BID – The use of a sealed bid process where the bid contains the price and terms offered by the vendor for the good or service sought by the purchaser who awards the bid based on the best qualifications, price and terms.

CONSTANT (OR REAL) DOLLARS – The presentation of dollar amounts adjusted for inflation to reflect the real purchasing power of money as compared to a certain point of time in the past.

CONSUMER PRICE INDEX (CPI) – A statistical description of price levels provided by the U.S.

Department of Labor. This index is used as a measure of the increase in the cost of living (economic inflation).

CONTINGENCY RESERVE – A budgetary reserve set-aside for emergencies or unforeseen expenditures not included in the budget.

CONTRACTUAL SERVICES – Contractual services are professional fees for legal counsel, advertising, auditing, testing, service and equipment rentals, education, training and travel expenses.

COVENANT – A legally binding commitment by the issuer of municipal bonds to the bondholder. An impairment of a covenant can lead to a Technical Default. With respect to municipal bonds, covenants are generally stated in the bond contract.

CPA – Certified Public Accountant

CPE – Continuing Professional Education

CSR – Code of State Regulations. The regulations derived from state statute used to operate the various departments and offices of state government. The State's policy and procedures manual.

CURRENT TAXES – Taxes levied and due within a one-year period, in relation to real and personal property taxes.

DARE – Drug Abuse Resistance Education

DEBT RATIO – The ratio of the issuer's general obligation debt to a measure of value, such as real property valuations, personal income, general fund resources, or population.

DEBT SERVICE – Required payments for principal and interest.

DEBT SERVICE FUND – A fund established to account for the accumulation of resources for, and the payment of long term debt principal and interest.

DEBT SERVICE RESERVE FUND – A bank trustee account established by the trust indenture and used as a backup security for an issuer's bonds. It usually amounts to one year's debt service, and can be drawn

on by the Trustee in the event of an impairment of the Trust indenture.

DEDICATED TAX – Taxes that are levied to support a specific government program or purpose. For example, a 1% sales tax for park maintenance can only be used to cover the expenses to maintain an entity's parks.

DEFEASANCE – Termination of the rights and interests of the bondholders and of their lien on the pledged revenues in accordance with the terms of the bond contract for the prior issue of bonds. Defeasance usually occurs in connection with the refunding of an outstanding issue before the final payment, or provision for future payment, of principal and interest on a prior issue.

DELINQUENT TAXES – Taxes that remain unpaid after the due date and which have penalty and interest attached. In Missouri, tax statements are mailed in November and are due by December 31.

DEMAND DEPOSIT – Accounts with financial institutions or cash management pools where cash may be deposited or withdrawn at any time without prior notice or penalty.

DEPARTMENT – A major administrative organization unit of the City that includes management responsibility for one or more operating divisions.

DEPRECIATION – The process of recognizing the physical deterioration of assets over a period of time. All assets are assigned an estimated life when purchased and a portion of the purchase price is charged off each year in recognition of wear and tear. Depreciation is recorded only in enterprise funds for the purpose of calculating net income for such funds.

DEVELOPMENT FEES – Those fees generated by building, development and growth in a community. Included are building permits, site plan review fees, zoning, planning, and subdivision fees.

DISCOUNT – The amount of dollars by which market value of a bond is less than par value or face value.

DISCOUNT BONDS – Bonds which sell at a dollar price below par in which case the yield would exceed

the coupon rate. The difference between the discount price and the maturity price is subject to federal capital gains tax except in the case of Original Issue Discount Bonds, which are tax exempt.

DISCOUNT NOTE – Non-interest-bearing note sold at a discount and maturing at par. A U.S. Treasury Bill is a discount note.

DISBURSEMENT – The expenditures of money from an account.

DIVISION – An organization unit of the City that indicates management responsibility for a specific activity.

DOR – Department of Revenue. The department responsible for the collection, audit and distribution of taxes, titling and registering motor vehicles and licensing drivers.

DRC – Development Review Committee

EATS – Economic Activity Taxes. The increase in economic activity taxes or sales taxes generated by the redeveloped within a TIF area. The difference between the original sales tax revenues of the area and the new sales tax revenues after redevelopment is EATS and is proportionately used to pay on the TIF Bonds used for the redevelopment of the area. Generally, in the State of Missouri, 50% of the difference is designated for repayment.

EMPLOYEE (OR FRINGE) BENEFITS – Contributions made by a government to meet commitments or obligations for employee benefits. Included is the government's share of Social Security and various pension, life, and medical plans.

ENCUMBRANCE – The commitment of funds to purchase an item or service. To encumber funds means to set aside funds to pay future cash expenditures.

ENTERPRISE FUND ACCOUNTING – Accounting used for government operations that are financed and operated in a manner similar to business enterprises and for which preparation of an income statement is desirable.

ESCROW FUND – A fund that contains monies that only can be used to pay debt service.

EXPENDITURES – A decrease in the net financial resources of the City due to the acquisition of goods or services.

EXPENSE – Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest and other charges.

FASB – Financial Accounting Standards Board. A nongovernmental body with the authority to promulgate Generally Accepted Accounting Principles (GAAP) and reporting practices. These are published in the form of FASB Statements. Practicing CPAs are required to follow the FASB pronouncements in the accounting and financial reporting functions. The FASB is independent of other companies and professional organizations.

FEASIBILITY STUDY – A report of the financial practicality of a proposed project and financing thereof, which may include estimates of revenues that will be generated and a revenue of the physical operating, economic or engineering aspects of the proposed project.

FEDERAL HOME LOAN MORTGAGE CORPORATION (FHLMC) – publicly chartered agency that buys qualifying residential mortgages from lenders, packages them into new securities backed by those pooled mortgages, provides certain guarantees, and then resells the securities on the open market. The corporation's stock is owned by savings institutions across the U.S. and is held in trust by the Federal Home Loan Bank System. Nicknamed Freddie Mac, it has created an enormous secondary market, which provides more funds for mortgage lending and allows investors to buy high yielding securities backed by federal guarantees.

FEDERAL NATIONAL MORTGAGE ASSOCIATION (FNMA) – publicly owned, government-sponsored corporation chartered in 1938 to purchase mortgages from lenders and resell them to investors. Nicknamed Fannie Mae, the corporation mostly packages mortgages backed by the Federal Housing Administration, but also sells some non-governmentally backed mortgages. These blocks are bought and sold by investors.

FEMA – Federal Emergency Management Agency

FIDUCIARY FUNDS – Funds used to report assets held in a trustee or agency capacity for others and which therefore cannot be used to support the government's own programs. The fiduciary fund category includes pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds and agency funds. [SGAS 34]

FINANCIAL ADVISOR – A professional advisor offering financial counsel. The advisor can either earn commissions on the products they sell or they charge fees for their services and sell no products. Generally a bank, investment-banking company or independent consulting firm that advises the issuer on all financial matters pertaining to a proposed issue and is not part of the underwriting syndicate.

FINANCIAL ACCOUNTING FOUNDATION (FAF) – The institution that funds the FASB and appoints its members. Founded in 1972, the FAF is composed of nine trustees chosen by the board of directors of the American Institute of Certified Public Accountants (AICPA).

FISCAL AGENT – Also known as the Paying Agent, the bank, designated by the issuer, to pay interest and principal to the bondholder.

FINES & FORFEITURES – Revenues generated from fines and penalties levied for commission of statutory offenses and violations of City Ordinances.

FISCAL POLICY – A government's policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investments. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

FISCAL YEAR – A 12-month period to which the annual operating budget applies. The City of Raymore operates on a fiscal calendar year basis of November 1 through October 31.

FRANCHISE FEE – A fee paid by public service utilities for use of public right-of-way to deliver their services. The City currently has franchise agreements in place for Electric, Natural Gas, Telephone, and Cable services.

FULL FAITH AND CREDIT – A pledge of a government's taxing power to repay debt obligations.

The pledge of "the full faith and credit and taxing power without limitation as to rate or amount." A phrase used primarily in conjunction with General Obligation bonds to convey the pledge of utilizing all taxing powers and resources, if necessary, to pay the bondholders.

FULL-TIME EQUIVALENT POSITION (FTE) - A way to measure an employee's productivity or involvement in an activity or project. It is generally calculated as how a part-time position in an activity or project is converted to the decimal equivalent of a full-time position based on 2,080 hours of work per year. For example, a part-time clerk working 20 hours per week would be the equivalent to .5 of a full time position.

FUND - An accounting entity with a self-balancing set of accounts that record financial transactions for specific activities or government functions.

FUND BALANCES - The excess of assets over liabilities and reserves.

GAAP - Generally accepted accounting principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles. In the audit report, the CPA must indicate that the client has followed GAAP on a consistent basis.

GAAS - Generally Accepted Auditing Standards. Rules and guidelines promulgated by the AICPA's Auditing Standards Board which are followed by CPAs in the preparation and performances of financial statement audits. A CPA who does not conduct an examination in accordance with GAAS can be held in violation of the AICPA's Code of Professional Ethics and face legal action by affected parties.

GAO - General Accounting Office. An agency established to assist Congress in its oversight of the executive branch and to serve as the independent legislative auditor of the federal government.

GASB - Government Accounting Standards Board. The organization that formulates accounting standards for governmental units.

GASB 34 - The comprehensive changes in state and local government financial reporting issued by

GASB in June, 1999. It required significant changes in an entity's reporting of Financial Statements and in Management's Discussion and Analysis for State and Local Governments. It requires that governmental entities present 1) government wide financial statements that are based on the accrual accounting basis and the flow of all economic resources and 2) governmental funds financial statements continue to be presented based on the modified accrual accounting basis and the flow of current financial resources.

GENERAL FUND - The fund used to account for all financial resources of the City except those required to be accounted for in a separate fund.

GENERAL OBLIGATION BOND - Municipal bonds backed by the full faith and credit (which includes the taxing and further borrowing power) of a municipality. It is repaid with the general revenue of the municipality, such as property taxes and sales taxes.

GFOA - Government Finance Officers Association. Professional organization of governmental financial personnel and associated interested individuals that provide assistance, training and guidance to governments in the areas of accounting, audit, cash management, internal controls, debt management and general finance.

GIS - Geographic Information Systems. A technology that is used to view and analyze data from a geographic perspective and is considered a piece of an organization's overall information system framework. GIS links location to information (such as people to addresses, buildings to parcels, or streets within a network) and layers that information to give you a better understanding of how it all interrelates.

GOVERNMENT ACCOUNTING STANDARDS BOARD (GASB) - the organization the formulates accounting standards for governmental units. It is under the auspices of the Financial Accounting Foundation.

GOVERNMENTAL FUNDS - Funds generally used to account for tax-supported activities. There are five different types of governmental funds: the general fund, special revenue fund, debt service fund, capital projects funds, and permanent funds.

GPS – The Global Positioning System (GPS) is a satellite-based navigation system made up of a network of at least 24 satellites operated and maintained by the U.S. Space Force.

GRANT – A contribution by a government or other organization to support a specific function or operation.

HVAC – (Heating, Ventilation, and Air Conditioning) refers to technology of indoor or automotive environmental comfort. HVAC system design is a major subdiscipline of mechanical engineering, based on the principles of thermodynamics, fluid mechanics, and heat transfer.

INDUSTRIAL DEVELOPMENT BONDS – (IDBs) also called Industrial Revenue Bonds (IRBs). Used to finance facilities for private enterprises, water and air pollution control, ports, airports, resource-recovery plants, and housing, among others. The bonds are backed by the credit of the private corporation borrower rather than by the credit of the issuer. Also known as Conduit Bonds. Private purpose bonds are limited by federal law to \$50 times the state's population on an annual basis.

INTERFUND TRANSFERS – Transfer of resources between two funds of the same governmental unit.

INTEREST EARNINGS – Revenue derived from the investment of cash on hand during the year in securities as specified by the City investment policy.

INTERGOVERNMENTAL REVENUE – Revenue received from Federal, State or local government bodies. Includes payment from other taxing authorities such as a School District.

INTERNAL CONTROL – an integral component of an organization's management that provides reasonable assurance that the following objectives are being

achieved: 1) effectiveness and efficiency of operations; 2) reliability of financial reporting and 3) compliance with the applicable laws and regulations.

ITS – Information Technology Services

LAPSING APPROPRIATION – An appropriation that expires after a set period of time, generally for the term of the budget year. At the end of the specified period, any unencumbered or unexpended balance lapses.

LEGAL OPINION – A written opinion from bond counsel that an issue of bonds was duly authorized and issued. The opinion usually includes the statement, "interest received thereon is exempt from federal taxes and, in certain circumstances, from state and local taxes."

LETTER OF CREDIT – A form of supplement or, in some cases, direct security for a municipal bond under which a commercial bank or private corporation guarantees payment on the bond under certain specified conditions.

LEVEL DEBT SERVICE – Principal and interest payments that, together, represent more or less equal annual payments over the life of the loan. Principal may be serial maturities or sinking fund installments.

LEVY – The imposition or collection of an assessment of a specified amount for the support of government activities. The Levy amount for the City of Raymore is \$0.4158 for the General Fund, \$0.1119 for the Park Fund and \$0.7170 for the Debt Service Fund.

LICENSES, PERMITS, & FEES – Revenues collected by the City from individuals or business concerns for rights or privileges granted by the City.

LINE ITEM BUDGET – Budget that is prepared on the basis of individual accounts of what is to be spent such as office supplies, paper supplies or equipment maintenance.

LONG TERM DEBT – Debt that is repaid over a period of time longer than one year.

MAINTENANCE – All materials or contract expenditures used for repair and upkeep of City buildings, equipment, systems or land.

MACA – Missouri Association of Court Administrators

MARC – Mid-America Regional Council. Serves as the association of city and county governments and the metropolitan planning organization for the bi-state Kansas City region.

MARCIT – Mid-America Regional Council Insurance Trust. Provides insurance and loss prevention services to members of MARC.

MATERIALS & SUPPLIES – Expendable operating supplies necessary to conduct daily departmental activity.

MERP– (MIS Equipment Replacement Program) A planning tool used to set aside funds to maintain and replace machinery and information system equipment.

MODIFIED ACCRUAL ACCOUNTING – A basis of accounting in which revenues are recognized in the period in which they become both available and measurable. Expenditures are recognized in the period in which a liability is incurred.

MUNICIPAL BOND – Bonds issued by any of the 50 states, the territories and their subdivisions, counties, cities, towns, villages and school districts, agencies, such as authorities and special districts created by the states, and certain federally sponsored agencies such as local housing authorities. Historically, the interest paid on these bonds has been exempt from federal income taxes and is generally exempt from state and local taxes in the state of issuance. There are approximately \$1.3 trillion municipal bonds outstanding and they generate about \$50 billion tax-free interest income each year.

MUTCD – The Manual on Uniform Traffic Control Devices, or MUTCD defines the standards used by road managers nationwide to install and maintain traffic control devices on all public streets, highways, bikeways, and private roads open to public traffic. The MUTCD is published by the Federal Highway Administration (FHWA) under 23 Code of Federal Regulations (CFR), Part 655, Subpart F.

NACM – National Association of Court Management

NPDES – National Pollutant Discharge Elimination System. Part of the EPA (Environmental Protection

Agency) Act that requires state and federal permitting and oversight of the City's storm sewer system.

NET ASSET VALUE (NAV) – The market value of all the bonds in a mutual fund portfolio divided by all the outstanding shares.

NET BONDED DEBT – Gross general obligation debt less self-supporting general obligation debt, housing bonds, water revenue bonds, etc.

NET INTEREST COST (NIC) – Generally speaking, issuers award competitive bond sales to the underwriter bidding the lowest NIC. It represents the average coupon rate weighted to reflect the time until repayment of principal and adjusted for the premium or discount.

NET REVENUE AVAILABLE FOR DEBT SERVICE

– Usually, gross operating revenues of an enterprise less operating and maintenance expenses but exclusive of depreciation and bond principal and interest. Net revenue as thus defined is used to determine coverage on revenue bond issues.

NID – Neighborhood Improvement District. An NID may be created in an area desiring certain public-use improvements that are paid for by special tax assessments to property owners in the area in which the improvements are made. The kinds of projects that can be financed through an NID must be for facilities used by the public and must confer a benefit on property within the NID.

OFFICIAL STATEMENT (OS) – A document (prospectus) circulated for an issuer prior to a bond sale with salient facts regarding the proposed financing. There are two OSs, the first known as the preliminary, or "red herring" – so named not because it smells but because some of the type on its cover is printed in red – and it is supposed to be available to the investor before the sale. The final OS must be sent to the purchaser before delivery of the bonds.

OPERATING BUDGET – That portion of the annual budget that provides a financial plan for the daily operations of government. Excluded from the operating budget are capital project expenditures that are accounted for in the Capital Projects Budget portion of the annual budget.

OPERATING EXPENSES – The cost for personnel, materials and equipment required for a department to function.

OPERATING TRANSFER – A transfer of resources from one fund to another.

ORDINANCE – A formal legislative enactment by the governing body of a municipality. An ordinance has full force and effect of law within the boundaries of the municipality. All revenue raising measures such as the imposition of taxes, special assessments or service charges require an ordinance.

ORIGINAL ISSUE DISCOUNT – Some maturities of a new bond issue that have an offering price substantially below par; the appreciation from the original price to par over the life of the bonds is treated as tax-exempt income and is not subject to capital gains tax. See also Zero Coupon Bond.

PAR VALUE – The face value or principal amount of a bond, usually \$5,000 due the holder at maturity. It has no relation to the market value. For pricing purposes it is considered 100.

PARITY BONDS – Revenue bonds that have an equal lien on the revenues of the issuer.

PAYING AGENT – Also Fiscal Agent. Generally a bank that performs the function of paying interest and principal for the issuing body.

PREMIUM – The amount, if any, by which the price exceeds the principal amount (par value) of a bond. Its current yield will be less than its coupon rate.

PRICE TO CALL – The yield of a bond priced to the first call date rather than maturity.

PRIMARY MARKET – The new issue market. Generally has the best yield rates for the issues available.

PRINCIPAL – The face value of a bond, exclusive of interest.

PROPRIETARY FUNDS – Funds that focus on the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. There are two different types of proprietary

funds: enterprise funds and internal service funds.

PUT BOND – A bond that can be redeemed on a date or dates prior to the stated maturity date by the bondholder. Also known as an option tender bond.

PAY-AS-YOU-GO BASIS – A financial policy whereby capital outlays are funded from currently available resources rather than from debt.

PERSONAL SERVICES – The costs associated with compensating employees for their labor, including salaries and fringe benefits.

PERFORMANCE MEASUREMENT – The quantification of an entity's efficiency or effectiveness in conducting operations for the period in review. Measurement criteria can be qualitative or quantitative in nature.

PILOTS – Payments in Lieu of Taxes or the incremental property taxes generated by the redevelopment of an area under a TIF program. The difference between the original property tax of the area and the new property tax after redevelopment is PILOTS and is used to pay on the TIF Bonds used for the redevelopment of the area.

PRIOR YEAR ENCUMBRANCES – Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriations is reserved. They cease to be encumbrances when the obligations are paid or are otherwise terminated.

PROGRAM – An organized set of activities directed toward a common purpose or goal that an entity undertakes or proposes, to carry out its responsibilities. It can be an activity or set of activities that provides a particular service to the citizens.

PROGRAM BUDGET – A method of budgeting that allocates money to the functions or activities of a government rather than to specific line items of cost.

PROGRAM MEASUREMENTS – Specific quantitative measures of work performed within a program. Measures quantity the efficiency and effectiveness of a given program.

PROPERTY TAXES – Revenues derived from the levying

of taxes on real and personal property located within the City limits. Property taxes are levied according to the property's assessed value.

PROPERTY TAX RATE - The amount per \$100 of value that will be levied against all property within the City limits. The tax rate must be adopted by the City Council annually and consists of the General Operating Rate, the Parks Fund Rate and the Debt Service Rate. The City's maximum tax rate for general operations is \$ 1.15 per hundred dollar of value. Any rate above this requires a vote of the Citizens of Raymore. This rate was set in 1985 as part of the statewide reassessment program.

PUBLIC HEARING - That portion of City Council meetings where the citizens may present evidence and provide information on both sides of an issue.

QUALIFIED LEGAL OPINION - Conditional affirmation of the legal basis for the bond or note issue. The average investor should avoid any but the strongest opinion by the most recognized bond approving attorneys.

RATINGS - Various alphabetical and numerical designations used by institutional investors, Wall Street underwriters, and commercial rating companies to give relative indications of bond and note creditworthiness. Standard & Poor's and Fitch Investors Service Inc. use the same system, starting with their highest rating of AAA, AA, A, BBB, BB, B, CCC, CC, C, and D for default. Moody's Investors Services uses Aaa, Aa, A, Baa, Ba, B, Caa, Ca, C, and D . Each of the services use + or - or +1 to indicate half steps in between. The top four grades are considered Investment Grade Ratings.

REDEVELOPMENT AGENCY (Redev.) - A legislatively established subdivision of government established to revitalize blighted and economically depressed areas of a community and to promote economic growth. Tax Allocation Bonds are issued to pay the cost of land and building acquisition and their redevelopment and are repaid by the incremental increase in tax revenues produced by the increased assessed value of the area after redevelopment. Redev. Agencies may also sell Housing Mortgage Revenue Bonds to finance housing units within the area, a fixed percentage of which must be for low-cost housing.

REFUNDING BOND - The issuance of a new bond for

the purpose of retiring an already outstanding bond issue.

REGISTERED BOND - A non-negotiable instrument in the name of the holder either registered as to principal or as to principal and interest.

REPO - A financial transaction in which one party "purchases" securities (primarily U.S. Government bonds) for cash and simultaneously the other party agrees to "buy" them back at some future time according to specified terms. Municipal bond and note issuers have used repos to manage cash on a short term basis. (Known formally as repurchase agreements.)

RESERVE - An account used to indicate that a portion of a fund balance is restricted to a specific purpose.

RESOLUTION - Official action of the City Council directing a specific action be taken. Resolutions are less formal than an Ordinance and have less weight of law.

RESOURCES - Total amounts available for appropriations including estimated revenues, fund transfers and beginning fund balances.

REVENUE - Funds received by a government as a part of daily operations.

REVENUE BONDS - Bonds issued to finance public works projects, such as water and sewage systems that are paid from the revenues of the projects. These bonds do not have the full faith and credit of the municipality. A municipal bond whose debt service is payable solely from the revenues derived from operating the facilities acquired or constructed with the proceeds of the bonds.

RFB - Request for Bid

RFP - Request for Proposal

RFQ - Request for Qualifications

ROW - Right of Way. The permitted right to pass over or through land owned by another. Generally, the strip of land in which facilities such as highways, railroads, utilities or other infrastructure are installed

and maintained.

RSMO – Revised Statutes of the State of Missouri

SALES TAX – A tax placed on the value of goods sold within the City limits. The rate is set by a majority of the voters within the City. The tax is collected by the State of Missouri and remitted to the City each month.

SERIAL BOND – A bond of an issue that features maturities every year, annually or semiannually over a period of years, as opposed to a Term Bond, which is a large block of bonds maturing in a single year.

SECONDARY MARKET – The trading market for outstanding bonds and notes. This is an O.T.C. market, a free form negotiated method of buying and selling, usually conducted by telephone or computer. Traders buy and sell for their own inventory. As many as \$2 billion of issues trade each day.

SINKING FUND – Money accumulated on a regular basis in a separate custodial account that is used to redeem debt securities.

SINKING FUND SCHEDULE – A schedule of payments required under the original revenue bond resolutions to be placed each year into a special fund, called the sinking fund, and to be used for retiring a specified portion of a term bond issue prior to maturity.

SPECIAL ASSESSMENT BOND – A bond secured by a compulsory levy of special assessments, as opposed to property taxes, made by a local unit of government on certain properties to defray the cost of local improvements and/or services that represents the specific benefit to the property owner derived from the improvement.

SOURCE OF REVENUE – Classification system whereby revenues are recorded according to the

source they came from – that is, taxes, permits, interest or other.

SRF FUND – The Missouri SRF leveraged loan program is a revolving fund established pursuant to the federal Clean Water Act of 1987. It was developed by the Environmental Improvement and Energy Resources Authority and the Missouri Department of Natural Resources in cooperation with the Missouri Clean Water Commission, and provides subsidized low interest rate loans to qualifying applicants to issue General Obligation and/or Revenue Bonds to secure the debt used to acquire, by purchase or construction, the needed infrastructure.

SUPPLEMENTAL APPROPRIATION – An appropriation of resources made by the City Council after the budget has been formally adopted.

SWAP – The exchange of one bond for another. Generally, the act of selling a bond to establish an income tax loss and replacing the bond with a new item of comparable value.

TAX ANTICIPATION NOTE (TAN) – A short-term obligation of a state or municipal government to finance current expenditures pending receipt of expected tax payments. TAN debt evens out the cash flow and is retired once tax revenues are received.

TAXES – Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of all the people.

TAX BASE – The total value of all real and personal property within the City limits as of January 1 of each year. The assessed value of assets, investment or income streams that are subject to taxation.

TAX-EXEMPT BOND – Bonds exempt from federal income, state income, or state tax and local personal property taxes. This tax exemption results from the theory of reciprocal immunity: States do not tax instruments of the federal government and the federal government does not tax interest of securities of state and local governments.

T.I.F. (TAX INCREMENT FINANCING) – An economic tool used to finance real estate development costs within a specific area of the City. Additional property taxes generated by development within the T.I.F. area are used to finance the cost of real estate and infrastructure improvements.

TELECOMMUNICATIONS FRANCHISE TAX – A tax levied on telecommunications companies for the privilege of operating within the city limits. This tax is similar to a business license in purpose, but is calculated on the specified gross receipts of the company's activities.

TERM BOND – A large block of bonds of long maturity. They may be part of a serial Bond issue; there may be more than one term bond in an issue or a single maturity. Some are subject to a sinking fund redemption.

TDD (Transportation Development District) – A Transportation Development District may be created to act as the entity responsible for developing, improving, maintaining, or operating one or more "projects" relative to the transportation needs of the area in which the District is located. A TDD may be created by request petition filed in the circuit court of any county partially or totally within the proposed district. There are specific rules that provide filing procedures and content requirements of TDD creating petitions.

TRUSTEE – A bank designated as the custodian of funds and official representative of bondholders. Trustees are appointed to insure compliance with the trust indenture and represents bondholders to enforce their contract with the issuer.

UNDERLYING DEBT – The general obligation bonds of smaller units of local government within a given issuer's jurisdiction.

UNDERWRITER – An agreement to purchase an issuer's unsold securities at a set price, thereby guaranteeing the issuer proceeds and a fixed borrowing cost.

UNRESERVED FUND BALANCES – That portion of a fund's balance that is not restricted to be used for a specific purpose and that is available for appropriation.

UNQUALIFIED OPINION – term used when in the auditor's judgment, that they have no reservation as to the fairness of presentation of financial statements and their conformity with GAAP.

USER FEES – The payment of a charge or fee for direct receipt of a service by the party benefiting from the service.

UTILITIES – Utilities expenditures are those incurred for gas, electric, phone, water and sewer.

VARIABLE RATE BOND – A bond whose yield is not fixed but is adjusted periodically according to a prescribed formula.

VERP – Vehicle and Equipment Replacement Program. A method by which monies are set aside in the budgetary process for the replacement of capital equipment.

YELLOW BOOK – Publication issued by the United States General Accounting Office (GAO) on governmental auditing standards. It is revised periodically to ensure current GAAP, GASB, GAAS, FASB and SAS pronouncements and standards are included.

YIELD-TO-MATURITY (YTM) – Return available taking into account the interest rate, length of time to maturity, and price paid. It is assumed that the coupon reinvestment rate for the life of the bonds will be the same as the yield-to-maturity.

ZERO-COUPON BONDS – A deep discount municipal bond on which no current interest is paid. Instead, at bond maturity, the investor receives compounded interest at a specified rate. The difference between the discount price at purchase and the accreted value at maturity is not taxed as a capital gain but is considered tax-exempt interest. Widely used for college savings bonds.
